REPORT OF INDEPENDENT AUDITORS

To the Trustees
INTERVENTION INC. 401(k) Plan and Trust
Westminster, Colorado

We were engaged to audit the statement of net assets available for benefits of the INTERVENTION INC. 401(k) Plan and Trust (the "Plan") as of March 31, 2011 and 2010, and the statement of changes in net assets available for benefit and supplemental schedules for the years then ended. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to investment income and investments, which was certified by Principal Life Insurance Company (the "trustee"), except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of March 31, 2011 and 2010, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES

General

The following description of the INTERVENTION INC. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

The Plan is a defined contribution plan covering employees of INTERVENTION INC. 401(k) Plan and Trust (the "Company"). Employees are eligible to become a participant of the Plan when the employee first meets the requirements of six months of service and attainment of 21 years of age. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Tax Status

The plan obtained its latest determination letter on May 10, 2004, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Participants' Accounts

Each participant's account is credited with the participant's contribution and allocation of-

- The Company's matching and discretionary contributions,
- Plan earnings and losses, and
- The Participant's contributions.

Investments

The Plan's investments in mutual funds are stated at fair value. The funds are valued on a daily basis based upon the quoted market prices of the mutual funds. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis, which approximates the accrual basis. Dividends are recorded on the ex-dividend date. Investments representing 5% or more of assets are separately identified on the Statements of Net Assets Available for Benefits.

A. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Participants may elect to make salary deferral contributions of up to 75% of their compensation, subject to certain Internal Revenue Service limitations. Participants may change their elective deferral percentages quarterly. The Company makes a matching contribution of 100% of a participant's elective deferral amounts up to 7.5% of compensation. The Company may also make discretionary contributions.

Vesting

Participants are immediately vested in their salary reduction contributions plus actual earnings thereon. Company matching and non-elective contributions vest pursuant to the following schedule:

Years of Service	Vesting Percentage
Less than 1 year	0%
1 year	50%
2 years	75%
3 years	100%

Forfeiture Provisions

Forfeitures of employee contributions are used to reduce future employer contributions. There were no forfeiture balances of employee contributions at March 31, 2011. Forfeiture balances amounted $1,322 at March 31, 2010.

Payment of Benefits

At termination of service, as defined by the Plan, the participant receives 100 percent of his/her deferral account and earnings plus the vested portion of the 401(k) account. A participant may receive the value of his or her account as a lump sum payment, as installment payments over a specified period of time (annually, quarterly or monthly), not exceeding the participants' life expectancy or joint life expectancy with their designated beneficiary, or as part lump sum and part installment payments. The vested account balances of terminated participants amounted to $101,235 and $92,863 as of March 31, 2011 and 2010.

Plan Termination

Although it does not intend to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable, Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Participants may borrow from their fund any amount up to a maximum equal to the lesser of $50,000 less the highest outstanding loan amount during the prior 12 months or 50% of the non-forfeitable account balance.

A. DESCRIPTION OF PLAN AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable, Participants (Continued)
Loan terms range from 1-5 years. The interest rate is based upon the prime rate as published in the Wall Street Journal on the day of the loan request. Principal and interest is paid ratably through payroll deductions at least quarterly.

B. TRUSTEE AND ADMINISTRATIVE SERVICES

The Standard serves as the trustee whereby its services included executing participants' investment transactions and the payment of benefits. The Standard provided 2011 and 2010 fund summaries by investment type, which were used to prepare the Plan's financial statements. These fund summaries were certified by the trustee as being complete and accurate. The Company pays the Plan's trustee and accounting fees. Administrative fees paid by the Company on behalf of the Plan were $9,220 and $34,851 during the years ended March 31, 2011 and 2010, respectively. These fees are not reflected in the accompanying financial statements. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee for the years ended March 31, 2011 and 2010:

	2011	2010
Mutual funds, at fair value	$1,963,937	$1,450,754
Participant loans	$42,838	$20,890
Net (depreciation) appreciation on investments	$201,675	$250,084
Interest and dividends	$1,148	$7,958

C. FAIR VALUE OF FINANCIAL INSTRUMENTS

Assets and Liabilities Measured at Fair Value on a Recurring Basis
Financial Accounting Standards Board Statement No. 820, Fair Value Measurements (FASB), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

C. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

Assets and Liabilities Measured at Fair Value on a Recurring Basis (Continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at March 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the major categories of assets and liabilities measured at fair value on a recurring basis as of March 31, 2011:

Description	Level 1: Quoted prices in active markets	Level 2: Internal models with significant observable market parameters	Level 3: Internal models with significant unobservable market parameters	Total at March 31, 2011
Mutual funds	$ 1,963,937	$ -	$ -	$ 1,963,937
Total	$ 1,963,937	$ -	$ -	$ 1,963,937

C. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The following are the major categories of assets and liabilities measured at fair value on a recurring basis as of March 31, 2010:

Description	Level 1: Quoted prices in active markets	Level 2: Internal models with significant observable market parameters	Level 3: Internal models with significant unobservable market parameters	Total at March 31, 2010
Mutual funds	$ 1,450,754	$ -	$ -	$ 1,450,754
Total	$ 1,450,754	$ -	$ -	$ 1,450,754

The carrying value of short-term receivables and payables approximate their fair value as of March 31, 2011 and 2010.
