GACHINA LANDSCAPE MANAGEMENT, INC. 401 (K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2010 and 2009

Note 1: DESCRIPTION OF PLAN:

The following description of the Gachina Landscape Management, Inc. 401 (k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan established under Section 401(k) of the Internal Revenue Code. The Plan covers all full-time employees of Gachina Landscape Management, Inc. ("the Company") who have completed one year of service and are age twenty-one (21) or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions: Participants may elect to defer a percentage of their compensation up to the maximum allowed by law. They may also make a special salary deferral election where they may defer up to 100% of any bonus received. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 19 pooled separate accounts as investment options for participants. The Company may contribute a discretionary percentage of the first 6% of base compensation that a participant contributes to the Plan. There were no matching contributions made for the year ended December 31, 2010.

3. Participant Accounts: The plan administrator maintains a separate account for each participant and each type of contribution. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

   Certain fees are charged to the funds and are offset against plan investment income and losses as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

4. Vesting: Plan participants are immediately 100% vested in salary reduction contributions, rollover contributions and actual earnings or losses thereon. Employer contributions are vested based on years of service according to the following schedule:

Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Note 1: DESCRIPTION OF PLAN, Continued:

5. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $ 1,000 up to a maximum of $ 50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, are repaid by payroll deductions in equal installments, and bear interest at rates determined when the loan is disbursed. The interest rate on loans outstanding during 2010 and 2009 was 7.3%.

6. Payment of Benefits: On termination of service, or upon death, disability or retirement, a participant can elect to receive either a lump-sum or partial amount equal to the value of the participant's vested interest in his or her account or partial distribution. The Plan allows for automatic distribution for participant accounts that have a vested balance of $ 1,000 or less on date of separation.

7. Forfeitures: Forfeitures are created when participants terminate employment before they become 100% vested in their account balance. Forfeitures are used to offset employer contributions and/or plan expenses. At December 31, 2010 and 2009, non-vested forfeitures totaled $ 1,102 and $ 45, respectively. In 2010, forfeitures totaling $ 154 were used to offset plan recordkeeping expenses.

8. Administrative Costs: The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Fees paid by the Plan for administrative services were $ 154 for the year ended December 31, 2010.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Investment Valuation and Income Recognition, Continued:

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Investment income (loss), derived from underlying pooled account fund investments, is comprised of interest, dividends (recorded on the ex-dividend date), and realized and unrealized gains and losses. The investment gain (loss) is reported net of investment charges.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits:

Benefits are recorded when paid.

Recent Accounting Pronouncements:

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-06 which expanded the required disclosures about fair value measurements. In particular, this guidance requires separate disclosure of the amounts of significant transfers in and out of level 1 and level 2 fair value measurements along with the reasons for such transfers, and information about the purchases, sales issuances and settlements to be presented separately in the reconciliation for level 3 fair value measurements. It also requires fair value measurement disclosures for each class of assets and liabilities and disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either level 2 or level 3. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for the additional disclosure requirements on level 3 activity that will be effective for years beginning after December 15, 2010. The adoption of this standard did not have a material impact on the Plan's financial statements.

In September 2010, the FASB issued an amendment, Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was effective for periods ending after December 15, 2010 and requires retrospective application to all periods presented.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Recent Accounting Pronouncements, Continued:

The Plan has adopted the amendment for the year ended December 31, 2010 and has reclassified participant loans in the 2009 financial statements to reflect the retrospective application. There was no impact to Plan net assets as of December 31, 2010 and 2009.

Note 3: FAIR VALUE MEASUREMENTS:

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Note 3: FAIR VALUE MEASUREMENTS, Continued:

Pooled separate accounts: Valued at contract value, which approximates fair value at all times during the life of the contract because participants may withdraw pooled separate account assets at contract value without restrictions, and the pooled separate accounts are marked-to-market on a daily basis. The marked-to-market valuation is based on closing prices, on nationally recognized stock exchanges or over-the-counter markets where no formal exchange exists, on that date to the extent possible. Where the investment underlying the pooled separate account is in shares of a mutual fund or portfolio thereof, it is computed by using the net asset value per share provided by that mutual fund or portfolio thereof on that date. Liquidation of the entire contract may result in a liquidation or surrender charge, which would result in an adjustment to the contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and December 31, 2009:

Note 4: INVESTMENTS AND INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Minnesota Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of the investments under contract reflected on the accompanying statements of net assets available for benefits as of December 31, 2010 and 2009, the related net appreciation in fair value of investments reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010.

The following table presents investments under contract. Investments that represent 5% or more of the Plan’s net assets in either year are separately identified.

	$ 1,707,688	$ 1,433,453
Net realized and unrealized appreciation in fair value of investments	$ 203,743	

Note 5: RELATED PARTY TRANSACTIONS:

Plan investments are maintained in pooled separate account funds managed by Minnesota Life Insurance Company. This company acts as the investment custodian and provides administrative services to the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged and absorbs certain Plan expenses.

Note 6: PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

Note 7: INCOME TAX STATUS:

The Plan has adopted a prototype plan sponsored by Minnesota Life Insurance Company. The prototype plan obtained its latest opinion letter on February 6, 2004, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the Plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan managements to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2007.

Note 8: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Net assets available for benefits per the financial statements	$ 1,803,358	$ 1,480,997
Add excess contributions payable at year end	3,012	2,432
Net assets available for benefits per Schedule H of Form 5500	$ 1,806,370	$ 1,483,429

The $ 2,432 excess contributions payable reported as a reduction of contributions per the financial statements for the year ended December 31, 2009 is included in corrective distributions per the 2010 Form 5500.

Note 8: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500, Continued:

The following is a reconciliation of contributions received per the financial statements for the year ended December 31, 2010 to Schedule H of Form 5500:

	Participants' Salary Deferrals
Contributions per the financial statements	$ 165,394
Add excess contributions payable at December 31, 2010	3,012
Contributions per Form 5500	$ 168,406

Note 9: CORRECTIVE DISTRIBUTIONS:

Corrective distributions for the 2010 and 2009 plan years of $ 3,012 and $ 2,432, respectively, were made less than 2 ½ months after the end of the plan year and are reflected as a reduction of contributions for the years ended December 31, 2010 and 2009 and as excess contributions payable at December 31, 2010 and 2009.

Note 10: RISKS AND UNCERTAINTIES:

The Plan invests in various pooled separate account funds. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11: SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through September 13, 2011, which is the date the financial statements were available to be issued.
