Independent Auditors' Report

To the Participants and Administrative Committee of the
Kellwood Company Retirement Savings Plan
St. Louis, Missouri

We were engaged to audit the financial statements of the Kellwood Company Retirement Savings Plan (the "Plan") as of December 31, 2010, and the supplemental schedule as of December 31, 2010 as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified Fidelity Management Trust Company, the trustee of the Plan. Their report, dated July 2, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Description of Plan

The following description of the Kellwood Company Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was adopted on May 1, 1985 as a defined contribution plan covering all full-time employees (regularly employed for at least 1,000 hours of service per year) of Kellwood Company (the "Company") who are age 21 or older. The Plan also allows part-time employees (not regularly employed for 1,000 hours per year) who have completed 1,000 hours of service as of their first anniversary of employment in any plan year to be eligible to participate in the Plan. An eligible participant may enter the Plan as of the first day of the next month following the satisfaction of the age and employment requirements. The Plan is subject to the provisions of ERISA.

Contributions

Participating employees may contribute to the Plan up to defined tax code limitations on a before-tax basis. Participants may elect to make Roth 401(k) contributions, Roth catch-up contributions (if eligible), and Roth rollover contributions. For the Plan year ended December 31, 2008 and until February 28, 2009, the Company matched 100% of each active participant's contribution up to 3% of their compensation and 50% of each participant's contribution on the next 2% of compensation. Effective March 1, 2009, the Company discontinued employer-matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, company matching contributions, and earnings on those contributions. Participants self-direct the contributions and investments into various investment options offered by the Plan. Participants may change their election percentages as of the first day of the next pay period.

Vesting

Based on current plan vesting provisions and policies, participants are fully vested in all accounts at all times.

Note A - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their vested account balance or $50,000 to meet certain financial needs as specified in the Plan. Interest is charged on participant loans at a reasonable rate, to be determined by the Administrative Committee. All loans are secured by the participant's account and are repayable in installments through payroll deductions, over a maximum of five years, unless used for the purchase or substantial rehabilitation of a principal residence, in which case the period may be extended up to a maximum of 10 years.

Payments of Benefits

On retirement, death, disability, or termination of service, a participant will receive a lump-sum distribution equal to the value of the account if the participant's account balance does not exceed $5,000. In the event of a mandatory distribution, if the vested account balance is greater than $1,000 but less than $5,000 and a participant does not elect to receive the distribution or roll it over to an eligible retirement plan, the plan administrator will automatically rollover the distribution to an individual retirement account designated by the plan committee. If the participant's account balance exceeds $5,000, the participant may elect to leave the account balance in the Plan or receive all or part of the balance in the account.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited non-vested accounts totaled $292,466 and $302,060, respectively. During 2010, forfeitures were used to pay administrative fees of $15,850.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Note B - Summary of Significant Accounting Policies (Continued)

Basis of Accounting (Continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the contract, as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Note B - Summary of Significant Accounting Policies (Continued)

Administrative Expenses

During the years ended December 31, 2010 and 2009, certain costs of administering the Plan were paid by the Plan, while other expenses were borne by the Company and are not reflected in the accompanying financial statements.

Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform to the 2010 presentation.

Subsequent Events

The Plan has evaluated subsequent events through August 8, 2011, the date the financial statements were available to be issued.

Effective April 29, 2011, approximately $1,800,000 was transferred to the Plan from the Meow Inc. 401(k) Profit Sharing Plan & Trust. The transfer is related to the acquisition of Meow Inc. by Kellwood Company in 2011 and the merging of their retirement savings plan into the Plan.

New Accounting Pronouncement

In September 2010, the FASB released Accounting Standards Update No. 2010-25 ("ASU 2010-25"), *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Plans*, which provided guidance on how loans to participants should be classified and measured by defined contribution pension plans. This update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their principal balance plus any accrued but unpaid interest. This update requires retrospective application to all periods presented. ASU 2010-25 was adopted for the year ended December 31, 2010. December 31, 2009 amounts and disclosures have been revised to reflect the retrospective application of adopting ASU 2010-25.

Note C - Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2010	2009
Fidelity Managed Income Portfolio II	**$19,838,373**	$23,675,008
Fidelity Contrafund	**17,698,996**	17,938,027
Pimco Total Return Adm	**5,530,383**	6,730,528
Fidelity Growth	**4,577,863**	4,459,515

During the years ended December 31, 2010 and 2009, the Plan's mutual fund investments appreciated in value by $7,630,286 and $17,388,774, respectively.

Note D - Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *"Fair Value Measurements and Disclosures"*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note D - Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common collective trust/stable funds: Valued at NAV based on information provided by the trustee and using the audited financial statements of the common collective trust at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009:

Note E - Investment in Common Collective Trust

The Fidelity Managed Income Portfolio II (the "Fund"), a common collective trust fund, invests in a variety of investment contracts such as guaranteed investment contracts ("GICs") issued by insurance companies and other financial institutions and other investment products with similar characteristics. The Fund primarily holds investments in fully benefit-responsive investment contracts that provide that the Plan may make withdrawals at contract value for benefit-responsive requirements.

The Plan's interest in the Fund is calculated by applying the plan's ownership percentage in the Fund to the total fair value of the Fund. The underlying assets owned by the Fund consist primarily of the readily marketable fixed income securities with quoted market prices. The interest-crediting rate is determined quarterly and is calculated using the dollar weighted yield to maturity of the covered investments. There is no relationship between future crediting rates and the adjustments to contract value reported in the Statements of Net Assets Available for Benefits.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value. Certain events, such as termination of the Plan or a material adverse change in the provisions of the Plan, may limit the ability of the Plan to transact at contract value with the issuer. The Plan administrator does not believe the occurrence of any such event is probable.

The average yield earned by the Plan's investment in the Fund that also reflects the actual interest credited to the participants for the years ended December 31, 2010 and 2009 was 1.82% and 2.25%, respectively.

Note F - Summary of Financial Data Certified by Fidelity Management Trust Company

As permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, certify as to the accuracy and completeness of the information at December 31, 2010 and 2009, included in the accompanying statements and instructed the Plan's independent accounts not to perform any auditing procedures with respect to such information.

Accordingly, the following information was certified by Fidelity and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying statements:

Investments held by Fidelity at contract value and fair value as of December 31, 2010 and 2009 included in the accompanying statements of net assets available for benefits.

Investment income included in the statement of changes in net assets available for benefits for the years ended December 31, 2010 and 2009.

Investments held by Fidelity as of December 31, 2010 and 2009, included in the accompanying schedule of assets held for investments at end of year.

Note G - Related Party Transactions

The Plan invests in shares of mutual funds and common collective trusts managed by Fidelity, the plan trustee. Fidelity acts as trustee for only those investments as defined by the Plan and, therefore, these transactions in such investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $26,802 and $33,323 for the years ended December 31, 2010 and 2009, respectively.

Note H - Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their employer contributions.

Note I - Tax Status

The IRS has determined and informed the Company by a letter dated May 15, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to the Plan year ended December 31, 2007.

Note J - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note K - Plan Asset Transfers

In 2009, approximately $17.9 million of Plan assets were transferred out of the Plan to other plans due to spinoffs from the Company.

Note L - Reconciliations of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	For the Year Ended December 31, 2010	For the Year Ended December 31, 2009
Net assets available for benefits per the financial statements	**$88,723,580**	$92,959,470
Adjustment from contract value to fair value for fully benefit-responsive investment contracts	**195,890**	(301,224)
Adjustment for corrective distributions	**-**	69,332
Net assets available for benefits per the Form 5500	**$88,919,470**	$92,727,578

The following is a reconciliation of total income (loss) prior to transfers per the financial statements to the Form 5500:

	For the Year Ended December 31 2010
Net decrease in net assets available for benefits prior to transfer per the financial statements	**$ (4,235,890)**
Change in adjustment from contract value to fair value for fully benefit-responsive investment contracts	**497,114**
Adjustment for 2009 corrective distributions	**(69,332)**
