Report of Independent Auditors

To the Participants and Plan Administrator of
AT&T Alascom Savings Plan for Teamsters Represented Employees

We were engaged to audit the accompanying statements of net assets available for benefits of AT&T Alascom Savings Plan for Teamsters Represented Employees as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AT&T Alascom Savings Plan for Teamsters Represented Employees

Notes to Financial Statements

December 31, 2010

1. Description of Plan

The following is a brief description of the AT&T Alascom Savings Plan for Teamsters Represented Employees (the Plan). Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was established effective January 1, 1997, for the benefit of General Teamsters Local 959 represented employees of Alascom, Inc. d/b/a AT&T Alascom (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

An employee becomes eligible to participate in the Plan at the beginning of each month after the completion of one year of service. Participation is elective and is exercised by means of authorizing contributions to the Plan of not less than 1% and not more than 75% of pretax earnings, as defined by the Plan. Pretax contributions may not exceed limitations set by the Internal Revenue Service (IRS). The Company matches 66 2/3% of participant contributions for an amount up to 6% of the participant's pretax contributions.

Employees who are age 50 or older on or before December 31, 2010, may be eligible to make pre-tax contributions beyond the IRS pretax limit. The 2010 catch-up contribution limit set by the IRS is $5,500. No Company contributions are made on catch-up contributions.

Participants are always fully vested in their own contributions and become fully vested in their respective share of the Company's contributions after three years of service.

Loans may be available to the participants subject to the approval of the Plan administrator. Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 minus the highest outstanding balance on all loans during the preceding 12 months, or 50% of their vested account balance. The term of the loan shall not exceed five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid in equal installments each payroll period.

Upon early retirement at the age of 55, or if the participants attain the normal retirement age of 65, or termination, a participant with an account balance may elect an immediate lump-sum payment or defer the distribution until age 70 1/2. Hardship and non-hardship withdrawals are available upon request and approval for active participants.

1. Description of Plan (continued)

The total forfeited non-vested accounts as of December 31, 2010 and 2009 were approximately $1,587 and $21,923, respectively. Forfeitures are used to reduce Company contributions. During 2010, the Company used $21,923 in forfeitures to reduce Company contributions.

Investment Options

All contributions are invested by Wells Fargo Bank, N.A. (the Trustee) according to the options elected by the participants.

Plan Expenses

Expenses of administering the Plan are paid by the Company, except for participant loan fee costs, which are paid by the participant.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, which are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2010 or 2009. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified from investments to notes receivable from participants as of December 31, 2009.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments

2. Summary of Significant Accounting Policies (continued)

clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements. Mutual funds are valued on quoted market price, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust is valued at quoted redemption values, which represent the net asset values of units held at year-end in accordance with ASU 2009-12.

The Collective Stable Return Fund is a common/collective trust that invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 3); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In accordance with ASC 855, *Subsequent Events*, Plan management has evaluated subsequent events through July 13, 2011, the date the financial statements were available to be issued.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* (ASC 820) defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

3. Fair Value Measurements (continued)

Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measure in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2010:

	Plan Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds:				
Large cap	$ 4,748,941	$ –	$ –	$ 4,748,941

Total assets at fair value	$ 12,678,374	$ 2,148,002	$ –	$ 14,826,376

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2009:

	Plan Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds:				
Large cap	$ 4,347,075	$ –	$ –	$ 4,347,075

Total assets at fair value	$ 10,456,622	$ 1,933,858	$ –	$ 12,390,480

(a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, any Plan sponsor-or Plan fiduciary-initiated withdrawal from the fund will require a 12-month written notice of the intent to withdraw assets from the fund. At the discretion of the Trustee, the notification periods identified for withdrawals may be waived. Redemptions or exchanges of fund shares may be delayed or suspended for up to 12 months, or even longer if the Trustee obtains an exemptive order or other appropriate relief from the Comptroller of the Currency, as defined in the Declaration of Trust for the fund.

4. Investments

Other than the fair value of the Collective Stable Return Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest income, dividends, and interest income on notes receivable from participants for the year ended December 31, 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee. The contract value of the Collective Stable Return Fund was certified as complete and accurate by the Trustee.

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	2010	2009
Wells Fargo Advantage Small Cap Growth Fund	**$ 3,226,019**	$ 2,347,626
Wells Fargo Collective Stable Return Fund**	**2,101,763**	1,929,998
Wells Fargo Advantage Index Fund	**1,755,897**	1,519,708
JP Morgan Investments Small Cap Growth Fund	**1,753,487**	1,312,486
Wells Fargo Advantage Government Securities Fund	**1,720,791**	1,545,208
American Funds Investments Europacific Growth Fund	**1,569,272**	1,584,441
Janus Investments Balanced Fund	**789,569**	705,892
Franklin Templeton Investments Growth Fund	*	636,138

* Investment does not exceed 5%.

** The fair value of the Plan's investment in the Wells Fargo Collective Stable Return Fund was $2,148,002 and $1,933,858 at December 31, 2010 and 2009, respectively.

During 2010, the Plan's investments (including investments purchased, sold and held during the year) appreciated in fair value as follows:

Mutual funds	$ 1,643,525
Common/collective trust fund	53,932
	$ 1,697,457

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated October 6, 2009, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo Funds Management, an affiliate of the Trustee. The Trustee is also the record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.

Report of Independent Auditors

To the Participants and Plan Administrator of
AT&T Alascom Savings Plan for Teamsters Represented Employees

We were engaged to audit the accompanying statements of net assets available for benefits of AT&T Alascom Savings Plan for Teamsters Represented Employees as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AT&T Alascom Savings Plan for Teamsters Represented Employees

Notes to Financial Statements

December 31, 2010

1. Description of Plan

The following is a brief description of the AT&T Alascom Savings Plan for Teamsters Represented Employees (the Plan). Participants should refer to the Plan document for a complete description of the Plan's provisions.

The Plan was established effective January 1, 1997, for the benefit of General Teamsters Local 959 represented employees of Alascom, Inc. d/b/a AT&T Alascom (the Company). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

An employee becomes eligible to participate in the Plan at the beginning of each month after the completion of one year of service. Participation is elective and is exercised by means of authorizing contributions to the Plan of not less than 1% and not more than 75% of pretax earnings, as defined by the Plan. Pretax contributions may not exceed limitations set by the Internal Revenue Service (IRS). The Company matches 66 2/3% of participant contributions for an amount up to 6% of the participant's pretax contributions.

Employees who are age 50 or older on or before December 31, 2010, may be eligible to make pre-tax contributions beyond the IRS pretax limit. The 2010 catch-up contribution limit set by the IRS is $5,500. No Company contributions are made on catch-up contributions.

Participants are always fully vested in their own contributions and become fully vested in their respective share of the Company's contributions after three years of service.

Loans may be available to the participants subject to the approval of the Plan administrator. Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 minus the highest outstanding balance on all loans during the preceding 12 months, or 50% of their vested account balance. The term of the loan shall not exceed five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid in equal installments each payroll period.

Upon early retirement at the age of 55, or if the participants attain the normal retirement age of 65, or termination, a participant with an account balance may elect an immediate lump-sum payment or defer the distribution until age 70 1/2. Hardship and non-hardship withdrawals are available upon request and approval for active participants.

1. Description of Plan (continued)

The total forfeited non-vested accounts as of December 31, 2010 and 2009 were approximately $1,587 and $21,923, respectively. Forfeitures are used to reduce Company contributions. During 2010, the Company used $21,923 in forfeitures to reduce Company contributions.

Investment Options

All contributions are invested by Wells Fargo Bank, N.A. (the Trustee) according to the options elected by the participants.

Plan Expenses

Expenses of administering the Plan are paid by the Company, except for participant loan fee costs, which are paid by the participant.

2. Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, which are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2010 or 2009. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a distribution is recorded.

2. Summary of Significant Accounting Policies (continued)

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06, *Improving Disclosures about Fair Value Measurements* (ASU 2010-06). ASU 2010-06 amended ASC 820 to clarify certain existing fair value disclosures and require a number of additional disclosures. The guidance in ASU 2010-06 clarified that disclosures should be presented separately for each "class" of assets and liabilities measured at fair value and provided guidance on how to determine the appropriate classes of assets and liabilities to be presented. ASU 2010-06 also clarified the requirement for entities to disclose information about both the valuation techniques and inputs used in estimating Level 2 and Level 3 fair value measurements. In addition, ASU 2010-06 introduced new requirements to disclose the amounts (on a gross basis) and reasons for any significant transfers between Levels 1, 2 and 3 of the fair value hierarchy and present information regarding the purchases, sales, issuances, and settlements of Level 3 assets and liabilities on a gross basis. With the exception of the requirement to present changes in Level 3 measurements on a gross basis, which is delayed until 2011, the guidance in ASU 2010-06 is effective for reporting periods beginning after December 15, 2009. Since ASU 2010-06 only affects fair value measurement disclosures, adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. ASU 2010-25 is effective for fiscal years ending after December 15, 2010, and is required to be applied retrospectively. Adoption of ASU 2010-25 did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified from investments to notes receivable from participants as of December 31, 2009.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in U.S. generally accepted accounting principles (GAAP) and International Financial Reporting Standards (IFRSs). Some of the amendments

2. Summary of Significant Accounting Policies (continued)

clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion of fair value measurements. Mutual funds are valued on quoted market price, which represent the net asset value of shares held by the Plan at year-end. The common/collective trust is valued at quoted redemption values, which represent the net asset values of units held at year-end in accordance with ASU 2009-12.

The Collective Stable Return Fund is a common/collective trust that invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 3); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In accordance with ASC 855, *Subsequent Events*, Plan management has evaluated subsequent events through July 13, 2011, the date the financial statements were available to be issued.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* (ASC 820) defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

3. Fair Value Measurements (continued)

Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest-level input that is significant to the fair value measure in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2010:

	Plan Assets at Fair Value

Total assets at fair value	$ 12,678,374	$ 2,148,002	$ –	$ 14,826,376

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2009:

	Plan Assets at Fair Value			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds:				
Large cap	$ 4,347,075	$ –	$ –	$ 4,347,075
Mid cap	705,892	–	–	705,892
Small cap	3,660,112	–	–	3,660,112

Other	198,335	–	–	198,335
Collective Stable Return Fund [(a)]	–	1,933,858	–	1,933,858
Total assets at fair value	$ 10,456,622	$ 1,933,858	$ –	$ 12,390,480

(a) This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, any Plan sponsor-or Plan fiduciary-initiated withdrawal from the fund will require a 12-month written notice of the intent to withdraw assets from the fund. At the discretion of the Trustee, the notification periods identified for withdrawals may be waived. Redemptions or exchanges of fund shares may be delayed or suspended for up to 12 months, or even longer if the Trustee obtains an exemptive order or other appropriate relief from the Comptroller of the Currency, as defined in the Declaration of Trust for the fund.

4. Investments

Other than the fair value of the Collective Stable Return Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2010 and 2009, and net appreciation in fair value of investments, interest income, dividends, and interest income on notes receivable from participants for the year ended December 31, 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by the Trustee. The contract value of the Collective Stable Return Fund was certified as complete and accurate by the Trustee.

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	2010	2009
Wells Fargo Advantage Small Cap Growth Fund	**$ 3,226,019**	$ 2,347,626
Wells Fargo Collective Stable Return Fund**	**2,101,763**	1,929,998
Wells Fargo Advantage Index Fund	**1,755,897**	1,519,708
JP Morgan Investments Small Cap Growth Fund	**1,753,487**	1,312,486
Wells Fargo Advantage Government Securities Fund	**1,720,791**	1,545,208
American Funds Investments Europacific Growth Fund	**1,569,272**	1,584,441
Janus Investments Balanced Fund	**789,569**	705,892
Franklin Templeton Investments Growth Fund	*	636,138

* Investment does not exceed 5%.

** The fair value of the Plan's investment in the Wells Fargo Collective Stable Return Fund was $2,148,002 and $1,933,858 at December 31, 2010 and 2009, respectively.

During 2010, the Plan's investments (including investments purchased, sold and held during the year) appreciated in fair value as follows:

Mutual funds	$ 1,643,525
Common/collective trust fund	53,932
	$ 1,697,457

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated October 6, 2009, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and therefore the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code, and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there were no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

7. Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo Funds Management, an affiliate of the Trustee. The Trustee is also the record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest and are exempt from the prohibited transaction rules.
