We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the sub-custodian as of November 30, 2010 and December 31, 2009 and for the period January 1, 2010 through November 30, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. # **CLP HOURLY UNION SAVINGS PLAN**

## ***Notes to Financial Statements***

### ***Note 1 - Description of the Plan***

The following description of the CLP Hourly Union Savings Plan provides only general information; therefore, certain exceptions may exist within the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### ***General***

Effective November 30, 2010, the trustees of the Plan and of the Dayton Progress/PCS Employee Retirement Plan approved the merger of the CLP Hourly Union Savings Plan into the Dayton Progress/PCS Employee Retirement Plan and, accordingly, the Plan transferred the assets into the Dayton Progress/PCS Employee Retirement Plan on November 30, 2010.

The Plan was a defined contribution profit sharing plan with a cash deferred arrangement which covered eligible employees of Connell Limited Partnership ("CLP") and Danly IEM, LLC (collectively referred to as the "Employer"). The Plan covered certain hourly paid employees, as defined of the Employer that were covered under a collective bargaining agreement with a recognized union after the completion of a 90 day period of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All investments were participant-directed.

#### ***Participant Contributions***

Participants were able to elect to defer, in whole percentages of 1%, at least 1% (up to a maximum of 50%) of their annual pre-tax compensation as defined by the Plan, up to the maximum amount set by Federal law. Participants who had reached the age of 50 before the end of the Plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified plans ("Participant Rollovers").

#### ***Employer Contributions***

The Employer made contributions to the Plan, subject to compliance with the requirements of any collective bargaining agreements, which were calculated using the method specified in the applicable collective bargaining agreement, subject to limitations imposed by the Internal Revenue Code. In addition, the Employer, at its discretion, was able to make additional contributions known as Qualified Non-Elective Contributions, also subject to the limitations imposed by the Internal Revenue Service. There were no Employer contributions required or made to the Plan in 2010.

#### ***Participant Accounts***

Each participant's account was credited with the Participant's contribution and an allocation of (a) the Employer's contributions, (b) the Plan's investment earnings, (c) charged with an allocation of investment fees and (d) charged with direct administrative expenses. Allocations of earnings, fees and expenses were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the Participant's vested account balance.

# **CLP HOURLY UNION SAVINGS PLAN**

## ***Notes to Financial Statements***

### ***Note 1 - Description of the Plan (Continued)***

#### ***Vesting***

##### ***Participant Contributions***

Participants were immediately vested in their voluntary contributions plus actual earnings thereon.

##### ***Employer Contributions***

Participants were immediately vested in the "Qualified Non-Elective Contribution" account. Vesting in other Employer contribution accounts plus actual earnings thereon was based on years of continuous service. A year of service was defined as a twelve-month period with a minimum of 1,000 hours of service. A participant began vesting after one year of service and was 100% vested after five years of service.

#### ***Forfeitures***

Forfeitures were first used to restore the account balance for any participant who resumes employment with the Employer after any portion of the amount previously contributed to his or her Employer contribution account had been forfeited. A participant's account shall be restored to its value, including earnings, gains and losses as of the date of forfeiture. The remaining forfeitures shall be applied to Plan expenses and then, if any still remain, be added to and allocated in the same manner as the Employer contributions for such Plan year. At November 30, 2010 and December 31, 2009, unused forfeited account balances totaled \$0 and \$22, respectively. During 2010, no forfeitures were used to pay Plan expenses.

#### ***Payments of Benefits***

Upon termination of service or upon the attainment of normal retirement age, a participant was able to elect to receive either a lump-sum cash out or a direct rollover, equal to the value of the Participant's vested account balance. Upon death or disability, a participant becomes 100% vested in his or her account balances. In addition, if a participant's account is less than \$1,000 and a distribution election has not been made, the Plan's administrator will distribute the benefit to the Participant in the form of a lump-sum payment. The Plan also allows for hardship withdrawals from a participant's deferral account, less earnings credited after July 1, 1989 and the Participant's vested portion of the Employer's contribution account. Participants must have obtained all loans currently available under the Plan before being eligible for a hardship withdrawal. All deferral contributions will be suspended for a period of six months after the receipt of the hardship withdrawal.

#### ***Notes Receivable from Participants***

Participants were able to borrow a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms generally ranged from one to five years (or up to 10 years for the purchase of a primary residence). The loans were secured by the vested balance in the Participant's account and bore interest at a rate commensurate with local prevailing rates charged for similar loans as determined by the Plan administrator. A participant was allowed to have up to two loans outstanding at any one time. Principal and interest were repaid ratably through payroll deductions.

# **CLP HOURLY UNION SAVINGS PLAN**

## ***Notes to Financial Statements***

### ***Note 1 - Description of the Plan (Continued)***

#### ***Plan Transfers***

When participants of the CLP Profit Sharing and Savings Plan became members of a recognized union that provided for participation in the CLP Hourly Union Savings Plan, or vice versa, the participants' account balances were transferred to or from the appropriate plan. There were no transfers during 2010 for union participants.

#### ***Plan Administration***

The Employer was the Plan administrator and had the authority to appoint person(s) or entities to carry out the operations of the Plan.

#### ***Administrative Expenses***

Administrative, audit, trustee, recordkeeping and certain consulting and fund manager fees associated with the Plan were paid from Plan assets in 2009 and in 2010 audit and legal fees were paid by the Plan Sponsor while other costs were paid from Plan assets. In 2009, a portion of legal fees associated with the Plan were paid from Plan assets in accordance with applicable Department of Labor guidelines.

### ***Note 2 - Summary of Significant Accounting Policies***

#### ***Investments, Investment Valuation and Income***

Investments were reported at fair value, and purchases and sales of securities are recorded on the trade date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income was recorded on the accrual basis. Dividend income was recorded on the ex-dividend date. Investment management fees are offset against investment income. Net appreciation includes the Plan's realized gains and losses on investments bought and sold as well as unrealized gains and losses on assets held during the year.

The Plan followed financial accounting standards relative to fair value measurements, which, among other matters, requires enhanced disclosures about investments that are measured and reported at fair value. The standard establishes a hierarchical disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value under U.S. generally accepted accounting principles. Market price observability is affected by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

## ***Notes to Financial Statements***

### ***Note 2 - Summary of Significant Accounting Policies (Continued)***

#### ***Unit Values***

Individual participant accounts for the common/collective trusts were maintained on a unit value basis. Participants did not have beneficial ownership in their specific underlying securities or other assets in the funds, but had an interest therein represented by units valued daily. The funds earned dividends and interest which were automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund were converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts were charged or credited with the number of units properly attributable to each participant.

#### ***Benefits Paid***

Benefit payments were recorded when paid.

#### ***Use of Estimates***

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could have varied from the estimates that were used.

#### ***Subsequent Events***

The Employer has evaluated subsequent events through September 12, 2011, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

#### ***New Accounting Pronouncements***

The following new accounting pronouncements were adopted during the period ended November 30, 2010:

##### ***Fair Value Disclosures***

In January 2010, the FASB issued guidance which expanded the required disclosures about fair value measurements. In particular, this guidance requires (i) separate disclosure of the amounts of significant transfers in and out of Level I and Level II fair value measurements along with the reasons for such transfers, (ii) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level III fair value measurements, (iii) fair value measurement disclosures for each class of assets and liabilities and (iv) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level II or Level III. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for (ii) above which is effective for fiscal years beginning after December 15, 2010. Net assets available for benefits and changes in net assets available for benefits of the Plan were not affected by the adoption of the new guidance.

#### ***New Accounting Pronouncements (Continued)***

##### ***Notes Receivable from Participants***

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. Participant loans are required to be classified as notes receivable from participants (rather than investments) and measured at their unpaid principal balance, plus any accrued but unpaid interest. The guidance, which must be applied retrospectively, is effective for fiscal years after December 15, 2010 with early adoption permitted. The Plan adopted this guidance in its November 30, 2010 financial statements; however, there were no outstanding participant loans in 2010.

##### ***Notes Receivable from Participants***

Notes receivable from participants were measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans were reclassified as distributions based upon the terms of the Plan document.

### ***Note 3 - Investments***

Plan investments were held in mutual fund and common/collective trust accounts by the Plan's trustee, SEI Private Trust Company (SEI). The fair values of investments and all investment transactions, including interest and dividends, and net appreciation (depreciation) in fair values are reported to the Plan and certified as complete and accurate by Wells Fargo, N.A., as sub-custodian for SEI. Participants in the Plan may direct contributions to any of twelve investment options.

The following investments represented 5% or more of the value of Plan net assets available for benefits at December 31, 2009:

|                                 |    |         |
|---------------------------------|----|---------|
| SEI Stable Asset Fund           | \$ | 864,119 |
| SEI Large Cap Value Fund        |    | 804,116 |
| SEI Aggressive Strategy Fund    |    | 369,915 |
| SEI Market Growth Strategy Fund |    | 216,699 |
| SEI Small Cap Growth Fund       |    | 238,821 |
| SEI Large Cap Growth Fund       |    | 216,329 |
| Participant Loans               |    | 183,801 |

### ***Note 3 - Investments (Continued)***

As described in financial accounting standards relative to reporting of fully benefit-responsive investment contracts held by certain investment companies, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the standards, the Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Since the investment assets of this Plan have transferred on November 30, 2010, there is no adjustment reflected in these financial statements for 2010.

### ***Note 4 - Fair Value Measurements***

Investments measured and reported at fair value were classified and disclosed in one of the following categories:

Level I – were quoted prices in active markets for identical investments that the Plan has the ability to access at the measurement or reporting date. The type of investments generally included in this category includes listed equities and mutual funds.

Level II – were inputs (other than quoted prices in active markets included within Level I), which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies. Investments which are generally included in this category include corporate bonds, less liquid and restricted equity securities, and certain over-the-counter derivatives.

Level III – were unobservable inputs for the investment and includes situations where there is little, if any, market activity for the investment. Unobservable inputs are those that reflect the Plan's own assumptions about the determination of fair value and require significant management judgment or estimation. Investments which are generally included in this category may include private equity funds, hedge funds, partnerships and limited liability companies.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy was based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Following is a description of the valuation methodologies used for assets measured at fair value.

#### ***Mutual Funds***

Valued at quoted market prices which represents the net asset value (NAV) of shares held by the Plan at year end.

## Notes to Financial Statements

### Note 4 - Fair Value Measurement (Continued)

#### Common/Collective Trust Fund

Valued at estimated fair value as determined by the issuer of the common/collective trust fund based on fair market value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Based on the fair value hierarchy levels, the investments held by the Plan as of December 31, 2009 were as follows:

| Description                     | Fair Value Measurements as of December 31, 2009 |                   |             |                     |

### Note 5 - Plan Merger

The trustees of the Plan and the Dayton Progress/PCS Employee Retirement Plan approved the merger of the CLP Hourly Union Savings Plan into the Dayton Progress/PCS Employee Retirement Plan, effective November 30, 2010. As a result, effective November 30, 2010, participant accounts were transferred from the Plan to the Dayton Progress/PCS Employee Retirement Plan and participants of this Plan became participants of the Dayton Progress/PCS Employee Retirement Plan.

### Note 6 - Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

# CLP HOURLY UNION SAVINGS PLAN

## *Notes to Financial Statements*

### ***Note 7 - Exempt Party-In-Interest Transactions***

Plan investments include shares of mutual funds and units of a common/collective trust account that were managed by an affiliate of SEI Private Trust Company, the Plan's trustee. Therefore, these transactions qualified as party-in-interest transactions. Notes receivable from participants also qualified as exempt party-in-interest transactions, as defined by ERISA.

### ***Note 8 - Tax Status***

The Plan obtained its latest determination letter on October 9, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of November 30, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

### ***Note 9 - Reclassifications***

Certain investments in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements. There has been no impact on the previously reported net assets available for benefits or the current year changes in net assets.
