INDEPENDENT AUDITOR'S REPORT

To the Retirement Plan Committee for the
DFA of California 401(k) Plan
Sacramento, California

We were engaged to audit the accompanying financial statements and supplemental schedule of DFA of California 401(k) Plan (the Plan) as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DFA OF CALIFORNIA 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

---

1. DESCRIPTION OF THE PLAN

The following description of the DFA of California 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established on July 1, 1998, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides benefits for all employees of DFA of California (the Association) who have completed six months of service, as defined, and have attained the age of 21. Prior to September 20, 2010, employees at the Association were eligible to participate in the Plan after completing one year of service, as defined, and attaining age 21.

Administration – The Association is the administrator of the Plan and, as such, carries out the duties imposed under ERISA. The Association has delegated certain responsibilities for the operation and administration of the Plan. Administrative and recordkeeping services are provided by Fidelity Management Trust Company. Plan investments are managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company; therefore, the related transactions are party-in-interest transactions.

Contributions – Participants may contribute up to the maximum amount allowed by IRS limitations through pre-tax salary deferrals or Roth contributions, which are after-tax participant deferral contributions. Participants are also permitted to deposit into the Plan distributions received from other plans (rollovers).

Matching – On May 5, 2005, the board approved employer matching contributions of 3% of participant compensation for participants who have elected to defer beginning July 1, 2005 forward. Each pay period, participants receive a dollar-to-dollar match on their deferrals of up to 3% of their compensation.

Participant accounts – Individual accounts are maintained for each Plan participant to reflect the participant's contributions and related matching contribution. Income and loss is allocated to the participant's account based on the ratio of the account balance of the individual participant to the aggregate of all account balances of all participants in the fund within the Plan. The vested balance in a participant's account is the benefit to which the participant would be entitled upon termination or retirement.

Vesting – Participants' contributions and rollovers from other qualified plans are 100% vested at all times. The Association's matching contributions vest at a rate of 20% per year of service.

Payment of benefits – Benefits are payable upon retirement, termination, disability, hardship or death. Benefits are paid in either a single lump sum distribution or a rollover to another qualified plan or an individual retirement account.

Notes receivable from participants – Under certain circumstances, participants are allowed to borrow against their vested account balance. Notes receivable must be for a minimum of $1,000 and are capped at the lesser of one-half of the participant's vested account balance or $50,000. All notes receivable must bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates. Notes receivable must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence, in which case the note repayment period may not extend beyond 10 years from the date of the note.

Forfeitures – Forfeitures are kept in a separate investment account and are applied first to reduce the employer paid administrative expenses and then employer contributions. The forfeiture account balance was $2 and $1,856 at December 31, 2010 and 2009, respectively.

Investment options – Plan investments are self-directed by the individual participants. Upon enrollment in the Plan, a participant may direct employee contributions in any selected investment options consisting of mutual funds or common/collective trust of varying risks managed by Fidelity Investments.

Costs of administration – The Plan and participants share all management costs. For 2010 these costs were $2,347 for the Plan. The Association pays all administrative costs for the record-keeper. For 2010, these costs were $9,528.

Subsequent events have been evaluated through July 21, 2011, the date the financial statements were available to be issued.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the ACIPA Investment Company Guide and Defined-Contributions Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the FSP, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment valuation and income recognition – The Plan's investments are stated at fair value as presented and certified by the Trustee. Mutual funds are valued based on public prices traded in the active market. The common/collective trust is valued using a predetermined formula based on the contract value. Purchases and sales of securities are recorded on a trade-date basis. Interest income and gains are recorded on the accrual basis. Net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on these investments, is shown in the statements of changes in net assets available for benefits.

Notes receivable from participants are valued at the outstanding note balance, plus accrued unpaid interest, which approximates fair market value.

Interest on notes receivable from participants is recognized in the period it is assessed.

Payment of benefits are recorded when paid.

Income taxes –The Plan obtained its latest determination letter on December 5, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan was subsequently amended effective December 24, 2002, to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001. Additionally, the Plan was amended effective June 30, 2006, to allow for Roth deferral contributions, and in 2010 to modify eligibility requirements. The Association has not yet received a determination letter for the amended and restated Plan. The Association believes that the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code. As of December 31, 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Recent accounting pronouncements – In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*. The guidance requires new disclosures about significant transfers in and out of Levels 1 and 2 fair value measurements and separate disclosures about purchases, sales, issuances and settlements relating to Level 3 fair value measurements. The new guidance also clarifies existing disclosure requirements regarding inputs and valuation techniques, as well as the level of disaggregation for each class of assets and liabilities for which separate fair value measurements should be disclosed. Other than requiring additional disclosures, adoption of this update will not have a material effect on the Plan's financial statements.

In September 2010, FASB issued ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and are measured at their unpaid principal balance plus any accrued but unpaid interest. Other than requiring reclassification on the participant loan balance from investments to receivables, adoption of this update will not have a material effect on the Plan's financial statements.

Reclassifications – Certain balances have been reclassified to conform to current year presentation.

3. COMMON/COLLECTIVE TRUST

The Plan's investment in common/collective trusts includes a benefit responsive stable value contract with Fidelity Investments (Fidelity), the Managed Income Portfolio. Fidelity maintains the contributions in a synthetic wrap, in which funds are invested in a pool of fixed income securities. These securities are "wrapped" by a synthetic investment contract that insures that participant-initiated withdrawals from the stable value fund will be at book (contract) value.

As described in Note 2, because the stable value contract is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value contract. Contract value, as reported to the Plan by Fidelity, represents the sum of all benefits owed to participants in that fund, and is equal to the sum of each participant's invested principal plus all accrued interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The stable value contract does not permit the fund to terminate the contract and settle at amounts other than contract value.

Interest information as of December 31 is as follows:

Average Yields	2010	2009
Based on actual earnings	2.68%	3.16%
Based on interest rate credited to participants	1.44%	1.20%

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Association has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will automatically become fully vested in their accounts.

5. FAIR VALUE MEASUREMENTS

Assets and liabilities measured at fair value are recorded in accordance with ASC 820 *Fair Value Measurements and Disclosures* (ASC 820), which clarifies that fair value is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, ASC 820 establishes a three-tier value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 Inputs	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
Level 2 Inputs	Inputs other than quoted prices in active markets that are observable either directly or indirectly.
Level 3 Inputs	Unobservable inputs in which there is little or no market data, which require us to develop our own assumptions.

At December 31, 2010, the Plan's assets subject to ASC 820 were classified as follows:

Investment type	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common/collective trust funds:			
Stable Value			$ 39,094
Mutual Funds:			
Europe Stock	$ 27,133		
Intermediate Government	6,908		
Intermediate Term Bond	180,525		
Large Blend	1,005,749		
Large Growth	6,128		
Mid Cap Growth	397,625		
Mid Cap Value	17,481		
Moderate Allocation	195,589		
Real Estate	28,524		
Retirement Income	73,142		
Target Date Fund	230,629		
World Stock	242,593		
Total	$ 2,412,026	$	$ 39,094

At December 31, 2009, the Plan's assets subject to ASC 820 were classified as follows:

Investment type	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common/collective trust funds:			
Stable Value			$ 50,785
Mutual Funds:			
Europe Stock	$ 22,691		
Intermediate Government	4,459		
Intermediate Term Bond	152,004		
Large Blend	887,117		
Large Growth	4,645		
Mid Cap Growth	351,555		
Mid Cap Value	11,092		
Moderate Allocation	171,780		
Real Estate	24,341		
Retirement Income	63,972		
Target Date Fund	136,347		
World Stock	263,344		
Total	$ 2,093,347	$	$ 50,785

The Plan's mutual funds are classified within Level 1 of the fair value hierarchy because they are measured by pricing on publicly traded markets with reasonable levels of price transparency. Investments held in the common/collective trust are classified within Level 3 of the fair value hierarchy because the underlying investments include significant amounts of assets that are fair valued using the trust's assumptions about factors market participants would use in pricing the investments.

Changes in the Level 3 assets for the year ending December 31, 2010 consist of the following:

	Common/ collective trust
Beginning balance	$ 50,785
Participant contributions	4,031
Employer contributions	1,626
Interest/dividends	517
Notes receivable interest payments	10
Notes receivable principal payments	124
Transfer out	(10,952)
Benefits paid to participants	(6,387)
Administrative expenses	(1,922)
Change in adjustment from fair value to contract value	1,262
Ending balance	$ 39,094
