REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Plan Administrator of
Westlake Savings Plan:

We were engaged to audit the statements of net assets available for benefits of the Westlake Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental Schedule H, Line 4i – Schedule of Assets Held (At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by T. Rowe Price Trust Company (the "Trustee"), the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator obtained a certification from the Trustee as of December 31, 2010 and 2009 and for the years then ended, that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of the Westlake Savings Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established, effective January 1, 1987, for the employees of participating affiliates of Westlake Chemical Corporation ("WCC"). The Plan has been amended to allow participation by substantially all employees of the following affiliates: Westlake Management Services, Inc., North American Pipe Corporation ("NAPCO"), and Westlake Vinyls, Inc., (the "Companies"). The Plan is a defined contribution plan and is subject to the provisions of the Internal Revenue Code of 1986 (the "Code") and the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended and restated effective January 1, 2009, to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Sections 401(a) and 401(k). A request for determination of the qualification status of the Plan was submitted to the Internal Revenue Service, in 2010, and is pending.

Administration

The Plan is administered by WCC. The trustee of the Plan is T. Rowe Price Trust Company (the "Trustee").

Eligibility

Employees may elect to participate in the Plan as of the first day of the month following completion of 30 days of participation service, as defined by the Plan.

Contributions

Participants may contribute through salary deferral up to 100% of their eligible compensation, which is deposited in individual employee salary contribution accounts. Participants may not exceed the limit set forth in Section 402g (\$16,500 in both 2010 and 2009) of the Code. Participants age 50 or older during the year can make a special "catch-up" contribution not to exceed an additional \$5,500 in both 2010 and 2009. Participants may change their contribution percentage at any time during the Plan year. The employer matching formula is 100% of each participant's salary deferral contribution, not in excess of 4% of that participant's eligible compensation for each eligible participant whose employment is not subject to a collective bargaining agreement, and is classified as a safe harbor contribution, resulting in automatic passage of the otherwise required non-discrimination testing.

For all other eligible participants whose employment is subject to a collective bargaining agreement, the employer contributes an amount equal to 50% of each participant's salary deferral contribution, not in excess of 6% of that participant's eligible compensation.

WESTLAKE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS, Continued

1. Description of Plan, continued

Contributions, continued

The employer shall contribute an Annual Retirement Contribution ("ARC") on behalf of each participant who is employed by Westlake Management Services, Inc. or Westlake Vinyls, Inc. who has completed one year of participation service on or prior to December 31 of the Plan year for which such contribution is made, and who is not eligible for the accrual of a benefit under the Westlake Wage Employees' Defined Benefit Plan or the Westlake Salaried Employees' Defined Benefit Plan. The amount of the ARC is 6% of the compensation earned during the Plan year for which such allocation is made for each eligible participant whose employment is not subject to a collective bargaining agreement. Effective January 1, 2010, the amount of the ARC for each eligible participant whose employment is subject to a collective bargaining agreement was increased from 3% to 4% of the compensation earned during the Plan year for which such allocation is made.

The employer may make additional contributions at the discretion of its Board of Directors. Plan contributions are directed by Plan participants into investments provided by the Trustee.

Participants may also make rollover contributions from other plans as permitted under applicable law.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and Plan earnings. Contributions and allocations are invested in securities held in trust and may be directed at the participant's option to any of the investment alternatives offered through the Plan. For participants who do not make an investment election, a qualified default investment alternative is provided. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Vesting

Participants are immediately vested in their elective contributions, plus any earnings on such contributions.

The participant's interest in his employer matching contribution account shall vest as follows: (a) as to a participant who is not represented under a collective bargaining agreement, his employer matching contribution account shall be 100% vested if he completes an hour of service on or after January 1, 2008. Any such participant whose separation from the service of the employer occurred prior to January 1, 2008, shall have the vested interest of his employer matching contribution account determined under the terms of the Plan as it existed prior to January 1, 2008, and (b) as to all other participants, the participant vests in employer matching contributions at a rate of 20% per year until fully vested.

The participant vests in the ARC and his employer discretionary profit sharing contribution account at a rate of 20% per year until fully vested. A participant is 100% vested after completion of five years of service.

Vesting in full prior to separation from service also occurs upon attaining normal retirement age, date of death or date of total and permanent disability.

NOTES TO FINANCIAL STATEMENTS, Continued

1. Description of Plan, continued

Participant Notes Receivable

Participants may, under certain circumstances, obtain loans from the Plan. Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans are collateralized by the vested balance in the participant's account. Participant loans outstanding as of December 31, 2010 and 2009 totaled \$4,392,463 and \$4,408,003, respectively, and bore interest at rates ranging from 4.25% to 9.50% per year during both 2010 and 2009.

Forfeited Accounts

Forfeitures of employer contributions of terminating employees whose accounts were not fully vested are initially used to correct participant accounts then used to pay administrative expenses of the Plan, then used to reduce the employer contribution to the Plan. During 2010 and 2009, \$66,627 and \$44,573, respectively, in employer contributions were forfeited. Forfeitures used to pay Plan expenses during 2010 and 2009 were \$16,376 and \$4,459, respectively. At December 31, 2010 and 2009, unallocated forfeiture accounts amounted to \$68,573 and \$92,886, respectively. Forfeitures used to reduce the employer contributions during 2010 and 2009 were \$77,000 and \$50,000, respectively.

Benefit Payments

Upon termination of employment, a participant (or his or her beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or to have the account balance distributed in the form of an annuity or installment payments. Distributions are subject to the applicable provisions of the Plan agreement. Benefit claims are recorded as deductions when they have been approved for payment and paid by the Plan.

Administrative Expenses

WCC and the Companies provide administrative services without charge to the Plan. In accordance with the Plan document, administrative expenses incurred on behalf of the Plan that are not paid by WCC and the Companies are paid from Plan assets. During 2010 and 2009, the majority of administrative expenses were paid by the Plan.

2. Summary of Significant Accounting Policies

Financial Accounting Standards Board ("FASB") Codification

In June 2009, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 168, *The FASB Accounting Standards Codification TM and the Hierarchy of Generally Accepted Accounting Principles* ("GAAP"). The FASB Accounting Standards Codification TM, ("Codification" or "ASC") became the source of authoritative GAAP recognized by the FASB to be applied by nongovernmental entities. SFAS No. 168 is effective for all financial statements issued for interim and annual periods ending after September 15, 2009. On the effective date of SFAS No. 168, the Codification superseded all then-existing non-SEC accounting and reporting standards. All other non-grandfathered, non-SEC accounting literature not included in the Codification became non-authoritative.

2. Summary of Significant Accounting Policies, continued

Financial Accounting Standards Board ("FASB") Codification, continued

Following SFAS No. 168, the FASB no longer issues new standards in the form of Statements, FASB Staff Positions ("FSP"), FASB Interpretations ("FIN"), or Emerging Issues Task Force Abstracts ("EITF"); instead, it issues Accounting Standards Updates ("ASUs"). The FASB will not consider ASUs as authoritative in their own right; rather, these updates will serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the change(s) in the Codification. SFAS No. 168 is incorporated in ASC Topic 105, *Generally Accepted Accounting Principles*. The Plan adopted SFAS No. 168 for the year ended December 31, 2009.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in ASC Topic 962, *Defined Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the common collective trust is valued based on information obtained from the audited financial statements of the collective trust at year-end.

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation (depreciation) of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant notes receivable is accrued as earned. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risks that generally mean the risk of loss in the value of certain investment securities due to changes in interest rates, security and commodity prices and general market conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Recent Accounting Pronouncements

In May 2009, the FASB issued ASC Topic 855, *Subsequent Events*, which establishes general standards of accounting for and disclosure of events that occur after the date of the Statement of Net Assets Available for Benefits but before financial statements are issued or available to be issued. ASC Topic 855 defines (i) the period after the date of the Statement of Net Assets Available for Benefits during which a reporting entity's management should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, (ii) the circumstances under which an entity should recognize events or transactions occurring after the date of the Statement of Net Assets Available for Benefits in its financial statements, and (iii) the disclosures an entity should make about events or transactions that occurred after the date of the Statement of Net Assets Available for Benefits. ASC Topic 855 was effective for the Plan for the year ended December 31, 2009; however, its adoption did not have a significant impact on the Plan's financial statements.

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures (ASU Topic 820): Improving Disclosures about Fair Value Measurements*. ASU No. 2010-06 amends the disclosure requirements of ASC Topic 820 and requires new disclosures regarding (a) transfers in and out of levels 1 and 2 and (b) activity in level 3 fair value measurements. ASU No. 2010-06 also provides amendments to ASC Topic 820 that clarify existing disclosures regarding (a) level of disaggregation for each class of assets and liabilities and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either Levels 2 or 3. ASU No. 2010-06 is effective for periods ending after December 15, 2009 (except for the Level 3 roll forward which is effective for periods beginning after December 15, 2010). The adoption of ASU No. 2010-06 did not have a significant impact on the Plan's financial statements.

In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pensions Plans*. ASU No. 2010-25 changed the reporting of loans to participants. Prior to ASU 2010-25, loans to participants were reported as investments at fair value. ASU No. 2010-25 requires that loans to participants be reported as notes receivable from participants at the unpaid principal balance plus any accrued, but unpaid interest. ASU No. 2010-25 is effective for periods ending after December 15, 2010. The Plan adopted ASU No. 2010-25 in the 2010 financial statements, applied retrospectively for all periods presented. The adoption of ASU No. 2010-25 was not significant as the unpaid principal balance plus accrued interest of loans to participants approximated fair value.

Reclassification

Certain items in the 2009 financial statements have been reclassified to conform to the 2010 financial statement presentation. Such reclassifications had no effect on the Plan's net assets or changes in net assets.

3. Investments

The following table presents the Plan's investments. Investments that represent five percent or more of the Plan's net assets at December 31, 2010 and 2009 are separately identified.

	<u>2010</u>	<u>2009</u>
T. Rowe Price Stable Value Fund	\$ 54,216,937	\$ 48,120,671
Fidelity ContraFund	25,132,257	22,409,880
PIMCO Total Return Fund	15,689,738	13,231,892

Vanguard Institutional Index Fund	14,392,804	12,751,636
Investments less than 5% of the Plan's net assets	<u>85,171,760</u>	<u>68,715,949</u>
Total investments at fair value	<u>\$209,483,571</u>	<u>\$180,665,629</u>

During the year ended December 31, 2010, the Plan's investments in registered investment companies, i.e. mutual funds, (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$16,429,102. The Plan's investments in registered investment companies appreciated in value by \$27,341,494 for the year ended December 31, 2009.

4. Fair Value Measurements

ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;

4. Fair Value Measurements, continued

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

Common collective trust: Valued based on information reported in the audited financial statements of the collective trust at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

5. Tax Status

The Plan obtained its latest determination letter on October 11, 2002, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and therefore, not subject to tax. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

6. Plan Termination

Although it has not expressed any intent to do so, WCC has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their account balances.

8. Party-In-Interest Transactions

Certain plan investments are in accounts managed by the Trustee and the Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.
