We were engaged to audit the Statements of Net Assets Available for Benefits (modified cash basis) for Takumi Stamping Texas, Inc. 401(k) Plan as of December 31, 2010 and December 31, 2009, and the related Statement of Changes in Net Assets Available for Benefits (modified cash basis) for the year ended December 31, 2010. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note D, which was certified by Great-West, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE A – DESCRIPTION OF PLAN

Takumi Stamping Texas, Inc. (Plan Sponsor) formed the Takumi Stamping Texas, Inc. 401 (k) Plan (the Plan) on February 1, 2007. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Each year, participants may contribute up to the lesser of the statutory maximum amount of compensation of 100% of pre-tax annual compensation, as defined by the Plan. Employees over the age of 50 are entitled to make additional catch up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers approximately 27 mutual funds and one money market account as investment options for participants. The Plan is tested on an annual basis for compliance with the discrimination regulations and corrective distributions are made, as necessary. The corrective distributions are included in the benefit payments to participants.

Rollover Contributions

Participants may contribute amounts representing distributions from other pre-tax retirement benefit plans.

Employer Contributions

The Plan Sponsor may make discretionary matching contribution equal to a uniform percentage or dollar amount of a participant's elective deferrals each payroll period. For 2010, the employer's matching is in an amount of 50% of elected deferral up to 5% of the gross wages per payroll period. For the year ended December 31, 2010, the Plan Sponsor contributed \$28,398. During the year, the plan sponsor also made a corrective match relating to 2009 and prior in the amount of \$27,302.

As of December 31, 2009, the employer receivable was \$27,302 of which \$4,976 is for 2009, and \$22,326 is for prior years. The receivable was caused by a misinterpretation of the plan agreements. Once discovered, the Plan Sponsor started the process of correction. As of the date of the report, the Plan Sponsor has satisfied their obligation. \$1,005 of the employer contribution receivable is payable to accounts of persons who have elected to withdraw from the plan, but have not been paid.

NOTES TO FINANCIAL STATEMENTS (continued)

NOTE A – DESCRIPTION OF PLAN (continued)

Investment Options

Participants have the privilege and responsibility to direct the investment of their account balance. The Plan offers participants approximately 28 investment options to choose from. Participants may change their investment options at any time by contacting the Trustee directly or by going on line and managing their individual account. The Plan has been designed to meet the ERISA Section 404(c) requirements, which means the participants and not the Plan fiduciaries are responsible for the investment decisions relating to the assets in a participant individual account.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participants account and bear an interest rate of 4.25% which commensurate with local prevailing rates as determined quarterly by the Plan administrator. As of December 31, 2010, no loans were in default or considered uncollectible.

Participant Accounts

Each participant account is credited with the participant contribution and allocations of (a) the Plan Sponsor contribution and (b) the Plan earnings, and charged with certain administrative expenses. Allocation of plan earnings depends on account balances and the investment options selected by the participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vested in the Plan Sponsor's contribution portion of their account plus actual earnings thereon are based on the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
0	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE A – DESCRIPTION OF PLAN (continued)

Forfeitures

The Plan provides that if a participant terminates employment before being fully vested in the employer contribution portion of his account, the participant forfeits the unvested amount and it remains in the Plan. Forfeitures may be used to pay administrative expenses first and then to reduce matching employer contributions.

Payment of Benefits

The Plan generally provides that upon termination of employment, a participant will be required to take a lump-sum distribution if his or her vested account balance is less than \$1,000, regardless of consent. The Plan Administrator may direct the Trustee to make an automatic rollover of a terminated participant account if the participant has not returned the required distribution authorizations and the account balance is between \$1,001 and \$5,000. Terminated participants with account balances in excess of \$5,000 will only receive distributions with distribution authorizations. As required by law, participants over the age of 70 ½ must receive minimum required distributions. Accordingly, participants over the age of 70 ½ must complete the appropriate documentation in order that the Trustee can make the required distributions.

Administrative Expenses

The Plan pays some or all of the expenses to administer the Plan that is charged directly to the individual participant accounts. Further, the Trustee charges individual participant accounts for certain transaction fees.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan Administrator has elected to prepare the Plan's financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, contributions and investment earnings are recorded as they are received and plan expenses are recorded as they are paid. The modified cash basis of accounting is an acceptable method of accounting for employee benefit plans in accordance with Internal Revenue Service and Department of Labor regulations.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan investments are stated at fair value based on Level 2 quoted market prices for similar assets in active markets which represent the net asset value of shares held by the Plan at year end.

Participant loans are valued at amortized cost, which approximates fair value.

Estimates

The preparation of financial statements requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

For the year ended December 31, 2010, the Company has evaluated subsequent events for the potential recognition and disclosure through September 21, 2011, the date of financial statement issuance. This is the issuance date of the financial statements.

NOTE E – RELATED PARTY (PARTY-IN-INTEREST) TRANSACTIONS

Great-West Life & Annuity Insurance Company, Plan Service Provider, charges an annual recordkeeping fee for each participant account maintained by the Trustee, which is charged directly to the individual participant accounts. In addition, Great-West Retirement Services, Plan Investment Advisor, also charges certain transaction fees which are charged directly to the individual participant accounts. Orchard Trust Company is the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2010, the recordkeeping fees paid by the Plan amounted to \$6,946.

Takumi Stamping Texas, Inc.-401(k) Plan
NOTES TO FINANCIAL STATEMENTS (continued)
December 31, 2010

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested on all amounts credited to their accounts.

NOTE G – TAX STATUS

The Prototype Non-standard Profit Sharing Plan with CODA (cash or deferred arrangement) obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC), and that any employee benefit plans adopting such prototype plan, will be similarly qualified.

The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Since the Takumi Stamping Texas, Inc. 401(k) Plan is such a plan; the Plan and Trust are also designed in accordance with the applicable sections of the IRC.

The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
