NOTE 1 – DESCRIPTION OF PLAN

The following brief description of the Embee Incorporated Retirement Savings Plan (a 401(k) plan) ("Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Embee Incorporated and Embee Performance, LLC ("Companies") who have six months of service and are age twenty and one-half years or older. The Plan qualifies as a 401(k) plan under the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Companies are related in that the sole shareholder of Embee Incorporated holds a 1% interest in Embee Performance, LLC.

Contributions

Each year participants may contribute any amount up to their pretax annual compensation as defined in the Plan. A minimum contribution of 1% of compensation is required. Additional limitations are imposed by the Internal Revenue Code, which states participants are limited to a maximum annual contribution of $16,500 for 2010 and 2009. Participants who are at least age 50 by the end of the year may make a catch-up contribution of an additional $5,500 for 2010 and 2009. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies may make matching and discretionary contributions at the option of the Companies' boards of directors. For the years ended December 31, 2010 and 2009, the Companies contributed an amount equal to 50% of individual participant's deferral contributions up to a maximum of 4% of the participant's compensation.

Employees are automatically enrolled in the plan at the first entry date after they meet the eligibility requirements. Entry dates are the first day of each calendar quarter. Automatically enrolled employees defer 1% of pretax compensation into funds specifically designated by the Companies. Eligible employees may decline automatic enrollment.

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

As specified by income tax laws, the Plan must meet a special actual deferral percentage test which is designed to limit the extent to which elective contributions of highly compensated employees may exceed elective contributions of rank and file employees. As a result of these tests, some employees will have further limitations placed on their elective contributions to the plan.

NOTE 1 – DESCRIPTION OF PLAN, continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations for (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Companies' matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of credited service and 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or one-half of their vested balance. Participants are required to make regular loan payments through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 11.50%. The rates of interest are commensurate with local prevailing rates on similar loans and are determined by the Plan's administrator. The maximum loan term is five years. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

For the years ended December 31, 2010 and 2009, there were 69 and 67 active loans, respectively. The loans had an accumulated ending balance of $361,616 and $390,792 at December 31, 2010 and 2009, respectively. Interest and principal payments on all loans were current as of December 31, 2010 and 2009 and no allowance for uncollectible loans was necessary.

Administration Costs

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. The total administrative expenses for the year ended December 31, 2010 were $21,015.

NOTE 1 – DESCRIPTION OF PLAN, continued

Payment of Benefits

On termination of service due to death, retirement or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or an annuity. For termination of service due to disability, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

The Plan allows the contribution by the Companies to be reduced by the amount of forfeited accounts. For the years ended December 31, 2010 and 2009, employer contributions were reduced by $2,136 and $4,286, respectively.

Excess Contributions and Accumulated Earnings

In February 2010, the plan refunded $27,571 of excess 2009 deferral contributions and accumulated earnings to certain plan participants to comply with the relevant nondiscrimination provisions of the Plan. The amount of excess 2010 deferral contributions and accumulated earnings that were refunded to certain participants in January 2011 were $14,388.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Participant loans are valued at their outstanding balances, which approximate fair value.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Companies.

Reclassifications

Certain items in the financial statements at December 31, 2009 have been reclassified to conform to the presentation at December 31, 2010. Such reclassifications had no effect on net income.

NOTE 3 – INVESTMENTS

The Plan's investments are held by a contract with an insurance company (see Note 6). The following table presents investments held within the contract at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan has adopted the provisions of FASB ASC 820, *Fair Value Measurements and Disclosures* which addresses fair value measurement standards in financial statements prepared according to generally accepted accounting principles (GAAP). FASB ASC 820 provides for three levels of fair value hierarchy which prioritize the methods used to measure fair value, Level 1, Level 2, and Level 3. The fair value hierarchy gives the highest priority (Level 1) to quoted prices in active markets for identical assets and lowest priority (Level 3) to unobservable (non-market) methods.

At December 31, 2010 and 2009, all of the assets of the Plan as listed in Schedule H, Line 4i - Schedule of Assets Held at End of Year, except for the guaranteed interest accounts, are considered to be Level 2 type assets. The guaranteed interest accounts are not actively traded and significant other observable and comparable market values are not available. These contracts are considered to be Level 3 type assets.

The following tables set forth by fair value hierarchy level, the plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010

	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ -	$ 5,947,520	$ 437,912	$ 6,385,432

NOTE 5 – FAIR VALUE MEASUREMENTS, continued

The following is a reconciliation of activity for the years ended December 31, 2010 and 2009 for the Guaranteed Interest accounts which are measured for fair value using significant unobservable (non-market) information:

	Guaranteed Interest Accounts
Balance, January 1, 2009	$ 557,576
Interest credited	17,897
Purchases, issuances and settlements	(137,561)
Balance, December 31, 2009	437,912
Interest credited	14,565
Purchases, issuances and settlements	(205,486)
Balance, December 31, 2010	$ 246,991

NOTE 6 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1998, the Plan entered into an investment contract with Principal Financial Group ("Principal"). Principal maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Principal. The contract is included in the statement of net assets available for benefits at fair value. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported by Principal (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses). The contract is fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2010 and 2009 was $7,544,833 and $6,385,432 , respectively. The average yield rates for 2010 and 2009 were approximately 8.68% and 11.69%, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but cannot be less than zero.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 7 – EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2010 and 2009, liabilities include $14,388 and $27,571, respectively for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 9 – RECONCILIATION TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 7,903,205	$ 6,784,870
Excess contributions refundable	14,388	-
Net assets available for benefits per Schedule H to the Form 5500	$ 7,917,593	$ 6,784,870

NOTE 10 – TAX STATUS

The Plan has obtained a determination letter dated July 26, 1999 in which the Internal Revenue Service stated that the Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. An opinion letter dated July 22, 2003 states that the amendment to the Plan did not adversely affect the Plan's acceptability under the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 11 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. The handling of contributions is governed by the provisions of the Trust Agreement, the Annuity Contract, and any other funding arrangement in which the Plan Fund is or may be held or invested. The participants may transfer contributions between investment options available under the Trust Agreement and Annuity Contract. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 – SUBSEQUENT EVENTS

Management has evaluated and disclosed as necessary in these statements, subsequent events through September 8, 2011, the date the financial statements were available to be issued.
