Independent Auditors' Report

To the Plan Administrator
Journal Register Company Mid-Hudson 401(k) Savings and Retirement Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Journal Register Company Mid-Hudson 401(k) Savings and Retirement Plan (the "Plan") as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors who have ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated October 11, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following brief description of the Journal Register Company Mid-Hudson 401(k) Savings and Retirement Plan (the “Plan”) provides general information about the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the participating employers (the “Employers”) of Journal Register East, Inc. (the “Sponsor”) and its parent company, Journal Register Company (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility Requirements

An employee who has reached the age of 21 or older and has completed one year of service at any of the Employers is eligible to participate in the Plan. Effective June 1, 2010, the service eligibility requirements of the Plan were amended to allow immediate eligibility. Upon satisfaction of the requirements, the employee can then enter into the Plan on the first day of the calendar month following the date that eligibility requirements are met.

Contributions

Any eligible employee may participate in the Plan by completing an on-line salary reduction agreement and electing to contribute on a pre-tax basis an amount of not more than 60 percent of total annual compensation. Total participant pre-tax contributions may not exceed amounts in accordance with Internal Revenue Service (“IRS”) guidelines, which for the calendar year 2010 limits contributions to \$16,500. Those participants that have attained the age of 50 may defer up to an additional \$5,500 as catch-up contributions.

Participants may transfer to their Plan accounts, part or all of, an “eligible rollover distribution” received from a prior employer’s qualified plan.

Effective January 1, 2009, all employer matching contributions were suspended and the plan was amended to reflect this change. For 2010, federal law requires that the aggregated amounts contributed to the participant accounts by the participant and the employer may not exceed the lesser of \$49,000 (\$54,500 if the participant’s age is 50 or older) or 100 percent of the participant’s compensation, as adjusted from time to time by the IRS for increases in the cost of living.

Participant Accounts

Each participant is credited with the participant’s contributions, the Employer’s matching contributions, if any, and the allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations of Plan earnings are made on a daily basis based on the participant’s share of the specific funds in which their accounts are invested. Other allocations are based on eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers fourteen registered investment companies, more commonly referred to as mutual funds, two common/collective trusts and a retirement bank account as investment options for the participants. Additionally, participants may direct their investments into portfolios that are based on the participants risk-tolerance ranging from conservative to aggressive. These portfolios use the investment options available under the Plan to achieve their risk-tolerance objectives.

Journal Register Company Mid-Hudson

401(k) Savings and Retirement Plan

Notes to Financial Statements

December 31, 2010 and 2009

Vesting and Forfeitures

Participants are always vested in their own pre-tax contributions and earnings thereon. Upon participation in the Plan, a participant is immediately fully vested in any matching contributions made by the Employers and the earnings thereon. Matching contributions received by participants from another Journal Register Company 401(k) plan retain the attributes of the original plan and therefore, the matching contributions follow the vesting schedule of the original plan.

Forfeitures are retained in the Plan and used to reduce future employer contributions, if any, or Plan administrative expenses. At December 31, 2010 and 2009, unapplied forfeitures held in the Plan were \$429 and \$60, respectively. During 2010, participants forfeited nonvested account balances of \$719. During 2010, \$350 were applied to Plan administrative expenses.

Payment of Benefits

Distribution of benefits is made upon normal retirement, death, disability, or other termination of employment. Retirement distributions are made upon attainment of age 65, either in a lump-sum payment, installment payments, or rollover to a qualified plan, at the option of the participant. Death benefits will be paid to the designated beneficiary in a payment method selected by the beneficiary.

Employees who retire, become permanently disabled, or withdraw from the Plan generally will receive the non-forfeitable portion of their account balance subject to the following rules:

- If the employee's non-forfeitable account balance exceeds \$5,000, benefit payment will not commence prior to the employee reaching normal retirement age of 65, unless the employee consents in writing to receive the payment prior to retirement.
- If the employee's non-forfeitable account balance does not exceed \$5,000, the Plan administrator will distribute the funds in one lump-sum payment as soon as administratively practicable after the date of the employee's retirement, disability or withdrawal.

At any time during employment, if an employee is in immediate financial need, he or she may apply for a hardship withdrawal no greater than the financial need and only after other forms of meeting the financial need have been explored and exhausted. The Plan administrator will then determine whether such withdrawal is necessary to satisfy the participant's financial hardship.

Participant Loans

Participants may borrow from their account either the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent at the time of the loan. The term of the loan shall not exceed five years unless the loan is used to purchase the participant's primary residence, in which case the maximum payment term is 15 years. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

All costs and expenses incurred in the administration of the Plan, including fees and expenses of the trustee, are either paid by the Plan and charged and withdrawn against the trust or paid by one of the Employers, the Sponsor or the Company.

Administrative expenses include such costs as accounting and audit fees, legal fees, trustee, custodial, investment management and recordkeeping fees. These expenses are reflected as administrative expenses in the accompanying Statement of Changes in Net Assets Available for Benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan may invest in investment contracts through a common/collective trust. Accounting standards for defined contribution retirement plans require that investment contracts be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required under accounting standards, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in common/collective trusts are based on the fair value of the trust's underlying investments as reported by the trustee.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of shares of registered investment companies and common/collective trusts are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net appreciation (depreciation) in the fair value of its investments, which consist of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments bought, sold, and held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. In 2009, amounts were shown as participant loans and included as investments. The prior year presentation and footnotes have been changed to conform to the current year presentation and disclosures.

Subsequent Events

The Plan has evaluated events and transactions subsequent to the Plan's year-end through the time that the financial statements were available to be issued on September 19, 2011.

3. Information Prepared and Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee of the Plan (the "Trustee"), has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits. Additionally, the completeness and accuracy of the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2010 has been certified by the Trustee.

4. Investments

The following investments constitute more than five percent of the Plan's net assets available for benefits as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Common/collective trusts		
Merrill Lynch - Retirement Preservation Trust, at contract value	\$ 744,089	\$ 636,209
Merrill Lynch - Equity Index Trust 12, at fair value	322,199	265,714
Registered investment companies, at fair value		
Davis Selected Advisors, LP - New York		
Venture Fund Class A	520,238	526,831

5. Fair Value Measurements

Generally accepted accounting principles in the United States of America provide a framework for measuring fair value by utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that a Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In instances in which the inputs used to measure fair value fall into different levels of the fair value hierarchy, the fair value measurement has been determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

6. Excess Participant Contribution Payable

As a result of the various testing required under ERISA which is done after the Plan year-end, the Plan will be required to return \$5,473 of contributions to certain participants that were considered in excess by the ERISA mandated test. Accordingly, this amount is recorded in the Statement of Net Assets Available for Benefits as a liability and in the Statement of Changes in Net Assets Available for Benefits as a reduction of participant contributions at and for the year ended December 31, 2010, respectively.

7. Related Party Transactions

The Plan invests in common/collective trusts with Bank of America, N.A., trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Notes to Financial Statements

December 31, 2010 and 2009

Merrill Lynch, Pierce, Fenner and Smith, Inc. ("Merrill Lynch") provides recordkeeping services for the Plan. Merrill Lynch is an affiliate of Bank of America, N.A., and these transactions qualify as party-in-interest transactions. During 2010, Merrill Lynch received \$2,425 of recordkeeping fees.

8. Tax Status

The Plan was developed from the Merrill Lynch defined contribution 401(k) prototype plan. The prototype plan received a favorable opinion letter from the IRS dated March 31, 2008. This favorable opinion letter stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). As part of the Plan's contractual arrangement with Merrill Lynch, the prototype plan will be amended to comply with changes in regulations to remain qualified under the IRC. As such, the Plan has not requested a separate determination letter from the IRS.

The Plan has been amended since March 31, 2008. The Plan administrator believes that the Plan, in form and operation, complies with the applicable requirements of the IRC.

9. Risks and Uncertainties

The Plan provides for investments in various registered investment companies and in common/collective trusts. These registered investment companies and common/collective trusts, in turn, invest in various types of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

10. Plan Termination

Although it has not expressed any intent to do so, the Sponsor may terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per financial statements to the Form 5500:
