INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Kroeschell, Inc. Amended and Restated Employee Stock Ownership Plan
Arlington Heights, Illinois

We have audited the accompanying statements of net assets available for benefits of Kroeschell, Inc. Amended and Restated Employee Stock Ownership Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Kroeschell, Inc. Amended and Restated Employee Stock Ownership Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held at end of year are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE A - PLAN DESCRIPTION AND BASIS OF PRESENTATION

The following brief description of the Kroeschell, Inc. Amended and Restated Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for complete information.

Kroeschell, Inc. (Company) established the Kroeschell, Inc. Employee Stock Ownership Plan (Plan) effective January 1, 1989, which has been amended several times since adoption. The Company amended and restated the Plan to incorporate all prior amendments to the prior Plan and to comply with the Internal Revenue code of 1986, as amended through and including the Worker, Retiree, and Employer Recovery Act of 2008. Therefore, the Company adopted the Kroeschell, Inc. Amended and Restated Employee Stock Ownership Plan effective January 1, 2010. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975 and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the Board of Trustees consisting of one or more individuals appointed by the Kroeschell, Inc. Board of Directors.

The Plan purchases Company common shares using the proceeds of borrowings from the Company, and holds the stock in a trust established under the Plan. The borrowings are repaid over a period of years by fully deductible Company contributions to the trust fund. As the Plan makes each payment of principal, an appropriate percentage of stock is allocated to eligible employees' accounts in accordance with applicable regulations under the Code. Allocated shares vest in accordance with the vesting schedule provided for in the plan document. There are no borrowings as of December 31, 2010.

The borrowings are collateralized by the unallocated shares of stock. The lender has no rights against shares once they are allocated under the ESOP. Accordingly, the financial statements of the Plan for the years 2010 and 2009 present separately the assets and liabilities and changes therein pertaining to:

(a) the accounts of employees with vested rights in allocated stock (Allocated)

and

(b) stock not yet allocated to employees (Unallocated).

Eligibility

Non-union employees of the Company and its participating subsidiaries who were employed prior to June 1, 2003 are generally eligible to participate in the Plan on the day the employee completes 1,000 hours of service. Employees starting after May 31, 2003 must complete twelve consecutive months with at least 1,000 hours of service to be eligible to participate. Participants who do not have at least 1,000 hours of service during a plan year or are not employed on the last working day of the plan year are not eligible for an allocation of Company contributions and forfeitures for such year.

Payment of Benefits

Distributions from the Plan will be made when a participant retires, dies, or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash or in the form of Company common shares, subject to the requirements of the Company's put option as described in the notes below. During 2010 and 2009, the Company repurchased from participants 7,673.7881 and 9,924.1767 shares respectively at prices determined by independent appraisers.

NOTE A - PLAN DESCRIPTION AND BASIS OF PRESENTATION - (continued)

Voting Rights

Each participant is entitled to direct the voting rights attributed to the shares allocated to his or her account with respect to any vote required for the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution or sale of substantially all assets of a trade or business. The Trustees of the Plan exercise voting rights attributable to all unallocated Company stock. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Board of Trustees shall pay all liabilities and expenses of the trust fund and sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay any loan amounts outstanding at the time.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, or qualified military service he or she will vest in the balance in his or her account based on total years of service with the Company. Participants vest as follows:

Years of Service	Percentage of Account that is Vested
Less than two years	0%
Two years, but less than three years	20%
Three years, but less than four years	40%
Four years, but less than five years	60%
Five years, but less than six years	80%
Six years or more	100%

NOTE A - PLAN DESCRIPTION AND BASIS OF PRESENTATION - (continued)

Put Option

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase over a period of ten years, commencing five years after the calendar year end of the participant's termination of employment. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant my diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Participant Accounts and Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2010 and 2009 totaled 2.8068 and -0- shares, respectively. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Company are valued at estimated fair value on December 31, 2010 and 2009. Fair value is determined by an annual independent appraisal. Because of the inherent uncertainty of valuation, the estimated values, as determined by the independent appraisals, may differ significantly from the values that would have been used had a ready market for the securities existed, and the difference could be material.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (continued)

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Subsequent Events

The Plan has evaluated subsequent events through August 24, 2011, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value.

	Fair Value	Significant Unobservable Inputs [Level 3]
December 31, 2010		
Sponsor company common stock	$ 3,059,979	$ 3,059,979
December 31, 2009		
Sponsor company common stock	$ 2,978,698	$ 2,978,698

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The Plan uses Level 3 inputs because level 1 or level 2 inputs were not available.

Level 3 Fair Value Measurements
Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The fair value of the sponsor company common stock held by the Plan is valued at fair value based upon an annual independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical net income, return on assets, return on equity, market comparables and estimated fair value of company assets and liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C - FAIR VALUE MEASUREMENTS - (continued)

The following table provides further details of this Level 3 fair value measurement.

Sponsor Company Common Stock

December 31, 2010	
Beginning balance	$ 2,978,698

Unrealized gains/(losses)relating to assets still held at the reporting date	233,999
Distributions	(256,305)
Ending Balance	$ 3,059,979
Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments still held at the reporting date	$ 233,999
December 31, 2009	
Beginning balance	$ 2,948,781

Ending balance	$ 2,978,698
Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments still held at the reporting date	$ 225,443

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2010 and 2009, are reported in net appreciation (depreciation) in fair value of investments.

NOTE D - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated May 10, 2005, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Code. The Plan has been amended and restated since receiving this determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and have applied for a favorable determination letter for the Plan as amended and restated. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. As of the date of this report, the Plan has not received a determination letter from the Internal Revenue Service.

NOTE E - ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Kroeschell, Inc. Common shares are held by the Plan.

The Company acquires common stock from terminated participants. The Plan records their transactions as distributions.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses are paid directly by the Company.

NOTE F - INVESTMENTS
