INDEPENDENT AUDITORS' REPORT

To the Trustee of the Cal-State Auto Parts, Inc.
Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Cal-State Auto Parts, Inc. Profit Sharing Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Cal-State Auto Parts, Inc. Profit Sharing Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year), assets (acquired and disposed of within year), and reportable transactions as of or for the year ended December 31, 2010 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note A - Description of Plan

The following description of the Cal-State Auto Parts, Inc. Profit-Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. The Company's contributions to the Plan are discretionary at the option of the Company's board of directors subject to certain limitations. There were no contributions authorized for the year ended December 31, 2010.

Participant Accounts. Each participant's account is credited with an allocation of (a) the Company's contribution, (b) the Plan's earnings, and (c) forfeitures of terminated participants' nonvested accounts and (d) charged with an allocation of administrative expenses. Allocations are based upon the participant's compensation. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Forfeitures on terminated participants' non-vested accounts totaled $248 in 2010. Such forfeitures will be used to pay Plan expenses.

Vesting. Plan participants' vesting in the Company contributions is based on the number of years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in an annuity when the participant has reached his or her 65th birthday.

Note B - Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through July 29, 2011, which is the date the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

All of the Plan's investments are non-participant directed.

Payment of Benefits

Benefits are recorded when paid.

Note C – Fair Value Measurements

The plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

ASC 820-10-50, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of mutual funds, other registered investments, government securities, corporate bonds, preferred stock, and common stocks are based on quoted market prices, when available.

The fair value of cash in money market accounts is equal to the total balances in the money market accounts.

Level 3 Fair Value Measurements

The notes receivable are not actively traded and significant other observable inputs are not available. Thus, the fair value of the notes receivable is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2010 and 2009:

		Fair Value Measurement at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2010				
Mutual funds and other registered investments	$ 698,220	$ 698,220	$ -	$ -
Government securities	29,744	29,744	-	-
Corporate bonds	67,315	67,315	-	-

	$ 2,536,261	$ 2,096,261	$ -	$ 440,000

		Fair Value Measurement at Reporting Date Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2009				
Mutual funds and other registered investments	$ 632,498	$ 632,498	$ -	$ -
Government securities	22,032	22,032	-	-
Corporate bonds	102,947	102,947	-	-
Common stocks	1,230,575	1,230,575	-	-
Note receivable, secured by deed of trust	300,715	-	-	300,715
Cash held in money market accounts	136,251	136,251	-	-
	$ 2,425,018	$ 2,124,303	$ -	$ 300,715

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the notes receivable for the years ended December 31, 2010 and 2009:

December 31, 2010

Beginning balance	$ 300,715
Issuance of new note receivable	135,000
Accrued interest added to principal	4,285
Ending balance	$ 440,000

December 31, 2009

Beginning balance	$ --
Issuance of new notes receivable	298,600
Accrued interest added to principal	2,115
Ending balance	$ 300,715

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2010, are reported in net appreciation in fair value of investments.

Note D – Investments

The fair value of investments that represent 5% or more of the Plan's net assets are separately identified in the accompanying statement of net assets available for benefits. All of the Plan's investments are non-participant directed.

During 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $164,715 as follows:

Mutual funds and other registered investment companies	$ 100,391
Government securities	2,745
Corporate bonds	3,340
Preferred stock	7,153
Common stocks	51,086
Net appreciation in fair value of investments	$ 164,715

Note E – Notes Receivable Secured by Deed of Trust

As of December 31, 2010 and 2009, the Plan had notes receivable with fair values totaling $440,000 and $300,715, respectively. At December 31, 2010, the notes were secured by deeds of trust on five residential properties located in Lancaster, California and one commercial property in Encinitas, California. The notes are assessed interest at an annual rate of 8.5% on the five notes secured by residential properties, and 10.09% on the one note secured by the commercial property. These notes are paid in monthly installments totaling $2,935.

The five notes secured by residential properties mature on August 1, 2014, and the one note secured by the commercial property matures on February 22, 2012. The remaining principal and accrued interest on the 8.5% notes becomes fully due and payable on August 1, 2014. The remaining principal and accrued interest on the 10.09% notes becomes fully due and payable on February 22, 2012.

Note F – Administrative Expenses

Administrative expenses for 2010 that were paid by Plan included the following:

Accounting and auditing fees	$ 15,899
Plan administration fees	8,816
Bank charges	85
	$ 24,800

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note H - Tax Status

The Internal Revenue Service has determined and informed the company by letter dated October 10, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of ERISA and applicable Internal Revenue laws and regulations.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statement of net assets available for benefits.

In addition, the Plan has invested in loans secured by deeds of trusts. These types are investments are subject to various risks including the deprecation in value of the collateralized property, the inability of the borrower to continue meeting its monthly payment obligations, and the risk that the borrower will pay off the balance due upon maturity of the loans. Due to the level of risk associated with the loans, it is at least reasonably possible that the value of some or all of the loans could be diminished and could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
