Independent Auditors' Report

To the Board of Trustees of
LogistiCare Solutions, LLC 401(k) Plan

We were engaged to audit the financial statements of LogistiCare Solutions, LLC 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, and the supplemental schedule as of and for the year ended December 31, 2010 as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by Transamerica Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Plan Description

The following description of the LogistiCare Solutions, LLC ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The plan is a defined contribution plan covering all employees of the Company who have six months of service (500 hours) and are age twenty-one or older. The plan was effective on April 1, 1997. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The plan includes participants from LogistiCare Solutions, LLC, Provado Technologies, LLC, and RidePlus, LLC, see *Note 2 Plan Amendments*, collectively referred to as the "Company".

Contributions

Each year, participants may contribute from one to 75 percent of pretax annual compensation, as defined by the plan, up to the limits prescribed in the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan currently offers various mutual funds, equity funds and an insurance investment contract as investment options for participants. The Company contributes 25 percent of the first 5 percent of elective employee contributions, not to exceed 1.25% of eligible compensation. The Company's contribution is invested in the same investment options as the participant's contributions. An additional discretionary employer contribution may be made at the discretion of the Board of Directors and are invested in the same investments as the participant's contributions. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administration fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, plus actual earnings thereon. Vesting in the Company's matching contribution is based on accredited years of service. A participant is 100 percent vested after three years of credited service.

Note 1. Plan Description *(Continued)*

Participant loans

The plan currently does not permit participant loans; however, the administrative committee has the right to amend the plan agreement to permit loans. As December 31, 2010 and 2009, the administrative committee had not elected to grant loans to participants.

Investment options

Participants may direct the investments in their accounts among alternative investment funds provided by the plan. Participants may change their investment options at any time.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum amount or in monthly installments over 120 months. For termination for service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Benefits are recorded when paid.

Forfeited accounts

At December 31, 2010 and 2009, forfeited nonvested accounts totaled $1,708 and $8,836, respectively. These accounts will be used to reduce future employer contributions. Also, in 2010 and 2009, company contributions were reduced by $7,128 and $4,437, respectively from forfeited nonvested accounts.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts. Fair value of the investment contracts, prior to contract termination, equals the contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract basis.

Note 2. Summary of Significant Accounting Policies (*Continued*)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value, as certified by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 4* for discussion of fair value measurement.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments in the Stable Value Option are invested in the general account of the insurance company issuing the contract. The assets held in Stable Value Option are commingled with the assets in the general account. There is no specific portfolio of assets in which the Stable Value Option invests, so no financial statements are available. The credit interest rate is backed by the income received from assets held in the general account.

Pooled Separate Accounts are established by insurance companies so that more than one employee benefit plan and sponsor can invest. The assets held in Pooled Separate Accounts are not commingled in the general account of the insurance company or the assets of other plans. The unit value in the separate account is calculated by dividing the total value of the assets of the separate account by the number of units in the separate account.

Plan administration

Certain administrative functions are performed by the officers or employees of the employer. No such officer or employee receives compensation from the plan. Administrative expenses for the plan are paid directly by the employer. Manager and funds fees are paid by participants through their account balances.

Plan amendments

RidePlus, LLC, a subsidiary of LogistiCare Solutions, LLC, has adopted the plan effective November 16, 2010.

Note 3. Investments

The following presents the fair value of the Plan's investments that represent five percent or more of the Plan's net assets available for benefits as certified by the custodian at December 31:

	2010	2009
Transamerica equity	**$ 858,035**	$ 734,067

Transamerica growth opp	**226,627**	N/A
Other investments less than 5% of the Plan's net assets	**$ 1,061,632**	$ 812,586

Note 4. Information Prepared and Certified by Trustee (Unaudited)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate, by the Plan's trustee, Transamerica Life Insurance Company, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

	2010	2009
Investments, at fair value, at December 31:		
Insurance contract with insurance company	**$ 645,686**	$ 546,950
Pooled Separate Accounts	**3,738,795**	2,839,143

The trustee also certified to the completeness and accuracy of $483,767 and $552,418 of net appreciation in fair value of investments and $16,878 and $16,000 of interest income related to the aforementioned investments for the years ended December 31, 2010 and 2009, respectively.

Note 5. Fair Value Measurement

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

- Level 1- inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the place has the ability to access.

- Level 2- inputs to the valuation methodology include the following:
  - Quoted prices for similar assets or liabilities in active markets
  - Quoted prices for identical or similar assets or liabilities in inactive markets
  - Inputs other than quoted prices that are observable for the asset or liability
  - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3- inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

- *Pooled Separate Accounts* – These accounts invest in mutual funds or equity securities. Valued daily using publicly available quoted market prices.

- *Insurance investment contract* – Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer.

The preceding methods prescribed may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurement (*Continued*)

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31st:

		Fair Value Measurement Using:		
December 31, 2010	**Total Fair Value**	Level 1	Level 2	Level 3
Mutual funds *	**$ 1,352,254**	$ 1,352,256	$ -	$ -
Common stock *	**2,112,111**	2,112,111	-	-
Corporate bonds *	**274,430**	274,430	-	-
Insurance investment contract	**645,686**	-	645,684	-
Total assets at fair value	**$ 4,384,481**	$ 3,738,797	$ 645,684	$ -

**Pooled Separate Accounts*

		Fair Value Measurement Using:		
December 31, 2009	Total Fair Value	Level 1	Level 2	Level 3
Mutual funds *	$ 948,137	$ 948,137	$ -	$ -
Common stock *	1,668,626	1,668,626	-	-
Corporate bonds *	222,380	222,380	-	-
Insurance investment contract	546,950	-	546,950	-
Total assets at fair value	$ 3,386,093	$ 2,839,143	$ 546,950	$ -

**Pooled Separate Accounts*

Gains and losses (realized and unrealized) included in the changes in net assets available for benefits for the year ended December 31, 2010 and 2009 are reported in the net appreciation in the fair value of investments.

Note 6. Investment Contract with Insurance Company

In 1997, the Plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica). There is no specific portfolio of assets in which the Stable Value Option investment choices invest. Accordingly, the funds held in this investment are commingled with the general account of Transamerica Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in financial statements at contract value as reported by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As described in *Note 2*, because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. This type of investment is fairly valued at contract value.

There is no reserve against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2010 and 2009 was $645,686 and $546,950, respectively.

The investment contract is not a guaranteed investment contract because interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for each month. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices and there is no stated maturity. The crediting interest rate is set monthly by Transamerica and effective the first day of the month. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis.

Certain events limit the Plan's ability to transact at contract value with Transamerica. Such events include the following: (a) amendments to the plan documents (including complete and partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974, or (e) significant decline in creditworthiness of Transamerica. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the plan participants are probable of occurring.

	2010	2009
Average yields:		
Based on actual earnings	**2.73%**	3.16%
Based on interest rate credited to participants	**2,73%**	3.16%

Note 7. Related Party Transactions

Certain plan investments are shares of mutual funds and equity funds managed by Transamerica Life Insurance Company. Transamerica Retirement Services, a marketing unit of Transamerica Life Insurance Company, is the third party administrator as defined by the plan and, therefore, these transactions qualify as party-in interest transactions. Fees paid by the plan for the investment management services amounted to $18,226 for the year ended December 31, 2010.

Note 8. Tax Status

The Plan operates under the prototype standardized profit sharing plan provisions established by Transamerica Life Insurance & Annuity Company. The Internal Revenue Service (IRS) has issued a determination letter dated October 9, 2001 accepting the form of the prototype plan. The IRS considers employers who adopt and adhere to the terms and provisions of the prototype plan as meeting the requirements for qualifications in accordance with the applicable sections of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. However, the Plan's trustees and the Company's management believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to provisions of ERISA. In the event of plan terminations, participants would become 100% vested in their employer contributions.

Note 10. Risk and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11. Corrective Distributions

Contributions received from participants for 2010 are net of payments of $81,314 made in 2011 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2010.

Note 12. Subsequent Events

Federal tax law will require the plan to merge with the plan of the parent company, Providence Service Corporation, by 2012 or amend the current plan to become substantially in similar benefits as the parent company's plan. In March 2011, the Board of Directors of Providence approved a merger of the plans which will be effective on January 1, 2012.

The plan has evaluated subsequent events through the date of the auditor's report, the date the financial statements were available to be issued.
