As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by SunTrust Bank, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Non-Contributory Savings Plan
Notes to Financial Statements
December 31, 2010 and 2009

1. Description of the Plan

The following description of the Westwood One, Inc. Non-Contributory Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and was amended to conform to Section 401(a) and 401(k) of the Internal Revenue Code, effective June 1, 1987, and subsequently amended and restated effective December 1, 1997. The Plan was amended effective January 1, 2007 to change the Plan Year to a calendar year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participation in the Plan is available to all employees of Westwood One, Inc. and its subsidiaries (the "Company") who are represented by either the Westwood One American Federation of Television and Radio Artists ("AFTRA") Network or the Westwood One International Brotherhood of Electrical Workers ("IBEW") Network and have completed three consecutive months of service with the Company. Employees may commence participation in the Plan on the first day of the month following the three consecutive months of service in which the employee becomes eligible to participate. Effective June 1, 2009, Westwood One, Inc. has elected to permit participants to borrow from their account balances under the Plan.

The Compensation Committee (the "plan administrator"), which is appointed by the Company, has responsibility for the investment activities of the Plan. SunTrust Bank ("trustee") held Plan investment assets at December 31, 2010 and 2009. SunTrust Bank executed investment transactions for the Plan for the years ended December 31, 2010 and 2009.

The Company has contracted within SunTrust Retirement Services to maintain the individual participant account balances. Each participant's account is credited with the participant's contribution and allocations of (a) the company's contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employee Contributions

The Plan allows participants to contribute six percent of their eligible compensation, and subject to limitations, participants may contribute an additional six percent. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Description of the Plan (continued)

Vesting

Participants are fully vested in their voluntary contributions and the related earnings at all times.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate at the time of the loan plus one percent. Principal and interest are repaid ratably through monthly payroll deductions.

Distributions

When participants reach their normal retirement date (age 65) and separate from service, die, or become totally disabled, they are entitled to retirement income or death benefits based upon their individual account balances. If a participant's employment is terminated prior to retirement, the vested portion of their individual account balances can be distributed in equal monthly or annual cash installments, or a lump sum cash payment. Under certain conditions, terminated participants may elect to allow the vested balance of their accounts to remain in the Plan until a later date. Included in net assets available for benefits at December 31, 2010 and 2009 were \$561,626 and \$440,042, respectively, related to future amounts to be paid to former employees who participated in the Plan.

Administrative Expenses

Trust management fees and other administrative expenses are charged to the Plan and at the discretion of the plan administrator, such costs may be reimbursed by the Company. For the years ended December 31, 2010 and 2009, trustee management fees and other administrative expenses were borne by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedule of the Plan are prepared on the accrual basis of accounting.

Westwood One, Inc.
Non-Contributory Savings Plan
Notes to Financial Statements
December 31, 2010 and 2009

Summary of Significant Accounting Policies (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

3. Tax Status of the Plan

The underlying non-standardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated August 26, 2002, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (IRC), and, therefore, the related trust is tax exempt. In accordance with Revenue Procedure 2005-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Summary of Financial Data Certified by the Trustee

The Plan's trustee, SunTrust Bank, has certified that the Plan's investment balances and transactions as of and for the years ended December 31, 2010 and 2009, are complete and accurate.

5. Investments

The following investments represent 5 percent or more of the Plan's net assets as of December 31,

6. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Collective income trust funds: Valued at the NAV and is based upon the market value of its underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010

	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>	<i>Total</i>

7. Plan Termination

Although it has not expressed any intent to do so, the Company's Board of Directors has the right under the Plan at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all Plan assets will be held by the trustee for distribution to the participants.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, mutual funds, and other investment securities. Certain investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

SunTrust Bank is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
