To the Trustee of
Advanced Dermatology 401(k) Plan

We were engaged to audit the financial statements of Advanced Dermatology 401(k) Plan as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company and Nationwide Trust Company, FSB, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of Advanced Dermatology 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the summary plan description and other publications previously submitted to them for more complete information.

General
The Plan was a prototype 401(k) defined contribution plan of Nationwide Trust Company, FSB ("Nationwide"), the trustee of the Plan's investment assets. Effective January 1, 2008, the Plan was restated to a volume submitter defined contribution plan.

The Plan was established July 1, 1993 covering all eligible employees of Advanced Dermatology, PC and effective October 21, 2009 the employees of Advanced Dermatology of NJ, P.C. (collectively the "Employer"), who have completed three consecutive full calendar months of employment and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Participants may elect to voluntarily contribute to the Plan from 1 to 100 percent (in full percentage points) of their "before-tax" earnings, up to a maximum in accordance with Section 415 (c) of the Internal Revenue Code (the "IRC") and adjusted annually for inflation thereafter. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. As of January 1, 2008 the Plan accepts Roth elective deferrals made on behalf of participants. The Employer may elect to contribute a discretionary amount. For the years ended December 31, 2010 and 2009, the Employer has made no contributions.

Participants Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's contribution, if any, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants immediately vest 100% in their voluntary contributions and earnings thereon. Employer discretionary contributions will vest on the basis of the participant's number of years of service. A participant is vested in their allocated discretionary contribution account with a six-year graded vesting schedule.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or a longer repayment period allowed by the administrator for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits
On termination of services due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1 - Description of Plan (continued)

Forfeitures
Forfeitures of nonvested benefits are used to reduce Plan expenses or reallocated as additional Employer contributions. For both the years ended December 31, 2010 and 2009, there were no forfeitures.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Basis of Presentation
In June 2009, the Financial Accounting Standards Board issued guidance establishing a new hierarchy of generally accepted accounting principles called "FASB Accounting Standards Codification." The new hierarchy is the new single source of authoritative nongovernmental U.S. generally accepted accounting principles. Effective for interim and annual periods that end after September 15, 2009, the Plan implemented this guidance as of July 1, 2009, and has removed all references to prior authoritative literature.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are included in the financial statements at December 31, 2010 and 2009 at their fair values as reported to the Plan by Nationwide. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 31, 2011, the date the financial statements were available to be issued.

Note 3 - Investments

The trustees of the Plan have furnished to the plan administrator investment information, which was certified by the trustees as complete and accurate. That information, which is unaudited, consists of all of the Plan's investment assets at December 31, 2010 and 2009 and investment income for the years ended December 31, 2010 and 2009.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2010 and 2009.

Investments that represent 5 percent or more of the Plan's net assets as of December 31, 2010 and 2009 are separately identified below:

Nw Mny Mkt Prime 300,300 units	-	341,536

Note 3 – Investments (continued)

For the years ended December 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $208,400 and $462,721, respectively which was attributable to mutual funds and common/collective trusts.

Note 4 - Fair Value Measurements

The fair value measurement accounting literature establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the hierarchy and those investments included in each are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/collective trusts: Valued at fair value based on current market values of the underlying assets of the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2010 and 2009:

	Investments at Fair Value at December 31, 2010			
	Level 1	Level 2	Level 3	Total

Total investments at fair value	$2,672,885	$ 568	$ -	$2,673,453

	Investments at Fair Value at December 31, 2009

Short – Term Bonds	51,642	-	-	51,642
Total investments at fair value	$2,412,200	$ -	$ -	$2,412,200

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 6 - Tax Status

The plan administrator has been provided with a letter dated August 7, 2001 by the Internal Revenue Service, which indicated that the prototype plan adopted by the Employer is qualified and the underlying trust is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2007.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Administrative Expenses

Certain expenses of administering the Plan are paid by the Employer.

Note 9 - Related Parties

Fidelity Management Trust Company ("Fidelity") and Nationwide managed the investments owned by the Plan. Fidelity is the trustee and Nationwide was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

To the Trustee of
Advanced Dermatology 401(k) Plan

We were engaged to audit the financial statements of Advanced Dermatology 401(k) Plan as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company and Nationwide Trust Company, FSB, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of Advanced Dermatology 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the summary plan description and other publications previously submitted to them for more complete information.

General
The Plan was a prototype 401(k) defined contribution plan of Nationwide Trust Company, FSB ("Nationwide"), the trustee of the Plan's investment assets. Effective January 1, 2008, the Plan was restated to a volume submitter defined contribution plan.

The Plan was established July 1, 1993 covering all eligible employees of Advanced Dermatology, PC and effective October 21, 2009 the employees of Advanced Dermatology of NJ, P.C. (collectively the "Employer"), who have completed three consecutive full calendar months of employment and attained the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions
Participants may elect to voluntarily contribute to the Plan from 1 to 100 percent (in full percentage points) of their "before-tax" earnings, up to a maximum in accordance with Section 415 (c) of the Internal Revenue Code (the "IRC") and adjusted annually for inflation thereafter. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. As of January 1, 2008 the Plan accepts Roth elective deferrals made on behalf of participants. The Employer may elect to contribute a discretionary amount. For the years ended December 31, 2010 and 2009, the Employer has made no contributions.

Participants Accounts
Each participant's account is credited with the participant's contribution and an allocation of (a) the Employer's contribution, if any, (b) plan earnings, and (c) forfeitures of terminated participants' non-vested accounts and charged with an allocation of expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants immediately vest 100% in their voluntary contributions and earnings thereon. Employer discretionary contributions will vest on the basis of the participant's number of years of service. A participant is vested in their allocated discretionary contribution account with a six-year graded vesting schedule.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or a longer repayment period allowed by the administrator for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through bi-weekly payroll deductions.

Payment of Benefits
On termination of services due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments not to exceed the life expectancy of the participant. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 1 - Description of Plan (continued)

Forfeitures
Forfeitures of nonvested benefits are used to reduce Plan expenses or reallocated as additional Employer contributions. For both the years ended December 31, 2010 and 2009, there were no forfeitures.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual basis of accounting.

Basis of Presentation
In June 2009, the Financial Accounting Standards Board issued guidance establishing a new hierarchy of generally accepted accounting principles called "FASB Accounting Standards Codification." The new hierarchy is the new single source of authoritative nongovernmental U.S. generally accepted accounting principles. Effective for interim and annual periods that end after September 15, 2009, the Plan implemented this guidance as of July 1, 2009, and has removed all references to prior authoritative literature.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are included in the financial statements at December 31, 2010 and 2009 at their fair values as reported to the Plan by Nationwide. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Management has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through August 31, 2011, the date the financial statements were available to be issued.

Note 3 - Investments

The trustees of the Plan have furnished to the plan administrator investment information, which was certified by the trustees as complete and accurate. That information, which is unaudited, consists of all of the Plan's investment assets at December 31, 2010 and 2009 and investment income for the years ended December 31, 2010 and 2009.

The assets of the Plan are invested at the direction of the participants in various investment funds at December 31, 2010 and 2009.

Investments that represent 5 percent or more of the Plan's net assets as of December 31, 2010 and 2009 are separately identified below:

Note 3 – Investments (continued)

For the years ended December 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $208,400 and $462,721, respectively which was attributable to mutual funds and common/collective trusts.

Note 4 - Fair Value Measurements

The fair value measurement accounting literature establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the hierarchy and those investments included in each are as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/collective trusts: Valued at fair value based on current market values of the underlying assets of the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2010 and 2009:

	Investments at Fair Value at December 31, 2010			
	Level 1	Level 2	Level 3	Total

Short – Term Bonds	51,642	-	-	51,642
Total investments at fair value	$2,412,200	$ -	$ -	$2,412,200

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

Note 6 - Tax Status

The plan administrator has been provided with a letter dated August 7, 2001 by the Internal Revenue Service, which indicated that the prototype plan adopted by the Employer is qualified and the underlying trust is tax-exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, no uncertain positions are taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to tax examinations for years prior to 2007.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Administrative Expenses

Certain expenses of administering the Plan are paid by the Employer.

Note 9 - Related Parties

Fidelity Management Trust Company ("Fidelity") and Nationwide managed the investments owned by the Plan. Fidelity is the trustee and Nationwide was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
