## Report of Independent Auditors

To the Participants and Administrator of  
Citadel LLC Retirement Savings Plan:

We were engaged to audit the financial statements and supplemental schedule of Citadel LLC Retirement Savings Plan (the "Plan") at December 31, 2010 and December 31, 2009 and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**1. Description of Plan**

The following description of the Citadel LLC Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution savings plan established by Citadel LLC (the "Company" or "Plan Administrator") on January 1, 2000. Employees of the Company, Omnium LLC, and certain employees of Griffin Family Services LLC, affiliates of the Company, who have reached age 21, are eligible to become participants in the Plan. Fidelity Management Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

**Contributions**

Participants elect to make annual pretax or Roth contributions up to a maximum of 60% of their total eligible compensation for the year ended December 31, 2010, subject to certain Internal Revenue Code (the "IRC") limitations. Participants are eligible for a discretionary matching contribution from the Company if they are employed as of the last day of the Plan year and upon completion of 1,000 hours of service during the Plan year. Discretionary contributions, which were a dollar for dollar match of a participant's contribution up to 4% of the participant's eligible compensation, were made by the Company for the year ended December 31, 2010.

**Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, allocations of Company discretionary contributions and Plan earnings, and charged with any withdrawals by the participant and allocations of Plan losses. Allocations are based on participant earnings or account balances, as applicable, or as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Investments**

Participants direct the investment of their accounts into various investment options offered by the Plan. As of July 21, 2010, Fidelity closed its mutual fund window and added in its place an individual self-directed brokerage account option that may generally invest only in mutual funds. Including these mutual funds offered through the self-directed brokerage account option, the Plan offered over 1,000 investment options for participants as of December 31, 2010.

**Notes Receivable from Participants**

The Plan permits participants to borrow a minimum of \$1,000 and a maximum of \$50,000 or 50% of the relevant participant's vested account balance, whichever is less. Loans are generally payable within 5 years with the exception of loans to purchase a principal residence, which are payable within 10 years. Loans are secured by the balance of the relevant participant's account and interest rates are determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

**Vesting and Forfeitures**

Effective January 1, 2008, the Plan's vesting schedule changed from a six year graded vesting schedule to a three year cliff vesting schedule. Participants are fully vested after three years of service. For all new employees hired on or after January 1, 2008, the following three year vesting schedule is applicable:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 3	0
3	100

All employees with less than three years of service as of January 1, 2008 were 'grandfathered' and the following vesting schedule applies:

<b>Years of Service</b>	<b>Vested Percentage</b>
1	10
2	20
3	100

Upon termination of employment with the Company or affiliates of the Company, a participant's nonvested portions of Company discretionary contributions and earnings thereon are forfeited the earlier of (a) after five consecutive one-year breaks in service or (b) in the Plan year that the participant receives a distribution of their entire vested balance. If a terminated participant is re-employed by the Company or an affiliated employer prior to five consecutive one-year breaks in service and (1) did not previously receive a distribution of their vested balance, or (2) received a distribution but repaid the full amount of the distribution to the Plan within five years of being re-employed, the nonvested balance in the participant's individual account prior to termination will be restored to the participant's account and the employee's post-break service will be included in determining the participant's vesting percentage in the pre-break nonvested balance.

Forfeited balances are used to pay select Plan administrative expenses and to offset future Company contributions in accordance with the Plan's provisions. In the event that the Company utilizes forfeited balances that must subsequently be restored to a participant's account, the Company may be required to contribute the restored amount to the Plan in the year that the distribution repayment occurs. The Company used \$992,132 of forfeited nonvested accounts to reduce its Company contributions for the year ended December 31, 2010.

**Payment of Benefits**

Upon retirement, death, disability, or termination of service, a participant may elect to receive a lump sum distribution equal to his or her vested account balance. Distributions are also permitted when an employee reaches age 59½. In addition, hardship distributions are permitted if certain criteria are met.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Citadel LLC**  
**Retirement Savings Plan**  
**Notes to Financial Statements**  
**December 31, 2010 and 2009**

---

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Refer to Note 5 for fair value measurements of Plan investments.

Net appreciation (depreciation) in the fair value of investments consists of gains and losses on investments bought and sold during the year as well as held during the year.

Management fees and operating expenses charged by the advisor of the registered investment funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an increase in net depreciation in fair value of investments for such registered investment funds.

Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis.

**Contract Value**

Investment contracts held by a defined contribution plan are required to be reported at fair value; however, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. This is because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required, the statements of net assets available for benefits present the fair value of the investment contracts held in the collective trust as well as the adjustment of the fully benefit-responsive investment contracts held in the collective trust from fair value to contract value.

The statement of changes in net assets available for benefits is prepared on a contract value basis.

**Administrative Expenses**

The Company pays certain of the Plan's administrative expenses, the remaining of which are borne by the Plan.

**Payment of Benefits**

Benefit payments are recorded when paid.

**Recently Issued Accounting Pronouncements**

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-25, Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans. This ASU applies to any defined contribution pension plan that allows participant loans. The amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Because loans to participants are no longer measured at fair value, fair value measurements and disclosures are not applicable. This amendment is currently effective and has been applied retroactively. The adoption of this standard did not have a material impact on the financial statements.

**3. Information Certified by the Trustee**

The investment assets of the Plan at December 31, 2010 and 2009 were held, and all transactions therein were executed, by Fidelity Management Trust Company (the "Trustee"), under the terms of the trust agreement.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Trustee has certified as complete and accurate all investment and notes receivable from participants information included in the accompanying financial statements and the Schedule H, line 4i- Schedule of Assets (Held at End of Year). Information included in the accompanying financial statements relating to investments, notes receivable from participants, and income was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Company. The Company has obtained a certification from the Trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010 that such information is complete and accurate. Such information includes investments at fair value, notes receivable from participants, adjustment from fair value to contract value for Plan's interest in collective trust related to fully benefit-responsive investment contracts, interest and dividend income, interest income on notes receivable from participants, and net appreciation in fair value of investments as shown on the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits, respectively.

The following is a summary of those investments held at December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets available for benefits:

\* Formerly known as the Spartan U.S. Equity Index Investment Fund

During the year ended December 31, 2010, the Plan's registered investment funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$13,133,840 which is reflected in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

**4. Investment Contracts**

The Plan invests in a collective trust fund, Fidelity Managed Income Portfolio. The collective trust may invest in various benefit-responsive investment contracts, such as short and long-term investment contracts issued by insurance companies ("GICs"), investment contracts issued by commercial banks ("BICs"), synthetic investment contracts or wrap contracts, comprising underlying assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures

contracts and swap agreements) and a "wrapper" contract issued by a third party, and cash equivalents represented by units of a money market portfolio (collectively, the "investment contracts"). The wrapper contract is a contract with a third party to provide market and cash flow risk protection to the Plan for the collective trust.

As described in Note 1 to the financial statements, fully benefit-responsive investment instruments are valued at contract value which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the collective trust to transact at contract value with the issuer. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The average yield of the investment contracts based on interest rate credited to participants was approximately 1.31% and 1.65% at December 31, 2010 and 2009, respectively, which approximates the yield on actual earnings.

**5. Fair Value Measurements**

The accounting guidance for fair value measurements and disclosures of financial instruments establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; and

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

An investment's level within the fair value hierarchy is based on the lowest level of any input, individually or in the aggregate that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

**Registered Investment Funds**

The shares of registered investment funds are valued at quoted market prices on an exchange in active markets or net asset value as computed by the applicable fund company, which represent the net asset values of shares held by the Plan at year end, and are classified as Level 1 investments.

**Collective Trust**

The collective trust is composed of fully benefit-responsive investment contracts and is classified as a Level 2 investment. The collective trust is not available on an exchange in an active market; however, the fair value is determined based on the underlying investments as traded on an exchange in an active market using the most recent bid prices available, or, if prices are not readily available, securities may be valued by other methods. The collective trust does not, to the best of our knowledge, have any unfunded commitments. Redemptions can be made on any business day, provided the exchange is not directed into a competing fund (money market or certain other types of fixed income funds). Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**6. Party-In-Interest Transactions**

Certain Plan investments are shares of registered investment funds managed by the Trustee. Additionally, certain participants have loans outstanding to the Plan. Transactions involving these investments and notes receivable from participants qualify as party-in-interest transactions.

Fees paid by the Plan for investment management services were paid indirectly through the investee mutual funds and are included as a reduction of the return earned on each mutual fund.

Administrative expenses paid by the Plan for the year ended December 31, 2010 totaled \$6,905 of which \$25 was deducted from the Forfeiture Account and \$6,880 was borne by the participants as loan set-up/maintenance fees and short-term trading fees. These transactions qualify as party-in-interest transactions.

**7. Tax Status**

The Plan is a Non-Standardized Prototype Plan ("Prototype Plan") sponsored by Fidelity Management and Research Co. and adopted by the Company. Fidelity Management and Research Co. received an opinion letter from the Internal Revenue Service (the "IRS"), dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan has not requested its own determination letter from the IRS. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**Citadel LLC**  
**Retirement Savings Plan**

---

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

**8. Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon Plan termination, all participants would become 100% vested in their account balances.

**9. Risks and Uncertainties**

The Plan invests in securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

**10. Subsequent Events**

Management has evaluated the events and transactions that have occurred through August 23, 2011, the date the financial statements were available to be issued, and noted no items requiring adjustment of the financial statements. On May 15, 2011, Omnium Holdings LLC, an affiliate, entered into an agreement with Northern Trust Corporation whereby Northern Trust Corporation, either directly or through one of its subsidiaries, agreed to acquire 100% of the equity interests of Omnium LLC from Omnium Holdings LLC. The sale of the equity interests of Omnium LLC closed on July 29, 2011 and the employees of Omnium LLC are no longer eligible participants in the Plan effective July 29, 2011. As a result of the sale, Omnium LLC employees continuing employment with Northern Trust Corporation will receive a discretionary matching contribution on their 2011 participant contributions according to the standard formula as soon as practicable after the closing and their account balances will become 100% vested.

**11. Reconciliation of Financial Statements to Form 5500**
