Independent Auditor's Report

To The Administrative Committee of the
Createc Corporation 401(k) Profit Sharing Plan:

I was engaged to audit the financial statements of the Createc Corporation 401(k) Profit Sharing Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010 and the supplemental schedule as of and for the year ended December 31, 2010 as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. I have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that I did not audit, I am unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Createc Corporation ("Company" and "Plan Sponsor") 401(k) Profit Sharing Plan ("Plan") provides only general information. The Plan was originally effective January 1, 1989, restated in its entirety effective January 1, 2009, and amended thereafter. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General - The plan is a defined contribution plan covering all full-time employees of the Company. For salary reduction and matching contributions, an employee must have completed six months of service to be eligible to participate. For discretionary profit sharing contributions, an employee must have completed one year of service, and attained the age of 18 to be eligible. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may elect to make pretax annual contributions to the plan of 1% - 15% of eligible compensation. Participants who are age 50 or older may elect to defer additional amounts as catch up contributions. The Company makes matching contributions to the plan in the amount of 50% of the participant's salary deferral contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers an insurance investment contract and mutual funds as investment options for participants. The Company may, at its discretion, make a discretionary profit sharing contribution. Contributions are subject to certain limitations.

Other Contributions - During the 2010 plan year, the plan received $49,233 as a result of an U.S. Securities and Exchange Commission (SEC) settlement. These funds were allocated to participants, with a balance, who were eligible at the time of the SEC infraction.

Participant Accounts - Each participant's account is credited with the participant's contribution, and allocations of the Company's contribution, Plan earnings, forfeitures of terminated participant's nonvested accounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions, their rollover contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is at the rate of 20% each year after 1 year of service.

401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (continued)

Participant Loans - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account value or $50,000. The loans are secured by the balance in the participant's account and bear interest at 6%. The maximum number of loans a participant may have at any given time is one. The loan duration must be at least one year, but not more than five years. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive a distribution from the plan. The plan allows for distributions to be made in one of the following forms: (1) lump sum payments in cash, (2) monthly, quarterly or annual installments or (3) annuity options. The plan also allows hardship distributions.

Forfeited Accounts - Company contributions are reduced by forfeited nonvested accounts. Forfeitures applied for 2010 were $18,632 and for 2009 were $14,355.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review - Subsequent events were evaluated through September 7, 2011, which is the date the financial statements were available to be issued.

Estimates - Preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available For Benefits presents the fair value of the investment contracts, which is also the contract value. Therefore, there is no adjustment between fair value and contract value. The Statement of Changes In Net Assets Available for Benefits is prepared on a contract value basis.

CREATEC CORPORATION
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable From Participants - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements. Participant loans are valued at amortized cost, which represents fair value. The fair value of the guaranteed investment contract is the contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment Of Benefits - Benefits are recorded when paid.

Payment Of Plan Expenses - The plan sponsor pays most of the plan's expenses.

Concentration Of Investments - The assets of the plan are primarily financial instruments which are monetary in nature. Accordingly, interest rates have a more significant impact on the plan's performance than do the effects of general levels of inflation. Interest rates generally do not move in the same direction or with the same magnitude as prices of goods and services as measured by the consumer price index. Investments are subject to risk conditions of the individual Trust funds' objectives, stock market performances, interest rates, economic conditions and world affairs.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available For Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active

CREATEC CORPORATION

NOTES TO THE FINANCIAL STATEMENTS

NOTE C - FAIR VALUE MEASUREMENTS (continued)

markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded, when available.

Level 2 Fair Value Measurements

The fair value of the guaranteed investment contract with the insurance company for which quoted market prices are not available is determined by the contract value.

Level 3 Fair Value Measurements

The fair value of participant loans is equal to the unpaid principal balances plus any accrued but unpaid interest.

NOTE D - INVESTMENTS (UNAUDITED)

Investments were held in American United Life Insurance Company (AUL), the custodian. AUL has certified year end statements as being complete and accurate. I have not audited these investments except for comparing the information with related information included in the financial statements and supplemental schedule.

The following presents investments that represent 5% or more of the plan's net assets.

	December 31,	
Description	2010	2009
Russell Lifepoints Balanced 1,668,235 and 1,657,584 shares, respectively	$ 2,420,031	$ 2,126,806
Russell Lifepoints Growth 1,397,592 and 1,293,455 shares, respectively	2,018,986	1,642,653
Russell Lifepoints Equity Growth 595,240 and 579,626 shares, respectively	844,864	724,755
AUL Fixed Fund (See Note E) 1,461,889 and 1,371,087 shares, respectively	1,578,030	1,471,730

During 2010 the plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by $1,006,089 as follows:

Mutual funds	$ 936,357
Interest	69,732
	$1,006,089

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is funded with a group annuity contract (the Contract) issued by American United Life Insurance Company (AUL), a One America company. The Contract offers a fixed interest investment option (the Fixed Option) through AUL's general account and a number of variable investment options through an AUL separate account. Funds allocated to the Fixed Option are placed in the AUL general account where they are invested in accordance with AUL's general investment policy. These funds will earn interest at the higher of the rate guaranteed under the contract, or the current rate established and declared in advance by AUL.

CREATEC CORPORATION
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, which is also fair value, as reported to the plan by One America. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note C, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the plan by One America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2010 and 2009 was $1,578,030 and $1,471,730 respectively. The crediting interest rate is based on the return AUL expects on new investments made by it and held within the AUL general account, and will always equal or exceed the contractually guaranteed rate. Interest rates are reviewed on a quarterly basis for resetting.

The termination and subsequent distribution of the entire contract may result in the application of a surrender charge and/or one-time adjustment to the aggregate fixed option value. This is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan trustee or Plan sponsor. The Plan administrator does not believe that an event is probable of occurring that would limit the Plan's ability to transact at contract value with Plan participants.

The guaranteed investment contract does not permit the insurance company to terminate the agreement.

CREATEC CORPORATION
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE E - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

The fixed interest option paid the following percentages on new contributions by quarter in:

	2010	2009
1st Quarter	3.25%	4.60%
2nd Quarter	3.10%	4.15%
3rd Quarter	2.00%	4.55%
4th Quarter	2.00%	3.75%

NOTE F - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by American United Life Insurance Company. American United Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $1,452 for the year ended December 31, 2010.

NOTE G - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE H - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE I - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available For Benefits.

NOTE J - SUBSEQUENT EVENTS

The Plan Sponsor sold its assets to another organization effective January 1, 2011. It is anticipated that the Plan will be merged with the new organization's 401(k) Plan effective January 1, 2012.

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
