INDEPENDENT AUDITORS' REPORT

To the Trustees
Transperfect Translations International, Inc. Retirement Plan
New York, New York

We were engaged to audit the accompanying statements of net assets available for benefits of Transperfect Translations International, Inc. Retirement Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information, which is the responsibility of the Plans' management, has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

Respectfully submitted,

NOTE 1 DESCRIPTION OF PLAN

The following description of the Transperfect Translation International, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, in accordance with the provisions of Section 401(k) of the Internal Revenue Code (IRC), covering all employees of Transperfect Translations International, Inc., Transperfect Document Management, Inc., Transperfect Staffing Solutions LLC, Transperfect, Inc., and Transperfect Remote Interpreting, Inc (the "Company") who are not members of a collective bargaining unit and have either been employed full-time for two months or part-time employees who have worked a total of 1,000 hours during the year, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan document, subject to IRC limitations. For the tax year beginning in 2010, the limit was $16,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company provides matching contributions of 25% on the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances as of the preceding valuation date, reduced by any withdrawals since that date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants may direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the Plan administrator which are more fully described in the plan literature. Participants may change their investment options any time throughout the year and as often as they wish.

NOTE 1 DESCRIPTION OF PLAN (continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is vested 20% after two years of credited service, with a 20% increase in each succeeding year until becoming fully vested after the sixth year of service. However, participants who are employed on or after their 65th birthday become immediately vested in these contributions.

Notes Receivable - Participant Loans
Participants may borrow from their fund accounts an amount ranging from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous twelve months, even if amounts have been repaid. Only one loan may be outstanding at any given time. Loan terms range from one to five years, with the exception of the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at an annual rate of prime as reported in the Wall Street Journal as of the day the loan is processed, plus two percent. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% – 10.25% for the year ended December 31, 2010.

Benefit Payments
A participant's vested account balance is distributed in a lump sum or installment payments, based on his/her election under the Plan document, upon retirement, death, disability or termination of employment. All vested account balances less than $1,000 may be automatically distributed to the participant. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59 ½ years of age. Participants may also receive hardship distributions, as described in the Plan, from their deferral contribution account.

Forfeitures
At December 31, 2010 and 2009, forfeited nonvested accounts totaled $31,540 and $50,012, respectively. Forfeited balances are made available first to reinstate previously forfeited account balances of former participants who have been reemployed by the Company, second to reduce the Company's matching contributions or to pay administrative expenses.

Administrative Expenses
Administrative expenses of the Plan are the responsibility of the Company.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Accounting Pronouncements
In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-25, Plan Accounting – Defined Contribution Pension Plans (Topic 962) – Reporting Loans to Participants by Defined Contribution Pension Plans. This guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective retrospectively for fiscal years after December 15, 2010. The adoption did not have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition
The investments of the Plan are reported at fair value in accordance with Accounting Standards Codification ("ASC 820"), *Fair Value Measurements*. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable – Participant Loans
Participant loans are reclassified as notes receivable – participant loans, and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies a participant loan as in default when a scheduled installment payment has not been received by the last day of the calendar quarter following the calendar quarter in which the last scheduled installment payment was due. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Reclassifications
Certain 2009 balances have been reclassified to conform to the 2010 presentation.

Date of Management's Review
Management has evaluated subsequent events through September 6, 2011, the date which the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The Plan's investments are held by an administered trust fund. The following table presents investments at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

Investments at Fair Value as Determined
By Quoted Market Prices:

	December 31,	
	2010	2009
Oppenheimer Developing Markets	$ 1,195,862	$ 917,150

ING Solution 2025	862,974	689,217
ING Solution 2035	1,018,740	718,422
ING Solution 2045	1,868,540	1,412,994
ING U.S. Stock Index	856,161	-
Group Funding Agreement	859,132	718,044
Other, under 5% of net assets	4,594,755	4,532,073
Total investments at fair value	$ 12,980,728	$ 9,968,309

NOTE 4 GROUP FUNDING AGREEMENT

The Plan offers an investment option called the ING Fixed Account ("account") which is a group funding agreement. The account guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: (1) a current rate, determined at least monthly and, (2) a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the end of the defined period, but it will never be lower than the minimum guaranteed rate. At December 31, 2010 and 2009 the current rate was 2.85% and 3%, respectively, and was guaranteed not to drop below 2.60% through December 31, 2011.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Daily credited interest becomes part of principal and the investment increases through compounded interest. All funds invested by the Plan in the ING Fixed Account receive the same credited rate. Withdrawals from the ING Fixed Account for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge. Due to the long-term nature of the account's investments, ING may impose restrictions on the ability to move funds into or out of this investment option.

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING Life Insurance and Annuity Company ("ING"), the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

December 31,	2010	2009
Mutual funds	$ 12,121,596	$ 9,250,265
Group funding agreement	859,132	718,044
Notes receivable – participant loans	119,406	95,573

Year Ended December 31,	2010
Interest on notes receivable – participant loans	$ 5,258
Net appreciation in fair value of investments	1,520,106
Interest income from group funding agreement	9,580

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (continued)

The Plan's independent accountants did not perform auditing procedures on the above information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

NOTE 6 FAIR VALUE MEASUREMENTS

The Plan's financial instruments are reported in accordance with ASC 820. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2010 and 2009.

Group Funding Agreement: The group funding agreement is valued at fair value based on a discounted cashflow model of similar instruments with comparable terms.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

		Fair Value Measurements Using:	
December 31, 2010	**Fair Value**	**Level 1**	**Level 2**
Mutual funds	$ 12,121,596	$ 12,121,596	$ -
Group funding agreement	859,132	-	859,132
Total	$ 12,980,728	$ 12,121,596	$ 859,132
December 31, 2009			
Mutual funds	$ 9,250,265	$ 9,250,265	$ -
Group funding agreement	718,044	-	718,044
Total	$ 9,968,309	$ 9,250,265	$ 718,044

NOTE 7 RELATED PARTY TRANSACTIONS

Certain plan investments consist of shares of mutual funds managed by and a group funding agreement with ING. ING is a custodian of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to ING were $600 for the year ended December 31, 2010. Fees paid by the Plan for the investment management services were included as a reduction of the earnings on each fund.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 9 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 19, 1990, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been recorded.

The Plan has adopted the provisions of FASB ASC 740-10, Accounting for Uncertainty in Income Taxes. FASB ASC 740-10 provides guidance for recognizing and measuring tax positions taken or expected to be taken in a tax return that directly or indirectly affect amounts reported in financial statements. The effect of adopting FASB ASC 740-10 did not have an impact on the Plan's 2010 financial statements.

NOTE 10 RISKS AND UNCERTAINTIES

The plan invests in various investment instruments, including mutual funds and a group funding agreement. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 11 PROHIBITED TRANSACTIONS

During 2009, the Company inadvertently failed to deposit certain participant deferrals totaling $17,780 within the required timeframe as prescribed by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Company computed the lost earnings on such undeposited funds and subsequently remitted those deferrals with their related earnings to the Plan in 2010.

INDEPENDENT AUDITORS' REPORT

To the Trustees
Transperfect Translations International, Inc. Retirement Plan
New York, New York

We were engaged to audit the accompanying statements of net assets available for benefits of Transperfect Translations International, Inc. Retirement Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Our audits were performed for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information, which is the responsibility of the Plans' management, has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

Respectfully submitted,

NOTE 1 DESCRIPTION OF PLAN

The following description of the Transperfect Translation International, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, in accordance with the provisions of Section 401(k) of the Internal Revenue Code (IRC), covering all employees of Transperfect Translations International, Inc., Transperfect Document Management, Inc., Transperfect Staffing Solutions LLC, Transperfect, Inc., and Transperfect Remote Interpreting, Inc (the "Company") who are not members of a collective bargaining unit and have either been employed full-time for two months or part-time employees who have worked a total of 1,000 hours during the year, and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan document, subject to IRC limitations. For the tax year beginning in 2010, the limit was $16,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company provides matching contributions of 25% on the first 6% of base compensation that a participant contributes to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances as of the preceding valuation date, reduced by any withdrawals since that date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Investment Options

Participants may direct both employee and employer contributions to be invested amongst various investment options as made available and determined by the Plan administrator which are more fully described in the plan literature. Participants may change their investment options any time throughout the year and as often as they wish.

NOTE 1 DESCRIPTION OF PLAN (continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of credited service. A participant is vested 20% after two years of credited service, with a 20% increase in each succeeding year until becoming fully vested after the sixth year of service. However, participants who are employed on or after their 65th birthday become immediately vested in these contributions.

Notes Receivable - Participant Loans
Participants may borrow from their fund accounts an amount ranging from a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous twelve months, even if amounts have been repaid. Only one loan may be outstanding at any given time. Loan terms range from one to five years, with the exception of the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at an annual rate of prime as reported in the Wall Street Journal as of the day the loan is processed, plus two percent. Principal and interest are paid ratably through payroll deductions. Interest rates ranged from 4.25% – 10.25% for the year ended December 31, 2010.

Benefit Payments
A participant's vested account balance is distributed in a lump sum or installment payments, based on his/her election under the Plan document, upon retirement, death, disability or termination of employment. All vested account balances less than $1,000 may be automatically distributed to the participant. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59 ½ years of age. Participants may also receive hardship distributions, as described in the Plan, from their deferral contribution account.

Forfeitures
At December 31, 2010 and 2009, forfeited nonvested accounts totaled $31,540 and $50,012, respectively. Forfeited balances are made available first to reinstate previously forfeited account balances of former participants who have been reemployed by the Company, second to reduce the Company's matching contributions or to pay administrative expenses.

Administrative Expenses
Administrative expenses of the Plan are the responsibility of the Company.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Accounting Pronouncements
In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-25, Plan Accounting – Defined Contribution Pension Plans (Topic 962) – Reporting Loans to Participants by Defined Contribution Pension Plans. This guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. ASU 2010-25 is effective retrospectively for fiscal years after December 15, 2010. The adoption did not have a material impact on the Plan's financial statements.

Investment Valuation and Income Recognition
The investments of the Plan are reported at fair value in accordance with Accounting Standards Codification ("ASC 820"), *Fair Value Measurements*. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable – Participant Loans
Participant loans are reclassified as notes receivable – participant loans, and are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies a participant loan as in default when a scheduled installment payment has not been received by the last day of the calendar quarter following the calendar quarter in which the last scheduled installment payment was due. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Reclassifications
Certain 2009 balances have been reclassified to conform to the 2010 presentation.

Date of Management's Review
Management has evaluated subsequent events through September 6, 2011, the date which the financial statements were available to be issued.

NOTE 3 INVESTMENTS

The Plan's investments are held by an administered trust fund. The following table presents investments at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's net assets are separately identified.

Investments at Fair Value as Determined
By Quoted Market Prices:

	December 31,	
	2010	2009
Oppenheimer Developing Markets	$ 1,195,862	$ 917,150
American Funds EuroPacific Growth	820,229	282,743
Vanguard VIF Diversified Value	904,335	697,666
ING Solution 2025	862,974	689,217
ING Solution 2035	1,018,740	718,422
ING Solution 2045	1,868,540	1,412,994
ING U.S. Stock Index	856,161	-
Group Funding Agreement	859,132	718,044
Other, under 5% of net assets	4,594,755	4,532,073
Total investments at fair value	$ 12,980,728	$ 9,968,309

NOTE 4 GROUP FUNDING AGREEMENT

The Plan offers an investment option called the ING Fixed Account ("account") which is a group funding agreement. The account guarantees principal and a minimum guaranteed interest rate for the life of the product as well as featuring two declared interest rates: (1) a current rate, determined at least monthly and, (2) a guaranteed minimum floor rate declared for a defined period – currently one calendar year. The guaranteed minimum floor rate may change after the end of the defined period, but it will never be lower than the minimum guaranteed rate. At December 31, 2010 and 2009 the current rate was 2.85% and 3%, respectively, and was guaranteed not to drop below 2.60% through December 31, 2011.

The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Daily credited interest becomes part of principal and the investment increases through compounded interest. All funds invested by the Plan in the ING Fixed Account receive the same credited rate. Withdrawals from the ING Fixed Account for other than the payment of benefits to participants may be subject to a market value adjustment and a surrender charge. Due to the long-term nature of the account's investments, ING may impose restrictions on the ability to move funds into or out of this investment option.

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING Life Insurance and Annuity Company ("ING"), the custodian, has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

December 31,	2010	2009
Mutual funds	$ 12,121,596	$ 9,250,265
Group funding agreement	859,132	718,044
Notes receivable – participant loans	119,406	95,573

Year Ended December 31,	2010
Interest on notes receivable – participant loans	$ 5,258
Net appreciation in fair value of investments	1,520,106
Interest income from group funding agreement	9,580

NOTE 5 INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (continued)

The Plan's independent accountants did not perform auditing procedures on the above information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedules.

NOTE 6 FAIR VALUE MEASUREMENTS

The Plan's financial instruments are reported in accordance with ASC 820. ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in active markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 6 FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009:

Mutual Funds: Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equities and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2010 and 2009.

Group Funding Agreement: The group funding agreement is valued at fair value based on a discounted cashflow model of similar instruments with comparable terms.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

		Fair Value Measurements Using:	
December 31, 2010	**Fair Value**	**Level 1**	**Level 2**

NOTE 7 RELATED PARTY TRANSACTIONS

Certain plan investments consist of shares of mutual funds managed by and a group funding agreement with ING. ING is a custodian of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to ING were $600 for the year ended December 31, 2010. Fees paid by the Plan for the investment management services were included as a reduction of the earnings on each fund.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

NOTE 9 TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated December 19, 1990, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been recorded.

The Plan has adopted the provisions of FASB ASC 740-10, Accounting for Uncertainty in Income Taxes. FASB ASC 740-10 provides guidance for recognizing and measuring tax positions taken or expected to be taken in a tax return that directly or indirectly affect amounts reported in financial statements. The effect of adopting FASB ASC 740-10 did not have an impact on the Plan's 2010 financial statements.

NOTE 10 RISKS AND UNCERTAINTIES

The plan invests in various investment instruments, including mutual funds and a group funding agreement. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE 11 PROHIBITED TRANSACTIONS

During 2009, the Company inadvertently failed to deposit certain participant deferrals totaling $17,780 within the required timeframe as prescribed by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Company computed the lost earnings on such undeposited funds and subsequently remitted those deferrals with their related earnings to the Plan in 2010.
