1 - DESCRIPTION OF PLAN

GENERAL

The Securus Technologies, Inc. 401(k) Savings Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 1998. The Plan's Trustee is Fidelity Management Trust Company ("Trustee" or "Fidelity"). Fidelity Investments Institutional Operations Company serves as the record-keeper of the Plan. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees of Securus Technologies, Inc. and certain affiliates ("Securus" or "Plan Sponsor") become eligible for participation at the age of twenty-one, as defined by the Plan document. Employees may enroll in the Plan either on the first day of the Plan year or on the first day of the fourth, seventh or tenth month of the Plan year after meeting the age requirement. Deferral elections may be modified on the first day of each quarter. Subject to certain limitations on annual additions, each participant's account is credited with employee salary deferrals, Company matching and discretionary contributions, and an allocation of Plan earnings and charged with administrative expenses related to loan and distribution fees if requested by participants. The allocations are based on participant account balances, as defined.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and Company contributions. A participant may elect to contribute a portion of his or her pretax compensation (including bonuses or payment for any extraordinary services) from 1% to 60%, subject to certain maximum limitations imposed by the Internal Revenue Code ("IRC") ($16,500 for the calendar year ended 2010). The Plan allows for after tax, Roth 401(k) deferrals. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($5,500 for 2010). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are also permitted by the plan.

The Plan also allows for employer discretionary matching and profit sharing contributions in amounts to be determined by the Company. In 2010, the Company elected to contribute a matching contribution in the amount of 50% of participant elective deferrals up to 6% of a participant's annual compensation.

VESTING

Participants are immediately vested in elective deferrals and rollovers, plus actual earnings thereon. Vesting of discretionary matching and profit sharing contributions begins at 25% after one year of credited service and increases each credited service year, thereafter, by 25%. Participants are 100% vested after four years of qualified service or upon occurrence of the participant's retirement, death, or disability, as defined by the Plan document. Service with certain predecessor employers may apply to vesting. Participants should consult the Plan document for a more complete description.

1 - DESCRIPTION OF PLAN (Continued)

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment. Account balances exceeding $1,000 may delay distribution.

INVESTMENT OPTIONS

The Plan provides for participants to direct both their contributions and employer contributions into a variety of mutual funds of registered investment companies, a self-directed brokerage account, and a money market fund in accordance with participant investment elections and the provisions of the Trust agreement. Effective March 1, 2010, the Plan also offers a self-directed brokerage account that allows participants to invest in a wide array of mutual funds, common stocks, and cash and cash equivalents offered by Fidelity Management Trust Company. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined. The borrowings are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Note terms are generally limited to a maximum of five years or to a maximum of 10 years if the note is used to acquire or build the principal residence of the participant. Participants may have up to one note outstanding at a time. Notes receivable from participants are stated at original note amounts less principal repayments received to date. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants as of December 31, 2010, have interest rates ranging from 5% to 8% with maturities from January 2011 through February 2018. Notes receivable from participants as of December 31, 2009, have interest rates ranging from 5% to 9% with maturities from January 2010 through February 2018.

ADMINISTRATIVE EXPENSES

Certain transaction fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company.

PLAN TERMINATION

Although it has not expressed any intent to do so, the company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' account shall become 100% vested.

1 - DESCRIPTION OF PLAN (Continued)

FORFEITURES

Forfeitures are available to reduce future employer contributions or to pay administrative expenses. At December 31, 2010 and 2009, forfeited non-vested accounts available for future use totaled $4,315 and $7,748, respectively. Those amounts are reported as a component of net assets available for benefits. Forfeitures in the amount of $74,284 were used to reduce employer contributions during 2010.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with United States generally accepted accounting principles ("U.S. GAAP").

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan.

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plans gains and losses on investments bought and sold as well as held during the year.

BENEFITS

Benefits are recorded when paid.

3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In establishing a fair value hierarchy for the Plan's investments in accordance with ASC 820, the following value methodologies were used for each type of investment:

Mutual funds of Registered Investment Companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the plan at year end.

Money Market Fund: Valued at cost of $1 per unit.

Self-Directed Brokerage Account: Valued at the net asset value ("NAV") or quoted market prices of common stock shares held by the brokerage account at year end.

3 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and a party-in-interest as defined by ERISA, as of December 31, 2010 and 2009, and for the year ended December 31, 2010, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule. 6 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds of registered investment companies, a self-directed brokerage account, and a money market fund managed by Fidelity Investments. Fidelity is the Trustee and record-keeper as defined by the Plan, and, therefore; these transactions qualify as party-in-interest. Fees paid by the Plan for various administrative expenses, including investment management services, amounted to $11,780 for the year ended December 31, 2010.

7- RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds of registered investment companies, a money market fund, and self-directed brokerage accounts including common stocks and cash accounts. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity which received a favorable opinion letter dated March 31, 2008, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

9 – EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

The Plan initially failed the discrimination test for the years ended December 31, 2010 and 2009. As a result, excess contributions payable amounting to $51,768 and $34,131, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

10 – RECONCILIATION TO THE 2010 FORM 5500, SCHEDULE H

There are no material reconciling items between the net assets reported in the audited financial statements and the Schedule H of the Form 5500 for the year ended December 31, 2010.

11 – SUBSEQUENT EVENTS

Effective June 30, 2011, Plan participants may enroll in the Plan on the first day of each month after meeting eligibility requirements. Effective the same day, the Plan implemented automatic enrollment. Participants are enrolled at a rate of 3% into the default fund, Fidelity Retirement Government Money Market Fund.

In accordance with FASB ASC 855, "Subsequent Events", the Company has evaluated events or transactions occurring after December 31, 2010, the Statement of Net Assets Available for Benefits date, through August 17, 2011, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact our financial statements for the year ended.
