NOTE 1 DESCRIPTION OF PLAN

The following description of The Dolan Company 401(k) Savings Plan (formerly DMC 401(k) Savings Plan) (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective August 1, 2003. The Plan has been amended throughout the years to comply with tax legislation and was most recently restated effective October 1, 2009 and most recently amended July 25, 2011. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers all employees of The Dolan Company (formerly Dolan Media Company) and affiliates (Company) except for employees covered by a collective bargaining agreement. Employees are eligible to participate in the Plan after attaining age 21 and the completion of six months of service. Participants enter the Plan on the first day of the month following the attainment of the eligibility requirement. Effective October 1, 2009, the service requirement was eliminated.

Effective August 8, 2010, service with Federal News Service and effective October 15, 2010 service with PVQ Publishing Group, LLC will be credited under the Plan for eligibility, vesting and contribution allocation purposes. Effective December 1, 2010, employees of Datastream Contents Solutions, LLC are allowed to participate in the Plan.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code. Eligible participants are permitted to elect to have a percentage, limited by Plan provisions and federal regulations, of their compensation contributed as pre-tax 401(k) contributions to the Plan. Participants age 50 or older are allowed to make catch-up contributions. Employees hired after October 1, 2009 are automatically enrolled to defer 3% into the Plan. These participants may change their automatic enrollment deferral percentage at any time.

The Company will make a matching contribution to the Plan. The Company matching contribution is 50% of salary deferrals up to 6% of eligible earnings. The Company may, at its discretion, elect to make a profit sharing contribution to the Plan. There were no Company profit sharing contributions for the years ended December 31, 2010 and 2009.

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to limitations.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans or conduit IRA’s.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's salary deferral, the Company's matching contribution, and an allocation of the Company's profit sharing contribution and Plan earnings or losses. Allocations are based on participant earnings or account balances as defined. Income is allocated daily based on the shares in the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after four years of credited service or upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The Plan allows participants to borrow funds from the Plan based on certain conditions. Notes are repaid through payroll deductions. Note terms are up to five years, except for notes to fund the purchase of a principal residence, for which the note may be repaid over a reasonable period that may exceed five years. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. At December 31, 2010, interest rates ranged from 5.25% to 10.25%.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future Company contributions. Forfeited non-vested accounts as of December 31, 2010 and 2009 totaled $115,782 and $35,230, respectively. There were $44,663 and $31,449 of forfeitures used to reduce Employer contributions for the years ended December 31, 2010 and 2009, respectively.

Benefit Payments

The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account balance. Upon termination of service, death, disability, or retirement (age 65), the participant will receive the value of the vested interest in his or her account in the form of a lump sum distribution. Participants may also elect to receive installments, a fixed or variable annuity, or to defer payments until age 70 1/2, if their account balance exceeds $5,000. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance exceeds $1,000 and is less than $5,000, the Plan administrator will authorize an automatic rollover to an individual retirement account (IRA). If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Fair Value Measurements

The Plan categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2010 and 2009.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments in the money market fund and mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Reclassification

During 2010, Financial Accounting Standards Board (FASB) released guidance that reclassifies participant loans from investments to notes receivable effective for fiscal years ending after December 15, 2010. The guidance requires the reclassification to be retrospectively applied to all prior periods presented. The Plan adopted this guidance effective for the Plan year ended December 31, 2010.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through August 31, 2011, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

JPMorgan Chase Bank, N.A., the trustee of the Plan through September 30, 2009, has certified to the completeness and accuracy of all investment information reflected on the accompanying statement of changes in net assets available for benefits for the nine-month period ended September 30, 2009.

New York Life Trust Company, the trustee of the Plan effective October 1, 2009, has certified to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009, the related investment activity reflected in the statements of changes in net assets available for benefits for the three-month period ended December 31, 2009 and the year ended December 31, 2010 and the schedule of assets (held at end of year) as of December 31, 2010.

During 2010, the Plan's investments in mutual funds (including investments bought, sold and held during the year) appreciated by $2,926,469.

During 2009, the Plan's investments (including investments bought, sold and held during the year) appreciated as follows:

Investments at Fair Value as Determined by Quoted Market Prices:	
Mutual Funds	$ 1,171,013
Investments at Estimated Fair Value:	
Pooled Separate Accounts	4,130,138
Total	$ 5,301,151

NOTE 6 GENERAL ACCOUNT

Through September 30, 2009, the Plan had a general account with AIG SunAmerica Life Assurance Company. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AIG SunAmerica Life Assurance Company. The general account is included in the financial statements at contract value, (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is fully benefit responsive. Upon termination of the investment contract, the lump sum liquidation value of the general account portion of the participant's accumulation value shall be equal to the product of (a) the participant's general account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. The average yield was approximately 2.17% for the nine-month period ending September 30, 2009. The crediting yield was approximately 3% for the nine-month period ending September 30, 2009. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts.

NOTE 9 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008, received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 9 PLAN TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

Through September 30, 2009, the Plan's investments were managed by JPMorgan Chase Bank, N.A, the trustee, and the recordkeeping services for the investments were provided by ADP. There was also a group annuity contract with AIG. Effective October 1, 2009, the Plan's investments are managed by New York Life Trust Company, the trustee. Therefore, transactions with these providers qualify as party-in-interest. Fees in the amount of $79,896 were paid to New York Life Trust Company for the year ended December 31, 2010. There was also a surrender charge of $123,815 for termination of the general account paid by participants to AIG SunAmerica Life Assurance Company for the nine-month period ended September 30, 2009. The Company contributed $123,916 to the Plan to restore the account balances of the impacted participants.
