1. DESCRIPTION OF PLAN

The following description of The Dwyer Group of Companies 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan and was adopted in July 1995. All employees of Dwyer Franchising, LLC and Glass Operating, LLC are eligible to participate in the Plan. Participants can enter the Plan immediately after satisfying all eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employee Contributions

Participants may contribute up to 70% of their pretax annual compensation up to a maximum of $16,500 for 2010 and 2009. In addition, participants may defer up to 100% of pretax bonuses. Participants may also rollover amounts into the Plan representing distributions from other qualified defined benefit or contribution plans.

Effective January 22, 2009, the plan document was amended to allow for automatic enrollment of employees at 2% of their eligible compensation, unless the employee directs otherwise. Each year, the participant will have contribution elections increase by 1%, not to exceed 6%, unless otherwise directed by the employee.

All participants who have elected to make contributions and have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500 for 2010 and 2009 in accordance with, and subject to the limitations of, Section 414(v) of the Internal Revenue Code.

All participant contributions are fully vested at all times.

(continued)

1. **DESCRIPTION OF PLAN** (Continued)

Employer Contributions

Each year, the Company will contribute to the Plan the following amounts:

a. A discretionary matching contribution equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferrals.

b. A discretionary non-elective contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contributions and an allocation of the Plan's earnings.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. Through December 31, 2005, participants were vested in the Company's matching and discretionary contributions 25% after the second year of service and 25% every year of service thereafter. Participants were 100% vested after 5 years of service.

Effective January 1, 2006, the vesting schedule was revised so that participants are 20% vested after one year of service and 20% every year of service thereafter. Participants are fully vested after 5 years of service.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of not more than the participant's assumed life expectancy, or partial withdrawals of at least $1.

Forfeitures

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and is first used to pay any administrative expenses and any remaining amounts are used to reduce any subsequent discretionary employer contributions.

(continued)

1. DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their accounts a maximum equal to the lesser of (a) $50,000 or (b) 50% of the value of their vested interest in the Plan. Loan transactions are treated as a transfer to (from) an investment fund from (to) the Participant Notes Receivable Fund. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest. The loans are repaid ratably through payroll deductions over a period not to exceed 15 years for mortgage loans or 5 years or less for general loans. Interest rates ranged from 4.25% to 7.00% as of December 31, 2010 and 2009.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Certain administrative expenses are paid directly by the Plan, such as recordkeeping, trustee, legal and accounting fees.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at quoted market prices, if available. Investment income is recorded as earned on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

3. INVESTMENTS

All Plan investment assets were held by Fidelity Management Trust Company, the custodian, trustee, and record keeper of the Plan until September 30, 2009. Beginning October 1, 2009, the assets were transferred to Charles Schwab Trust Company, and MBM Advisors, Inc. became the new record keeper.

During 2010 and 2009, the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $1,059,559 and $1,476,364, respectively.

The following table presents the adjustment for the interest in the Collective Trust Fund from fair value to contract value:

Interest in Stable Value Fund (at fair value):	
Gartmore Morley Stable Value	$ 464,429
Adjustment from fair value to contract value	(8,673)
Interest in Stable Value Fund (at contract value)	$ 455,756

4. ASSET INFORMATION CERTIFIED BY TRUSTEE

As of and for the year ended December 31, 2010, the investment and related activity from which the statement of net assets available for plan benefits, the statement of changes in net assets available for plan benefits, and the supplemental schedule were derived, has been certified by Charles Schwab Trust Company, the trustee of the Plan, as being complete and accurate as required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

For the period of January 1, 2009 through September 30, 2009, the investment and related activity from which the statement of net assets available for plan benefits, the statement of changes in net assets available for plan benefits, and the supplemental schedule were derived, has been certified by Fidelity Management Trust Company, the trustee of the Plan, as being complete and accurate as required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan changed trustees and record keepers in September 2009, from Fidelity to Charles Schwab Trust Company as the trustee and to MBM Advisors, Inc. as the record keeper. For the period of October 1, 2009 – December 31, 2009, the investment and related activity from which the statement of net assets available for plan benefits, the statement of changes in net assets available for plan benefits, and the supplemental schedule were derived, has been certified by Charles Schwab Trust Company, the trustee of the Plan, as being complete and accurate as required by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds –
Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Cash and cash equivalents –
Valued at face value

Collective trusts –
Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Participant loans –
Valued at amortized cost, which approximates fair value.

5. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009.

8. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 9, 2003, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

11. SUBSEQUENT EVENTS

For the year ended December 31, 2010, the Company has evaluated subsequent events for potential recognition and disclosure through September 7, 2011, the date of financial statement issuance. No events requiring disclosure were noted.
