INDEPENDENT AUDITOR'S REPORT

June 25, 2011

To the Beaumont Coin Group
401(k) Plan and Participants
Beaumont, Texas

We have audited the accompanying statements of net assets available for benefits of Beaumont Coin Group 401(k) Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the year ended December 31, 2010 and 2009 and the supplemental schedules of assets held for investment purposes at end of year. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by John Hancock Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules for the years ended December 31, 2010 and 2009. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BEAUMONT COIN GROUP 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

Note 1 - **Description of Plan**

The following description of the Beaumont Coin Group (Company) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established and became effective January 1, 2003. The Plan is referred to as a safe harbor 401(k) plan.

The Plan is a defined contribution plan, covering all full-time employees of Universal Coin & Bullion, Ltd.; 1st National Reserve, Ltd.; Reserve First Partners, Ltd.; 1st American Coin, Ltd.; Wholesale Management Partners, Ltd.; and Tony's Maintenance, Inc., (corporations which are members of a controlled group who adopted the Plan) who have twelve months of service, and are a minimum age of 21. Employees of a collective bargaining unit and non-resident aliens are not covered. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, per Internal Revenue Code regulations, participants may contribute a certain percentage of their compensation to the Plan, up to a fixed dollar amount. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 22 mutual funds as investment options for participants. The Plan sponsor may elect to adopt "safe harbor" and make a profit sharing contribution or elect to make a discretionary match or profit sharing contribution. For each of the years ended December 31, 2010 and 2009, there were no employer contributions to the Plan.

Participant Accounts: Each participant's account is credited with the participant's voluntary contributions and allocations of the Company's contribution (if any) and the Plan's earnings, which is allocated proportionately among all participants based on their investment in each fund.

Administrative Expenses: The Company pays substantially all administrative expenses.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion plus the actual earnings thereon commences at two years of continuous service at 20 percent per annum until reaching 100 percent vesting.

Participant Loans: The Plan does not have a provision for participant loans from the Plan.

Payment of Benefits: Upon termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the entire value of his or her vested interest in the account.

Forfeitures: May first be used to pay administrative expenses. Any remaining forfeitures attributable to amounts other than employer matching contributions will be used to reduce any employer contribution.

Note 2 - **Summary of Significant Accounting Policies**

Basis of Accounting: The accompanying financial statements of the Plan have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Benefit payments are recorded when distributed.

Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 - **Summary of Significant Accounting Policies** (continued)

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Note 3 – **Fair Value of Assets and Liabilities**

Determination of Fair Value: The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures. In accordance with the Fair Value Measurements and Disclosures topic of FASB ASC, the fair value of a financial instrument is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Fair value is best determined based upon quoted market prices. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. Accordingly, the fair value estimates may not be realized in an immediate settlement of the instrument.

The recent fair value guidance provides a consistent definition of fair value, which focuses on exit price in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. If there has been a significant decrease in the volume and level of activity for the asset, a change in valuation technique or the use of multiple valuation techniques may be appropriate. In such instances, determining the price at which willing market participants would transact at the measurement date under current market conditions depends on the facts and circumstances and requires the use of significant judgment. The fair value is a reasonable point within the range that is most representative of fair value under current market conditions.

Fair Value Hierarchy: In accordance with this guidance, the Plan groups its financial assets generally measured at fair value in three levels, based on the markets in which the assets are traded and the reliability of the assumptions used to determine fair value.

Level 1 – Valuation is based on quoted prices in active markets for identical assets that the reporting entity has the ability to access at the measurement date. Level 1 assets generally include debt and equity securities that are traded in an active exchange market. Valuations are obtained from readily available pricing sources for market transactions involving identical assets.

Level 2 – Valuation is based on inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly. The valuation may be based on quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets. Level 3 assets include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which determination of fair value requires significant management judgment or estimation.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Note 3 – **Fair Value of Assets and Liabilities** (continued)

The following methods and assumptions were used by the Plan in estimating fair value disclosures for financial instruments:

Investments - Where quoted prices are available in an active market, we classify the securities within Level 1 of the valuation hierarchy. Level 1 investments include money market and mutual funds.

If quoted market prices are not available, we estimate fair values using pricing models and discounted cash flows that consider standard input factors such as observable market data and broker/dealer quotes. Examples of such instruments, which would generally be classified within Level 2 of the valuation hierarchy, include most debt securities such as mortgage-backed, state and municipal, and pass-through securities.

Assets Measured at Fair Value on a Recurring Basis - Assets measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2010, Using				
	Quoted Prices In Active Markets for Identical Assets (Level 2)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Netting	Total Carrying Value
Investments					
Money market	$ 143,386	$	$	$	$ 143,386
Mutual funds	1,689,288				1,689,288
Contribution receivable			2,152		2,152
Total assets at fair value	$ 1,832,674	$	$ 2,152	$	$ 1,834,826

The estimated fair values and related carrying or notional amounts of the Plan assets are as follows:

	2010		2009	
	Carrying Value	**Fair Value**	Carrying Value	Fair Value
Financial assets				
Money market	**$ 143,386**	**$ 143,386**	$ 112,846	$ 112,846
Mutual funds	**1,689,288**	**1,689,288**	811,642	811,642
Contribution receivable	**2,152**	**2,152**		

Note 4 – **Benefits Payable**

Account balances of terminated participants who had not withdrawn their benefits were $44,521 at December 31, 2010. All terminated participants had withdrawn their benefits from the plan at December 31, 2009.

Note 5 - **Plan Termination**

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 6 - **Tax Status**

The Plan is an adoption of a standard prototype arrangement designed by SunGard Corbel. The Company received a determination letter October 5, 2001, from the Internal Revenue Service that qualified the Plan as tax-exempt under the appropriate sections of the Internal Revenue Code. Although the Plan has been amended since this letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 7 – **Related Party Transactions**

In 2010, certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is also the record keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Company pays the Plan administration expenses. The Company is the sponsor as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

During the year ended December 31, 2010 and 2009, the Company paid fees and expenses on behalf of the Plan in the amounts of $24,937 and $18,976, respectively.

Note 8 – **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – **Information Certified by the Trustee**

At December 31, 2010 and 2009, the Plan's investments were held by John Hancock Life Insurance Company (Trustee). The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
