WALTER G. ANDERSON, INC. EMPLOYEES RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 1 - Description of the Plan

The following description of the Walter G. Anderson, Inc. Employees Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan's summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Walter G. Anderson, Inc. (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the sponsor and administrator of the Plan. Effective December 1, 2003, the Plan appointed Prudential Trust Company as record keeper and trustee of the Plan. All employees who are members of job classifications defined by the Plan and have completed at least one year of service with the Company are eligible to participate. Upon enrollment in the Plan, a participant may direct their contributions and employer contributions to any combination of 17 investment options.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation (salary reduction contributions), as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Plan allows participants age 50 and older to make catch-up contributions. The employer matches a percentage of the participant's compensation. Additional employer contributions may be contributed at the discretion of the Company's Board of Directors. The Company made discretionary contributions of $364,114 for the year ended December 31, 2010. Contributions are subject to certain limitations.

Participant's Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the employers' contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions and employers' matching contributions plus earnings thereon. Participants who leave the Plan because of death, retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Employers' discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting Years of Service	Percentage Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants must complete 1,000 hours of service in a Plan year to receive a year of service for vesting purposes.

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled $59 and $58, respectively. These accounts will be used to reduce the employer's matching contributions. For the year ended December 31, 2010, no forfeitures were used to reduce employer matching contributions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 62. The Plan allows for distributions in the form of a lump-sum, partial lump-sum, and installment payments. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the Plan.

At December 31, 2010 and 2009, there were no unpaid distributions approved by the Plan administrator.

Termination of Plan

Although they have not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

The Plan permits loans to all participants from their elective deferral and rollover accounts. Loans are paid first from a participant's rollover account, if any, and then from the participant's elective deferral account. A participant may not have more than two loans outstanding and all loans must be a minimum of $1,000. The maximum loan amount, when added to the outstanding balance of any existing loan, is 50% of the participant's balance in the elective deferral and rollover accounts, or $50,000, whichever is less. Loans are secured by the participant's loan account. The loans bear interest at one percent over the bank prime loan rate as stated at www.federalreserve.gov. Principal and interest is paid through weekly or bi-monthly payroll deductions. Interest rates on participant loans ranged from 4.25% to 9.50% at December 31, 2010.

Administrative Expenses

Substantially all costs of Plan administration are paid by the Company.

Subsequent events

The Plan has evaluated subsequent events through July 20, 2011, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

NOTE 1 - Description of the Plan (cont.)

Reclassification

For comparability, certain 2009 amounts have been reclassified to conform with classifications adopted in 2010.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments consist of mutual funds and a common/collective trust fund held by the Plan's Trustee. The Plan's investments are valued at fair value based on quoted market prices, which represent the net asset value of shares held by the Plan at year end. Investment contracts held by a defined contribution plan are required to be reported at fair value with an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value on the statement of net assets available for benefits.

Net appreciation in fair value of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation in fair value of investments. Net unrealized appreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits and in individual participant accounts.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Notes Receivable from Participants

In September 2010, the Financial Accounting Standards Board (FASB) released Accounting Standards Update (ASU) 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans. The ASU clarifies how loans to participants should be classified and measured by defined contribution pension benefit plans. Participant loans were previously classified as investments at fair value. The ASU requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. As required under the ASU, the Plan has retrospectively adopted the ASU at December 31, 2009.

The adoption of the ASU impacted the classification of participant loans on the statement of net assets available for benefits, but had no impact on net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Fair Market Value

The plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The Plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from the pricing services.
