The following description of the Advanced Concepts Enterprises, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description of the Plan document for a more complete description of the Plan's provisions.

NOTE 1 - PLAN DESCRIPTION

A. General

The Advanced Concepts Enterprises, Inc. 401(k) Plan (the Plan) is a voluntary defined contribution plan available to all employees of Advanced Concepts Enterprises, Inc. (the Company). Employees may participate in the Plan after reaching the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Participants may contribute any amount of pre-tax and after-tax annual compensation, as defined in the Plan, not to exceed the maximum allowed under IRS Code 415(d). Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), and those who have reached age 50 or more during the calendar year may make "catch-up" contributions to the Plan. Contributions made by the Company at the option of the Board of Directors are equal to 4% of the employees' compensation.

C. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, if any, and (b) Plan net earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in both their contributions and the Company's contributions, as well as earnings on those contributions.

E. Participant Investment Options

Participants must direct their salary deferred contributions from several investment options offered through Plan Custodian, State Street Corporation, as made available and determined by the Plan Administrator. Those investment options consist of values of interest in registered investment companies and common/collective trusts. Values of interest in registered investment companies are units of participation that the Plan has in the underlying assets of the mutual fund.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

F. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Transactions are treated as a transfer between the investment account and the Notes Receivable from Participants account. Loan terms may range from one to five years, except those loans used to acquire or construct any dwelling unit to be used as a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The current interest rate is 5.25%. Principal and interest are paid ratably through payroll deductions. Any balance not repaid within five years is treated as a taxable distribution to the participant.

G. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with current Internal Revenue Service guidelines.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Values of interest in "registered investment companies" and "common/collective trusts" are valued at the net asset value of the shares held by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

E. Payment of Benefits

Benefits to participants are recorded when paid.

F. Administrative Expenses

Administrative expenses are paid by the Company, rather than the participants.

G. Subsequent Events

The Company has evaluated events and transactions that occurred between December 31, 2010, and September 16, 2011, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's investments are held by a registered trust company-administered trust fund. The United States Department of Labor (DOL) allows a limited-scope audit of plans with assets held by a bank or similar institution, or insurance or investment companies, that have established separate trust companies, that is supervised and regulated and subject to periodic examination by a state or federal agency. Such an audit does not cover any information on plan investment assets, transactions, income, and the schedule of reportable transactions that is prepared and certified to, as both complete and accurate by the financial institution.

The investments presented in the financial statements have been certified by the Plan's Custodian, State Street Bank and Trust Company, to be complete and accurate as of and for the year then ended December 31, 2010.

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The following is a description of the valuation methodologies used for assets measured at fair value:

- *Values of interest in registered investment companies*: The fair value of values of interest in registered investment companies is based on the net asset value per unit as determined by the Custodian. The net asset value per unit is derived using the market approach by determining the market value of the underlying investments.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Index funds	$ -	$ 72,400	$ -	$ 72,400

Total assets at fair value	$ -	$ 1,759,358	$ -	$ 1,759,358

NOTE 5 - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

Advisor Small Cap - T	$ 102,264
Total Return Fund - A	337,297
Capital Appr Instit - I	88,672
Overseas Fund - S	194,338

Retirement 2030 - R	163,086
Value Fund - R2	126,593

NOTE 6 - TAX STATUS

The Plan intends to rely on the opinion letter provided by the Custodian dated January 30, 2006, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator and the Plan's Tax Counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management is not aware of any uncertain tax positions that would require disclosure or accrual in accordance with generally accepted accounting principles. The Plan is no longer subject to tax examinations by tax authorities for years before 2007.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

NOTE 8 - CHANGE IN ACCOUNTING PRINCIPLE

In September 2010, the Financial Accounting Standards Board (FASB) issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of $10,319 and $- for the years ended December 31, 2010, and 2009, respectively, from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net assets available for benefits per the financial statements at December 31, 2010, agree with the amount of net assets available for benefits reported on Form 5500 for the applicable year, as there were no amounts allocated to withdrawing participants for unpaid benefit claims at year-end.
