Communication with those Charged with Governance and Internal Control Related Matters

To the Management and Trustees
Legend Brands 401(k) Plan

We have completed a Department of Labor (DOL) limited scope audit of the financial statements of Legend Brands 401(k) Plan (the "Plan") as of and for the year ended December 31, 2010. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedule taken as a whole. Professional standards require that we provide you with the following information related to our audit.

Matters required to be communicated include the following:

- Auditor's responsibility under auditing standards generally accepted in the United States of America
- Other information in documents containing audited financial statements
- Planned scope and timing of the audit
- Qualitative aspects of accounting practices
- Significant accounting estimates
- Financial statement disclosures
- Significant difficulties encountered in performing the audit
- Corrected and uncorrected misstatements
- Disagreements with management
- Management representations
- Management consultation with other independent accountants
- Major issues discussed with management prior to retention of the auditor
- Communication of internal control related matters

Communication with those Charged with Governance
and Internal Control Related Matters
July 26, 2011

**OUR RESPONSIBILITY UNDER AUDITING STANDARDS
GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA**

As part of our audit, we considered the internal control of the Plan except that we did not, as part of the scope limitation discussed in the first paragraph, include a consideration of internal control relating to the information summarized in Note 7 to those financial statements. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

Our responsibility is to plan and perform the audit in accordance with generally accepted auditing standards and to design the audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

You should understand that our audit is not specifically designed for and should not be relied upon to disclose matters affecting Plan qualifications or compliance with the ERISA and Internal Revenue Code requirements. If during the audit we become aware of any instances of any such matters or ways in which management practices can be improved, we will communicate them to you.

**OTHER INFORMATION IN DOCUMENTS
CONTAINING AUDITED FINANCIAL STATEMENTS**

The AICPA's Audit and Accounting Guide for Employee Benefit Plans requires that, before an auditor's report on the Plan's financial statements can be included with a filed Form 5500 (including any related schedules), the auditor must review the Form 5500 and consider whether there are any material inconsistencies between the other information in the form and the audited financial statements (including the required supplemental schedules) or any material misstatement of fact.

Communication with those Charged with Governance
and Internal Control Related Matters
July 26, 2011

Our responsibility for other information in the Form 5500 does not extend beyond the financial information identified in our report. We do not have an obligation to perform any procedures to corroborate other information contained in the form, except as described above. However, we have read the information contained in the Schedule H and nothing came to our attention that caused us to believe that such information or its manner of presentation is materially inconsistent with the information as it is presented in the financial statements.

PLANNED SCOPE AND TIMING OF THE AUDIT

We performed the audit according to the planned scope and timing previously communicated to you in the engagement letter dated March 8, 2011.

QUALITATIVE ASPECTS OF ACCOUNTING PRACTICES

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

The Plan adopted ASU 2010-06, *Improving Disclosures about Fair Value Measurements*. The new guidance requires additional disclosures about transfers between levels within the fair value hierarchy and clarifies existing disclosure requirements regarding classes of assets and liabilities measured at fair value.

The Plan also adopted ASU 2010-25 which required participant loans to be classified as notes receivable from participants. Participant loans are no longer reported as an investment and are now measured at their unpaid principal balance plus any accrued but unpaid interest.

There were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

SIGNIFICANT ACCOUNTING ESTIMATES

Accounting estimates may be an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates may be particularly sensitive

MOSS ADAMS_{LLP}

Communication with those Charged with Governance
and Internal Control Related Matters
July 26, 2011

because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are all readily marketable.

FINANCIAL STATEMENT DISCLOSURES

The disclosures in the financial statements are consistent, clear and understandable. Certain financial statement disclosures may be particularly sensitive because of their significance to financial statement users.

We did not note any disclosure in the financial statements which we consider sensitive to potential users.

**SIGNIFICANT DIFFICULTIES ENCOUNTERED
IN PERFORMING THE AUDIT**

We encountered no significant difficulties in dealing with management in performing and completing our audit.

CORRECTED AND UNCORRECTED MISSTATEMENTS

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not note any known or likely misstatements in the course of the engagement.

DISAGREEMENTS WITH MANAGEMENT

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Communication with those Charged with Governance
and Internal Control Related Matters
July 26, 2011

MANAGEMENT REPRESENTATIONS

We have requested certain representations from management that are included in the management representation letter dated July 26, 2011.

MANAGEMENT CONSULTATION WITH OTHER INDEPENDENT ACCOUNTANTS

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

OTHER SIGNIFICANT AUDIT FINDINGS OR ISSUES

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

COMMUNICATION OF INTERNAL CONTROL RELATED MATTERS

We were engaged to perform an audit of the financial statements of the Plan as of and for the year ended December 31, 2010. In our report dated July 26, 2011 we disclaimed an opinion on the Plan’s 2010 financial statements because of the election by the Plan administrator to limit the scope of our audit with respect to information which was certified by the custodian of the Plan (as permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended). In planning and performing our limited scope audit of the financial statements of the Plan as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan’s internal control over financial reporting (internal control) as a basis for designing our auditing procedures, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan’s internal control. Had the scope of our audit not been

MOSS ADAMS LLP

Communication with those Charged with Governance
and Internal Control Related Matters
July 26, 2011

limited as described above, other matters might have come to our attention that would have been reported to you.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described above and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

This communication is intended solely for the use of the Plan Trustees and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

We were pleased to serve and be associated with the Legend Brands 401(k) Plan, as the independent auditors for 2010. We provide the above information to assist you in performing your oversight responsibilities.

Sincerely,

A handwritten signature in black ink that reads "Moss Adams LLP". The signature is written in a cursive, flowing style.

2010 Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in understanding the fees and compensation associated with your plan. If your plan is required to complete a *Form 5500 Schedule C*, this report identifies the different types of reportable compensation paid with respect to the Hartford product utilized by the retirement plan.

As permitted under the Schedule C reporting rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate, or a formula or rate.

- Where it is an actual dollar amount, no further notation is provided.
- Where it is an estimate, we have used a reasonable method to arrive at the estimate and described the method used to arrive at the estimated amount.
- Where a formula or rate is provided, the formula may be disclosed under the Schedule C reporting rules. Alternatively, for purposes of Schedule C or for your fiduciary review of the compensation paid with respect to the plan’s product, you may calculate an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies. Thus, much of the compensation information being provided can be expressed in the form of a formula.

Please note that all compensation is being reported for the 2010 calendar year. This report includes compensation actually paid to or by The Hartford within the 2010 calendar year as part of your Hartford product. This report does not include amounts deducted from plan assets and paid to third parties (other than The Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here directly from other service providers.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. These service codes are listed in the 2010 Instructions for Schedule C (Form 5500). Please review with your experienced benefits counsel and other professionals to determine the most appropriate service codes for your plan.

Please contact your Hartford Client Service Team should you require additional information regarding the compensation paid to or by The Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice or accounting or other professional services. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

1. Direct Compensation **\$3,327.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction. Of this amount, our records indicate that Hartford Life Insurance Company received **\$3,327.00**. Please review your records to determine what other service providers (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, plan auditor) received all or any portion of the remaining amount.

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2010, some of which may have pertained to prior years.

2. Indirect Compensation

Float compensation **\$18.29**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1415% for 2010) earned on the bank accounts and investment associated with the short-term investment pool for the 2010 calendar year multiplied by an estimate of the assets related to uncashed checks. This estimate does not include float earned for any other reason (e.g., if amounts remitted to Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

¹ At the time this report was generated this information was not available.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan during the 2010 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

² This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. Please note that affiliates of Hartford Life Insurance Company act as advisor to the Hartford funds. Such affiliates are identified in the fund's prospectus and receive management fees in the following amounts:

REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator
Legend Brands 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Legend Brands 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by The Hartford Retirement Plans Group, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds Plan investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – PLAN DESCRIPTION

The following description of the Legend Brands 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Dri-Eaz Products, Inc., and Affiliates, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Dri-Eaz Products, Inc., and Affiliates (the “Company or “Plan Administrator”) is the Plan’s sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing six months of service.

Contributions – Participants may elect to contribute between 1% and 90% of eligible compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company provides a safe harbor matching contribution equal to 100% of each participant’s contribution up to a maximum of 5% of compensation. At the discretion of management, nonelective contributions may also be made to the Plan by the Company. The Company will characterize any nonelective contributions as either “qualified” or “nonqualified.” Qualified nonelective contributions are generally made to satisfy federal nondiscrimination rules, if necessary. There were no nonelective contributions for the year ended December 31, 2010.

Contributions are subject to regulatory limitation.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, the Company’s contribution and investment earnings, and charged with an allocation of administrative expenses. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are fully vested in their salary deferrals plus actual earnings thereon. Participants are also fully vested in all safe harbor matching contributions and qualified nonelective contributions made by the Company. Vesting in the portion of the participants’ accounts representing the Company’s nonqualified nonelective contributions, and earnings thereon, is based on years of continuous service, according to the following schedule:

Years of Service	Percentage Vested
Less than 2	0%
2, but less than 3	20%
3, but less than 4	40%
4, but less than 5	60%
5, but less than 6	80%
6 or more	100%

NOTE 1 – PLAN DESCRIPTION (Continued)

Participants are fully vested in their accounts upon reaching their normal retirement date, their early retirement date as defined in the Plan, death, or disability.

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the vested balance of the participant's account and bear fixed reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless the loan qualifies as a home loan, in which case the term of the loan is not to exceed thirty years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2010, the rates of interest on outstanding loans ranged from 3.25% to 10.25% with various maturities through May 2037.

Payment of Benefits – On termination of service due to death, disability, normal retirement, or early retirement as defined in the Plan, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account balance, or annual installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals are also allowed by the Plan.

For termination of service with vested benefits of \$5,000 or less, a participant or beneficiary will automatically receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of the participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to meet Company contribution requirements, or to pay Plan administrative expenses. As of December 31, 2010 and 2009, there were no forfeited non-vested accounts. For the year ended December 31, 2010, there were no forfeited non-vested accounts used to reduce Company matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent Accounting Pronouncements – In January 2010, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820)—Improving Disclosures about Fair Value Measurements*. The new guidance requires additional disclosures about transfers between levels within the fair value hierarchy and clarifies existing disclosure requirements regarding classes of assets and liabilities measured at fair value. The new guidance requires the Plan to: (a) disclose separately the amounts of significant transfers into and out of each level of the fair value hierarchy and describe the reasons for those transfers, (b) the Plan’s policy for determining when transfers between levels of the fair value hierarchy are recognized, and (c) present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements. The new guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 reconciliation disclosures which are effective for reporting periods beginning after December 15, 2010. The Plan adopted this guidance on January 1, 2010. See Note 4.

In September 2010, the FASB issued ASU 2010-25, *Plan Accounting-Defined Contribution Pension Plans* which amends existing guidance by requiring participant loans to be classified as notes receivable from participants, which are segregated from Plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The new guidance is effective for fiscal years ending after December 15, 2010. The Plan has adopted this guidance effective December 31, 2010 and has reclassified participant loans of \$254,572 and \$117,928 for the years ended December 31, 2010 and 2009, respectively, from investments to notes receivable from participants.

Investment Valuation – Investments are stated at fair value as certified by the Plan’s trustee, The Hartford Retirement Plans Group. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition – Purchases and sales of securities are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes Receivable from Participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Administrative expenses are generally paid by the Company. Certain transaction fees are paid by the Plan.

Subsequent Events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan has evaluated subsequent events through July 26, 2011, which is the date the financial statements were issued.

NOTE 3 – INVESTMENTS

Investments – Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	<u>2010</u>	<u>2009</u>
Pooled Separate Accounts:		
The Hartford Money Market	\$ 842,239	\$ 642,167
Hartford INDEX HLS IB	514,123	–
T. Rowe Price Growth Stock	430,144	384,486
Franklin Income	392,953	244,647
SSGA S&P 500 Flagship	–	443,076

During 2010, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Pooled Separate Accounts	<u>\$ 498,522</u>
Net appreciation in fair value of investments	<u>\$ 498,522</u>

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

- Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** – Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;
- Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LEGEND BRANDS 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Units held in pooled separate accounts are valued using the net asset value (NAV) of the fund. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a pooled separate account is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The Plan's pooled separate accounts invest in publicly traded mutual funds. Accordingly, the unit value for a pooled separate account is classified within level 2 of the valuation hierarchy.

The following table discloses by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2010 and 2009:

Investment Assets at Fair Value as of December 31, 2010

NOTE 5 – TAX STATUS

The Company adopted a prototype plan provided by Automatic Data Processing Federal Credit Union (“ADP”) on January 1, 2005. The prototype Plan document is a standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on November 06, 2001, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant’s account balance and the amounts reported in the financial statements.

NOTE 7 – INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, The Hartford Retirement Plans Group, the custodian of the Plan, has certified the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009.
- Net investment income, including net appreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2010.
- Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments include Pooled Separate Accounts managed by The Hartford Retirement Plans Group. The Hartford Retirement Plans Group is the custodian of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant’s account become fully vested.
