The Plan Administrator
CIC Group, Inc. Employees Pension Plan

Independent Auditor's Report

We have audited the accompanying statements of net assets available for benefits of CIC Group, Inc. Employees Pension Plan as of November 30, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the CIC Group, Inc. Employees Pension Plan as of November 30, 2010 and 2009, and the changes in its financial status for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Plan Administrator
CIC Group, Inc. Employees Pension Plan

The supplemental Schedule H, line 4i Schedule of Assets (Held at End of Year) as of November 30, 2010 that accompanies the Plan's financial statements does not disclose the historical cost of nonparticipant-directed plan assets held by the Plan custodian. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974.

CIC GROUP, INC. EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS

NOVEMBER 30, 2010 AND 2009

1. Description of the Plan

The following description of the CIC Group, Inc. Employees Pension Plan (the Plan) sponsored by CIC Group, Inc. (the Company) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit pension plan extended to all employees, which includes salaried employees (aged 18 or over and having 1,000 hours of service in a 12-month period) of the Company and its participating subsidiaries, Nooter Corporation, Nooter Construction Company, St. Louis Metallizing Company, Nooter/Eriksen, Inc., Superior Corporate Travel, Inc., Wyatt Field Service Company, Pressline Services, Inc., Arc Melt Inc., Mega Met Solid Metals, RMF Nooter, Inc., Delta Nooter, Inc. and NE Environmental Tech, LC. (As of September 1, 2003, Nooter Construction Company acquired the assets of RMF Nooter, Inc. and Delta Nooter, Inc. Employees of these entities were eligible to participate effective October 1, 2003.)

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The pension benefits under the plan were frozen effective November 30, 2007. There will be no future benefit accruals in the plan and employees will not earn any additional benefits after November 30, 2007. There will be no pension plan benefits available to employees who have not met the participation requirements of the plan on or before December 1, 2007.

Administration

The Company is designated as the administrator of the Plan. The Board of Directors appointed a Retirement Committee, consisting of three persons, to assist and advise in the administration of the Plan. The Retirement Committee has discretionary and final authority to determine eligibility for benefits, actual coverage, and payment of benefits and final authority to construe all terms of the Plan. The members of the Retirement Committee also serve as trustees for the Plan and are responsible for maintaining the plan assets in a trust fund. The assets of the Plan are held at the Vanguard Group (Vanguard), which collects investment income and executes trust asset transactions as directed by the Retirement Committee. Substantially all administrative expenses are paid by the Plan. Certain expenses are paid by the Company.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOVEMBER 30, 2010 AND 2009

1. Description of the Plan (continued)

Pension Benefits

Participants become fully vested after five years of vesting service or reach age 62, as defined by the Plan. A participant whose employment by the Company terminates prior to his or her normal retirement date and prior to the completion of five years of vesting service shall not be entitled to any benefits under the Plan. The plan provides for normal retirement benefits upon reaching age 65 and has provisions for disability, early and postponed benefits for those participants who are eligible to receive such benefits. Normal retirement benefits are based upon average monthly basic salary and years of credited service as defined by the plan provisions and are in the form of an annuity.

Contributions

Contributions to provide benefits under the Plan are made by the Company and its subsidiaries. The Company's funding policy is to make an annual contribution to the Plan based on actuarial valuations and recommendations as to the amounts required to fund benefits under the Plan. The company has met the ERISA minimum funding requirements in 2010 and 2009.

Plan Termination

Although the Company has not expressed any intent to do so, it has the right to terminate the Plan. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits, to the extent described in the Plan after provision for the expenses of liquidation, in the order indicated:

- Pensions that became payable or could have become payable under provisions of the Plan three or more years before the effective date of plan termination.
- Pensions for those participants who were not covered under the above whose employment either terminated prior to the effective date of the plan termination or, had their employment terminated prior to this date, who would have been eligible for any immediate or deferred pension benefits as provided under the Plan.
- Other vested benefits not provided for above.
- Other benefits not provided for above.

CIC GROUP, INC. EMPLOYEES PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOVEMBER 30, 2010 AND 2009

1. Description of the Plan (continued)

Plan Termination (continued)

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees. Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the level of benefits guaranteed by the PBGC.

2. Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through August 12, 2011, which is the date the financial statements were available to be issued.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. Summary of Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances – retirement, death, disability, and termination of employment- are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Payment of Benefits

Benefit payments to participants are recorded upon distributions.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
FOR THE YEARS ENDED NOVEMBER 30, 2010 AND 2009

3. Fair Value Measurements (continued)

	Fair Value Measurements at Reporting Date Using:	
	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level1)
<u>November 30, 2010</u>		
Mutual Funds:		
Equity Funds	\$ 28,470,208	\$ 28,470,208
Bond Fund	<u>17,347,558</u>	<u>17,347,558</u>
Total	<u>\$ 45,817,766</u>	<u>\$ 45,817,766</u>
<u>November 30, 2009</u>		
Mutual funds:		
Equity Funds	\$ 27,702,406	\$ 27,702,406
Bond Fund	<u>14,475,482</u>	<u>14,475,482</u>
Total	<u>\$ 42,177,888</u>	<u>\$ 42,177,888</u>

The fair value measurements authoritative literature establishes a fair value hierarchy that inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

FOR THE YEARS ENDED NOVEMBER 30, 2010 AND 2009

4. Investments

The following table presents the fair value of investments that represent 5% or more of the Plan's net assets.

	<u>2010</u>	<u>November 30</u> <u>2009</u>
Vanguard Total Stock Market Index Fund	\$ 21,415,313	\$ 20,873,665

Vanguard Pacific Stock Index Fund	3,774,255	3,441,291
Vanguard European Stock Index Fund	3,280,640	3,387,450

During 2010 and 2009, the Plan's investments appreciated in value by \$2,466,382 and \$6,073,932 respectively as follows:

	<u>Year Ended November 30</u> <u>2010</u>	<u>2009</u>
Investments at Fair Value as Determined by Quoted Market Price:

	<u>\$ 2,466,582</u>	<u>\$ 6,073,932</u>

5. Actuarial Present Value of Accumulated Plan Benefits

The actuarial present value of accumulated plan benefits has been determined by an actuary from Towers Watson PA, Inc. and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

5. Actuarial Present Value of Accumulated Plan Benefits (continued)

The actuarial present value of accumulated plan benefits as of December 1, 2009 and 2008 is as follows:

	<u>2009</u>	<u>2008</u>
Vested Benefits:		
Participants currently receiving payments	\$ 22,249,351	\$ 16,177,002
Other participants	<u>26,745,778</u>	<u>22,062,406</u>
Total vested benefits	48,995,129	38,239,408
Non-vested benefits	<u>4,101,457</u>	<u>3,452,319</u>
Total Actuarial Present Value of Accumulated Plan Benefits	<u><u>\$ 53,096,586</u></u>	<u><u>\$ 41,691,727</u></u>

The actuarial present value of accumulated plan benefits changed from beginning of the year to the end of the year as follows:

	<u>Year Ended December 1 2009</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ 41,691,727
Changes during the year due to:	
Additional benefits accumulated	415,605
Interest due to decrease in discount period	2,958,966
Benefits paid	(1,788,097)
Assumption changes	9,818,385
Plan amendments	
Actuarial present value of accumulated plan benefits at end of year.	<u><u>\$ 53,096,586</u></u>

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOVEMBER 30, 2010 AND 2009

5. Actuarial Present Value of Accumulated Plan Benefits (continued)

The significant actuarial assumptions used in the valuations are as follows:

Discount rate 5.50% (7.25% at December 1, 2008)

Mortality:

Active and retired lives RP 2000 projected to 2015 with no collar adjustment

Disabled RP 2000 projected to 2015 with no collar adjustment,
set forward five years

Terminated Rates varying by age and sex

<i>Age</i>	<i>Male</i>	<i>Female</i>
25	7.50%	9.90%
30	4.00	5.20
40	1.25	3.15
50	0.00	0.00
55	0.00	0.00
60	0.00	0.00

Disability 50% of the 1987 CGDT

Retirement Rates varying by age

<i>Age</i>	<i>Rate</i>
62	.25
63	.30
64	.30
65	1.00

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The discount rate used to calculate the accumulated benefit obligation takes into account the actual expenses paid from the plan assets.

CIC GROUP, INC. EMPLOYEES PENSION PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOVEMBER 30, 2010 AND 2009

6. Income Tax Status

The Plan obtained its latest determination letter on March 27, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

7. Related Parties

CIC Group is the plan sponsor and a contributing employer. The company is the designated administrator of the plan with the company's Board of Directors appointing the retirement committee which assists and advises in the administration of the plan.

8. Transactions With Parties in Interest

The Vanguard Group serves as custodian and asset manager. The Vanguard Group collects investment income and executes Trust asset transactions as directed by the Retirement Committee.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits. Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumption pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

Valuation date First day of plan year

Funding target Present value of accrued benefits

Target normal cost Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year

Actuarial value of assets Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of fair value, including contributions receivable.

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
