INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Employment Enterprises, Inc. 401(k)/Profit-Sharing Plan

We have audited the accompanying statements of net assets available for benefits of Employment Enterprises, Inc. 401(k)/Profit-Sharing Plan (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion of these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Employment Enterprises, Inc. 401(k)/Profit-Sharing Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Employment Enterprises, Inc. 401(k)/Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established effective January 1, 1999 and restated January 1, 2008, is a defined contribution multiple employer plan designed to encourage and assist in providing a regular savings program for eligible employees of Employment Enterprises, Inc., its adopting affiliated companies (collectively referred to as the Company), and other participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On December 31, 2010, pursuant to a purchase agreement dated October 7, 2010, Checks & Balances, Inc., a wholly-owned subsidiary of Employment Enterprises, Inc., consummated the sale of contractual rights related to the Professional Employment Organization (PEO) to DCXL, Inc., an unrelated third party. Pursuant to the purchase agreement, DCXL, Inc. agreed to assume sponsorship of the Plan, to be renamed the DCXL, Inc. 401k Profit-Sharing Plan, effective January 1, 2011.

Effective January 1, 2011, Employment Enterprises Inc. will adopt and set-up an individual plan to accept the spinoff of assets of the internal employees of Employment Enterprises Inc., as well as the temporary employees of Checks and Balance, Inc. and Temporary Solutions, Inc.

Eligibility

Each of the affiliated companies that participate in the Plan set their own eligibility requirements from options in the plan agreement. The options for the service requirement are none, three months, six months, or one year; the options for the age requirement are none, having attained age 18 or having attained age 21. Participating employer groups specify their eligibility requirements in the individual adoption agreement.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

Contributions

Participants may contribute from 1 percent to 80 percent of compensation, up to annual limitations as provided by the Internal Revenue Code. The Company, at its discretion, may contribute a matching contribution and/or profit sharing contribution on behalf of each participant. Other participating employer groups also may elect to contribute matching contributions and/or profit sharing contributions as specified in each individual adoption agreement.

Participant Accounts

Each participant's account is credited with the participant's elective deferral contribution, an allocation of the Company's or participating employer's contribution, if any, and an allocation of Plan earnings or losses and is charged with an allocation of and/or actual administrative fees. Contributions to participant accounts are allocated across a selection of investment options at the discretion of the participant. Allocations to each participant for the Company's or participating employer's contributions, Plan earnings and administrative fees are based on participant account balances or participant compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their participant elective accounts at all times. Unless specified otherwise in an individual adoption agreement the Company and other participating employer contributions become vested ratably over five years of employment, beginning with the second year.

Payment of Benefits

On termination of service due to death, disability or retirement, or attainment of age fifty-nine and one-half, participants are entitled to receive benefits. Distributions from the Plan may be deferred up until the normal retirement date. However, payments must begin no later than April 1st following the calendar year in which a participant attains age seventy and one-half years. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In certain hardship situations, as described in the Plan, participants may withdraw all or part of their account balances while actively employed.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2010

Forfeitures

Forfeitures are segregated by each participating employer. Forfeitures may be applied to pay Plan expenses, reduce any matching contributions, or reduce any profit sharing contributions. During 2010, forfeitures of \$122,481 were used to reduce employer contributions. As of December 31, 2010 and 2009, \$48,440 and \$126,147, respectively, of forfeitures remain unallocated.

Participant Notes Receivable

Each participant may borrow the minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of his or her vested interest in the Plan, whichever is less. The term of the loans may not exceed five years, except for loans to purchase a primary residence, which may not exceed ten years. The loans are secured by the balances in each participant's account and bear interest at a reasonable rate of interest as determined by the plan administrator.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared using the accrual basis, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from these estimates.

Investments

The Plan's investments consist of mutual funds held by various custodians. Shares of registered investment companies (mutual funds and money market funds) are recorded at fair value as determined by quoted market prices, which represents the net asset value of the shares held by the fund at year end. Investment transactions are recorded on the trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded when earned.

Employment Enterprises, Inc. 401(k)/Profit-Sharing Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2010

Administrative Expenses

Administrative expenses are paid by the Plan.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Recent Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-25, "Reporting Loans to Participants by Defined Contribution Pension Plans" (ASU 2010-25), in order to clarify how loans to participants should be classified and measured by defined contribution pension plans. The amendment to the accounting guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The effect of ASU 2010-25 has also been retrospectively applied to the accompanying statements of net assets available for benefits as of the year ended December 31, 2009. The adoption of ASU 2010-25 did not have a material impact on the Plan's financial statements.

Subsequent Events

Material subsequent events have been considered for disclosure and recognition in these financial statements through September 16, 2011.

NOTE 3 - FAIR VALUE

Accounting standards for fair value measurements clarify the principle that fair value should be based on the assumptions that market participants would use when pricing the asset or liability, and establishes the following fair value hierarchy:

- Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;
- Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable and fair value can be determined through the use of models or other valuation methodologies; and
- Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

Assets measured at fair value on a recurring basis:	Fair value	Level 1	Level 2	Level 3
