REPORT OF INDEPENDENT AUDITORS

Audit Committee
The Continental National Bank of Miami 401(k) Plan
Miami, Florida

We were engaged to audit the financial statements and supplemental schedule of The Continental National Bank of Miami 401(k) Plan as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying contents page. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the custodians as of December 31, 2010 and 2009 and for the year ended December 31, 2010 that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Continental National Bank of Miami 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan is established by the plan sponsor, The Continental National Bank of Miami ("Bank"). The Plan is a defined contribution plan, which covers all employees who have completed six (6) months of service and attained the age of 21. The contributory portion of the Plan is based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Elective deferrals by participants are based on a percentage of their compensation as defined in the Plan agreement, which are subject to certain limitations. Employees also may rollover account balances from other plans into their account. The Bank may contribute to each participant's account a matching contribution, which is a percentage of the participant's elective contribution for the year. For 2010, the Bank made matching contributions equal to 50% of the first 6% of the compensation deferred by each participant subject to certain limitations as specified in the Plan agreement.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Bank's matching contributions, (b) Plan earnings and (c) forfeitures of employer matching contributions, and is charged with his or her withdrawals and an allocation of administration expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the aggregate of the participants' deferrals, rollovers and vested employer contributions. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer contributions plus earnings is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	25
3 but less than 4	50
4 but less than 5	75
5 or more	100

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service due to death, disability, retirement, or termination, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump-sum distribution or in installment payments.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

Forfeitures: Forfeitures resulting from the termination of nonvested employees are reallocated on the last day of the Plan year to active participants and who have at least 1,000 hours of service during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Participant Loans: In September 2010, the Financial Accounting Standards Board (FASB) amended existing guidance with respect to the reporting of participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and measured at their unpaid principal balances plus accrued but unpaid interest. This guidance is effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented comparatively. Early application is permitted. The adoption of this guidance by the Plan resulted in a reclassification from investments to notes receivable from participants of \$68,657 on the statement of net assets available for benefits as of December 31, 2010. Adoption had no effect on the Plan's net assets available for benefits.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures; actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – INVESTMENTS – UNAUDITED INFORMATION

Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company are the custodians of the Plan and hold investment assets and execute transactions therein. Substantially all information pertaining to investments included in the financial statements has been certified by them. This information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE (UNAUDITED)

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of its investments.

Pooled separate accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (level 2 inputs). With the exception of the U.S. Property Account (RE Fund), each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit. Due to illiquidity of the underlying assets of the RE Fund, which consist primarily of commercial real estate and includes mortgage loans which are backed by the associated properties, Principal Financial Group (Principal) imposed a withdrawal limitation effective September 26, 2008 upon all withdrawals and loans from the RE Fund other than distributions upon death, disability or normal retirement age (subsequently lifted in April 2011).

THE CONTINENTAL NATIONAL BANK OF MIAMI 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 5 – FAIR VALUE (UNAUDITED) (Continued)

Partial distributions are being made periodically on a pro-rata basis and are based on unit values at the time of payment. Amounts are subject to the Withdrawal Limitation for up to three years. While the fair value of the Plan's interest in the RE Fund has been determined based upon the net asset value of the RE Fund, this fair value measurement is reported as including level 3 inputs because of the nature of the redemption restrictions.

Domestic fixed income: The underlying investment strategies of these types of pooled separate accounts are investments in short-term money market instruments or fixed-income instruments.

Balanced life cycle: The underlying investment strategies for these types of pooled separate accounts are investments in domestic and foreign equities, hybrid securities, and fixed income funds of Principal.

Large capital equity: The underlying investment strategies for these types of pooled separate accounts are investments in domestic and foreign common stock of large capitalization companies listed on the S&P index.

Mid capital equity: The underlying investment strategies for these types of pooled separate accounts are investments in domestic and foreign common stock of medium capitalization companies listed on the Russell MidCap index.

Small capital equity: The underlying investment strategies for these types of pooled separate accounts are investments in domestic and foreign common stock of small capitalization companies listed on the Russell 2000 index.

Foreign equity: The underlying investment strategies for these types of pooled separate accounts are investments in equities of companies outside of the United States.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 5 – FAIR VALUE (UNAUDITED) (Continued)

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Investment contracts: The fair values of the Plan's investment contracts are estimated based upon the liquidation values of the contracts, as determined by the contracts' termination provisions, since the contracts are not transferable (level 3 inputs). The contract liquidation values are determined through a comparison of contractual interest rates to current rates of interest on contracts with similar maturities and credit ratings.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2010 Using

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of pooled separate accounts managed by Principal Life Insurance Company and unallocated investment contracts with Principal. Principal is the Plan custodian and, therefore, these transactions and the Plan's payment of administrative fees to Principal qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Bank.

NOTE 7 - TAX STATUS

The Continental National Bank of Miami 401(k) Plan uses a prototype plan developed by the Principal Life Insurance Company. The Internal Revenue Service issued an opinion dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan Management believes the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 17, 2011 which is the date the financial statements were available to be issued.
