COASTAL ORTHOPEDICS & SPORTS MEDICINE OF SOUTHWEST FLORIDA 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2010

(1) Description of Plan

The following description of the Coastal Orthopedics & Sports Medicine of Southwest Florida 401(k) Profit Sharing Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

(a) General

The Coastal Orthopedics & Sports Medicine of Southwest Florida 401(k) Profit Sharing Plan (the Plan) was established on February 1, 1998 as a prototype defined contribution plan covering all employees of Coastal Orthopedics & Sports Medicine of Southwest Florida, P.A. (the Company) meeting eligibility requirements, as defined. The Plan was amended and restated on January 1, 2010. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

All employees of the Company who have completed at least one year of employment, 1,000 hours of service, and have attained the age of twenty-one are eligible to participate. The Plan provides for entry dates on the first day of the quarter coinciding with the satisfaction of the entry requirements.

Participants may make pre-tax and post tax salary contributions to the Plan, not to exceed $16,500 in 2010 as allowed by the Internal Revenue Service (IRS). As allowed by the IRS, the limit on catch-up elective deferrals for participants age 50 and over was an additional $5,500 for the 2010 plan year.

The Company elected to make fully-vested safe harbor non-elective contributions on behalf of employees eligible to make elective deferrals equal to 3% of Plan compensation, not to exceed applicable limitations set by the IRS. Safe harbor plans allow highly compensated employees to maximize their contributions, and automatically pass the non-discrimination testing. The safe harbor non-elective contribution for the year ended December 31, 2010 totaled approximately $255,000. Additionally, the Company may elect to make a discretionary matching contribution to participants employed by the Company on the last day of the year. The Company did not elect to make a discretionary matching contribution for the year ended December 31, 2010.

The Plan accepts rollovers and direct transfers from other tax-qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution, if applicable, and Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

(1) Description of Plan - Continued

(d) Vesting

Participants are immediately vested in their contributions and Company safe harbor non-elective contributions plus actual earnings thereon. Participants vest in their Company matching contributions based on years of service as defined by the Plan. Upon death or total and permanent disability, employees will become 100% vested in the Company contributions.

A participant is vested in Company matching contributions as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

(e) Investment Options

Upon enrollment in the Plan a participant may direct their contributions and Company contributions, in increments of one percent, in any of the available investment options offered by Hartford Life Insurance Company (Hartford). Participants should reference prospectus information for detailed investment information.

Investment options may be changed at the participant's discretion.

(f) Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of 50% of their vested account balance. The loans are secured by the balance in the participant's account and for the year ended December 31, 2010 interest rates ranged from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

(g) Payment of Benefits

On termination of service due to death, disability, or retirement, the participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account under several options which include electing to rollover the vested portion of their account to another qualified Plan or electing to receive a single lump sum payment, subject to withholding for income taxes.

(1) Description of Plan - Continued

(h) Forfeitures

Pursuant to the Plan document, forfeiture balances are to be used to pay administrative expenses of the Plan or reduce Company contributions. The Company utilized approximately $4,300 during the year ended December 31, 2010 of forfeited non-vested accounts to pay administrative expenses of the Plan. There are no forfeitures available for payment of future administrative expenses or reduction of future Company contributions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts in the statements of net assets available for benefits and statement of changes in net assets available for benefits. Actual results could differ from those estimates.

(c) Adoption of New Accounting Pronouncements

In January 2010, FASB issued Accounting Standards Update (ASU) 2010-06 *Improving Disclosures about Fair Value Measurements*, which is an update to ASC Topic 820, *Fair Value Measurements and Disclosures*. This update establishes further disclosure requirements regarding transfers in and out of Levels 1 and 2, and activity in Level 3 fair value measurements. In addition, Plans will be required to disclose quantitative information about the inputs used in determining fair values. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009, except for the new Level 3 disclosures, which will become effective for annual reporting periods beginning after December 15, 2010. The Plan adopted ASU 2010-06 on January 1, 2010 and the adoption had no impact on the Plan's net assets available for benefits or changes in net assets available for benefits as it only amends required disclosures.

In September 2010, the FASB issued Accounting Standards Update 2010-25, Reporting on Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Plan adopted this standard during 2010.

(2) Summary of Significant Accounting Policies - Continued

(d) Investment Valuation

The Plan's investments are stated at fair value. The units of the pooled separate accounts are valued using the net asset value provided by the administrator of the fund. (See Note 8)

(e) Administrative Expense

The administrative expenses of the Plan are shared by the Plan and Company.

(f) Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(3) Certification of Plan Investments (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Hartford Life Insurance Company, the custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2010 is complete and accurate

- Investments at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits.
- Net investment income and related investment activity as shown in the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year), as shown in the supplemental schedule.

The Plan's independent auditors' did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) Investments

Investments which individually comprise greater than 5% of net assets available for Plan benefits are as follows at December 31, 2010 and 2009:

	2010	2009
Blackrock Global Allocation	$ 274,153	277,959
Columbia Mid Cap Value	273,430	190,918
Eaton Vance Income Fund Of Boston	*	160,959
Janus Forty	433,514	413,817
Lord Abbett Small Cap Blend	333,413	270,966
PIMCO Total Return	184,540	164,499
Templeton Foreign	210,815	195,304
Victory Diversified Stock	184,739	143,903
Janus Enterprise	*	177,376

* Investment did not represent 5% or more of the Plan's net assets available for benefits.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Income Tax Status

The Prototype Plan is a qualified profit sharing plan under Section 401(K) of the Internal Revenue Code (IRC) and, as such, is exempt from federal income taxes under Section 501(a) of the IRC. The Prototype Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Party-in-Interest

Plan investments are units in pooled separate accounts which are managed by Hartford Life Insurance Company. Hartford Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as a party in interest transactions. Participant loan transactions are also considered to be party-in-interest transactions, because they are transacted with Plan participants.

(8) Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification 820 "Fair Value Measurements and Disclosures" (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets
b) Quoted prices for identical or similar assets or liabilities in inactive markets
c) Inputs other than quoted prices that are observable for the asset or liability
d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Pooled Separate Accounts:
These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The NAV is classified within level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

(8) Fair Value Measurements - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010.
