We were engaged to audit the statements of net assets available for benefits and statements of changes in net assets available for benefits of the Maspeth Federal Savings and Loan Association 401(k) Plan as of December 31, 2010 and 2009 and for the years then ended and the supplemental schedules as of and for the year ended December 31, 2010. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by The Guardian Insurance and Annuity Co. Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with generally accepted auditing standards and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MASPETH FEDERAL SAVINGS AND LOAN
ASSOCIATION 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

Note 1 – Description of Plan:

The following description of the Maspeth Federal Savings and Loan Association ("Association") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

A. General –

The Plan is a participant-directed, defined contribution plan covering all employees of the Association who have one year of service, are 21 years of age or older and attained 1,000 hours of service during the first year. Eligible employees can enroll in the plan on January 1 or July 1 after they have satisfied the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions –

An employee may contribute by payroll reduction any of his or her pre-tax compensation up to the Internal Revenue Service (IRS) allowable limit of $16,500 and $15,500 for 2010 and 2009, respectively plus $5,500 in catch up contribution for those 50 or older. The Association matches 25% of employees' contribution for the first 4% of their gross compensation at year end. The Association contributes the match in one lump sum after the end of each calendar year. Only those employed on December 31 of the year, and those who have become disabled, reached actual retirement date or died during the plan year, receive a matching contribution for that year.

C. Participant Accounts –

Each Participant's account is credited with the Participant's contributions, the Association's contributions made on behalf of that employee, and the employee's proportionate share of plan earnings or losses. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

D. Vesting –

Participants are immediately vested in their salary reduction contributions and the earnings or losses thereon. Effective for the Plan year ended December 31, 2002, as a result of a Plan amendment, Association contributions and earnings or losses on Association contributions made to a employee's accounts are vested 20% after two years of service, and 20% each additional year of service up to 100%.

Note 1 – Description of Plan (Continued):

E. Notes Receivable from Participants –

Participants may obtain loans from the Plan, subject to various requirements set forth in the Plan, in amounts up to 50% of their account balance with a maximum loan of $50,000 and a minimum loan of $1,000. Interest is charged at the prime rate. Interest is fixed for the term of the loan. Loan payments are made through payroll deductions over a period of up to five years.

F. Forfeitures –

Forfeitures of non-vested contributions and related earnings or losses are used to reduce employer contributions. No forfeitures were used to reduce employer contribution for the years ended December 31, 2010 and 2009.

Note 2 – Summary of Accounting Policies:

A. Basis of Accounting –

The financial statements of the Plan are prepared under the accrual method of accounting.

B. Use of Estimates –

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Investment transactions are recorded on the trade date. The Plan accrues interest income as earned. Dividend income from the investment in the separate account is reinvested in the account and is included in net appreciation (depreciation) of investment in the separate account.

D. Notes Receivable from Participants –

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 2 – Summary of Accounting Policies (continued):

E. Payments of Benefits –

Benefits are recorded upon payment.

F. Administrative Expenses –

Certain administrative expenses of the Plan are paid directly by the Association.

Note 3 – Investments:

The following is a summary of individual investments, as certified by The Guardian Insurance and Annuity Co. Inc., the custodian of the Plan, ("Guardian") which represent 5% or more of total assets available for plan benefits at December 31, 2010 and 2009:

	2010	2009
Guardian Pooled Separate Accounts:		
SSgA S&P 500 Index Fund	$ 922,408	$ 759,775
SSgA Bond Market Index Fund	524,004	430,641
SSgA EAFE Index Fund	344,824	293,123
T Rowe Growth Stock Fund	297,824	236,409
Benefit Stadion Moderate ETF	1,129,602	901,881
Benefit Stadion Growth ETF	349,686	314,416
Guardian General Account Fixed Rate Investment Option	548,063	485,056

The Plan's investments (including investments bought, sold and held during the year) appreciated in value by $507,741 and $593,272 during 2010 and 2009, respectively, as reflected on the statement of changes in net assets available for benefits.

Note 4 – Fair Value Measurements:

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4 – Fair Value Measurements (continued):

Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the two-year period ended December 31, 2010.

Pooled separate account: Valued at the net asset value of shares held by the Plan at year end.

Guaranteed investment contract: Valued at contract value, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Pooled separate account	$1,239,815	$3,800,010	$ -	$5,039,825
Guaranteed investment contract	-	-	548,063	548,063
Total assets at fair value	$1,239,815	$3,800,010	$ 548,063	$5,587,888

Fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Pooled separate account	$1,007,424	$3,198,257	$ -	$4,205,681
Guaranteed investment contract	-	-	485,056	485,056
Total assets at fair value	$1,007,424	$3,198,257	$ 485,056	$4,690,737

Note 4 – Fair Value Measurements (Continued):

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2010 and 2009.

Sales	-	(1,264)
Balance, December 31, 2010	$ -	$ 548,063

Note 5 – Guaranteed Investment Contract with Guardian:

The Plan entered into a guaranteed investment contract with Guardian. Each account is credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Guardian. Contract values represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 5 – Guaranteed Investment Contract with Guardian (continued):

Certain events initiated by the Plan limit its ability to transact at contract value with the issuer. Such events include, but are not limited to: (1) termination of the annuity contract with Guardian, (2) transfer of the entire contract value to a funding vehicle outside of the annuity contract, (3) Plan merger, (4) termination of Participant employment due to an employer's bankruptcy, merger, or acquisition by a successor company, or any other employer-initiated event that results in a reduction in the number of Participants with Plan assets invested under this annuity contract by more than 15% of the number of such Participants at the inception of the annuity contract. The Plan's administrator believes that the possibility of any of the above listed events occurring is remote.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The average yield and crediting interest rate for 2010 and 2009 were as follows:

	2010	2009
Average yield	3.40%	4.00%
Credit interest rate	3.40%	4.00%

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting. Minimum crediting interest is 3.00%.

Note 6 – Plan Termination:

The Employer intends to continue the Plan indefinitely, but reserves the right to terminate it at any time, subject to the provisions of ERISA. If the Plan were terminated, participants would become 100% vested in their Association contributions and related earnings and losses.

Note 7 – Risks and Uncertainties:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 – Income Tax Status:

The Plan was adopted under a volume submitter Plan and received an Internal Revenue Service (IRS) opinion letter on January 6, 2003. The Plan has not been amended since receiving the determination letter. The Plan administrator and the Plan's trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2005.

Note 8 – Subsequent Events:

For purposes of disclosure in the financial statements, the Plan has evaluated subsequent events through July 6, 2011, the date the financial statements were available to be issued.
