Independent Auditors' Report

To the Plan Administrator
Midwest Motors Inc. 401(k) Profit Sharing Plan & Trust

We were engaged to audit the accompanying financial statements of Midwest Motors Inc. 401(k) Profit Sharing Plan & Trust as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the investment information certified by the Trustee with the related investment information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed Note 8 to the financial statements, the Plan changed its method of reporting loans to participants in 2010, as required by the provisions of FASB ASC 962.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of Midwest Motors Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective January 1, 1998, as a defined contribution retirement savings plan covering all full-time employees of Midwest Motors, Inc., MM Acceptance Corporation, PM Acceptance Corporation, Pennwest Motors, Inc. and MM Management Group (together, the Employer) who have at least three months of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Each year, Plan participants may elect to contribute to the Plan up to 88% of their annual compensation, subject to the maximum annual amount permitted under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from amounts representing distributions from other qualified plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their contribution rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Employer makes matching and may elect to make profit-sharing contributions to the Plan. In 2010, the Employer made matching contributions equal to 50% of the first 4% of base compensation that each participant contributed to the Plan. No Employer profit-sharing contributions were made to the Plan in 2010.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit-sharing contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vesting and Forfeitures: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their account is based on years of continuous service. A participant becomes 20% vested after two years of service, increasing by 20% per year with full vesting after 6 years of credited service.

At December 31, 2010 and 2009, forfeited nonvested accounts of terminated participants totaled \$4,598 and \$2,104, respectively. These accounts will be used to reduce future Employer contributions. In 2010, forfeited nonvested accounts of \$9,592 were used to reduce Employer contributions.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The terms of the notes range up to 5 years except notes issued to purchase a principal residence, for which the terms cannot exceed 30 years. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, or certain other reasons, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account. Benefits are recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in their accounts. See Note 9.

NOTE 1 – PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008, stating that the prototype plan document was designed in accordance with the applicable sections of the IRC. Although the Plan and the prototype plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through September 14, 2011, the date the financial statements were available to be issued. See Note 9.

NOTE 2 – FAIR VALUE MEASUREMENTS

The Plan has categorized its assets and liabilities that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 2 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the assets or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for investment assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Fund Shares and Money Market Fund Shares: Valued at the published net asset value (NAV) of the shares held by the Plan at the reporting date.

Collective Trust Funds: Valued at the unit price of the fund reported by the sponsoring bank or trust company. Generally, the unit price is based on quoted market prices of the fund's underlying investments, less any accrual of fees and expenses borne by the fund, and divided by the number of units outstanding.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2010 and 2009:

2010	Level 1	Level 2	Total
Mutual fund shares:			
Income funds	\$107,484		\$ 107,484

There were no significant transfers between Level 1 and Level 2 investments during 2010.

At December 31, 2010 and 2009, the Plan had no other assets and no liabilities that are measured at fair value on a recurring basis.

NOTE 4 – PLAN AMENDMENTS

The Plan Agreement was amended in 2010 to comply with the Heroes Earnings Assistance and Relief Tax Act of 2008 (“HEART”) and the Heartland Disaster Tax Relief Act of 2008 (“HDTRA”).

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain of the Plan’s investments are sponsored by State Street Bank and Trust Company, the trustee of the Plan, and therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA.

The Employer provides certain accounting, administrative and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan’s investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Plan’s financial statements.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per Form 5500 at December 31, 2010 and 2009:

	2010	2009

Net increase per the financial statements	\$485,877
Contributions receivable at beginning of year	13,272
Contributions receivable at end of year	<u>(25,363)</u>
Net income per Form 5500	<u>\$473,786</u>

NOTE 8 – ACCOUNTING CHANGE

In September 2010, the Financial Accounting Standards Board issued an amendment to the Accounting Standards Codification (ASC) 962, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires that loans made to participants from their plan account balances be reported as notes receivable from participants, rather than as investments. Accordingly, the Plan adopted ASC 962 and has reclassified participant loans as notes receivable from participants as of December 31, 2010. This change had no effect on the net change in the Plan's net assets available for benefits for the year ended December 31, 2010. The statement of net assets available for benefits as of December 31, 2009, has been retroactively adjusted to reflect such loans as notes receivable from participants.

NOTE 9 – SUBSEQUENT EVENT

In 2011, the Employer's stockholder began negotiations with a third party to sell 100% of the outstanding shares of the Company. The effect of the potential sale on the Plan has not been determined.
