NOTE 1 – PLAN DESCRIPTION

The following description of the Drymalla Construction Company, Ltd. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information. The Plan is sponsored by Drymalla Construction Company, Ltd. (the "Partnership" or the "Plan Sponsor") for the benefit of its employees.

General

The Plan was adopted effective January 1, 1983 and restated on July 1, 2002 to adopt a prototype plan sponsored by Massachusetts Mutual Life Insurance Company ("MassMutual"). Effective January 1, 2010, the Plan adopted a new prototype plan sponsored by MassMutual. The Plan is a defined contribution plan covering eligible employees of the Partnership. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees, excluding union employees and non-resident aliens with no U.S. earned income sources, twenty-one years of age or older who have completed one year of service, as defined in the Plan document, are eligible to participate in the Plan.

Contributions

Participants may contribute up to 15% of their compensation, through pretax compensation deferrals, not to exceed $16,500 for 2010. Additionally, participants who are at least 50 years of age by December 31, 2010 are permitted to make additional contributions up to $5,500 for 2010. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Partnership at its discretion may make matching contributions equal to a percentage of the participant's elective deferrals or a specified dollar amount. The Partnership may also make a discretionary pro-rata profit sharing contribution and a discretionary qualified non-elective contribution unrelated to participant elective deferrals. For profit sharing contributions and qualified non-elective contributions, employees must be twenty-one years of age, complete 1,000 hours of service during the eligibility computation period, and be employed on the last day of the plan year in order to be eligible to receive any of these Partnership contributions.

Participant Accounts

Separate accounts are maintained for each participant. Participant accounts are credited with the participant's contributions, rollover contributions, and allocations of Partnership contributions and investment earnings and losses, and charged with withdrawals and administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Partnership matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service. Participants become 20% vested in Partnership contributions for each year of service commencing at the conclusion of the second year of service until 100% vested after six years of service. Participants are automatically 100% vested in qualified non-elective contributions made by the Partnership. Participants are automatically vested in Partnership contributions upon death, disability or retirement.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loan transactions are treated as transfers between investment funds and the loan fund. Loan terms range from 1-5 years unless for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. The Plan Administrator will periodically review its interest rate assumptions to ensure the interest rate is reasonable. Only one loan may be outstanding at any time for each participant. Principal and interest are paid ratably through payroll deductions.

Distribution of Benefits

Upon termination of employment, retirement, death or disability, a participant or his/her beneficiary may elect to receive a lump sum payment based upon the valuation of the participant's account as of the date of termination.

Withdrawals

An in-service withdrawal can be made while a participant is still employed, if the participant qualifies and is approved by the Plan Administrator. A hardship withdrawal can be made on a participant's pretax contributions to satisfy certain immediate and heavy financial needs, as defined. The participant's contributions to the Plan must be suspended for six months after receipt of the hardship withdrawal. A withdrawal of all or a portion of the participants' vested account can be made at the age of 59½, upon normal retirement age of 55 or completion of 5 years of service.

Forfeitures

Forfeitures arise when participants terminate employment before becoming fully vested in Plan Sponsor contributions. Forfeitures may be used to pay for plan administration expenses or used to reduce Plan Sponsor contributions. At December 31, 2010 and 2009, the forfeiture account totaled $18,825 and $11,535, respectively. During 2010, no forfeitures were used to reduce the Partnership's matching contribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

In 2009, the Plan adopted guidance issued by the Financial Accounting Standards Board (FASB) which provided a practical expedient for measuring the fair values of Plan investments in a limited number of entities that calculate a net asset value (NAV) per share (such as hedge funds, private equity funds, funds of funds, certain collective trusts, and pooled separate accounts). This guidance also required additional disclosures of the attributes of these investments. The guidance was effective for periods ending after December 15, 2009. The adoption did not have a material impact on the Plan's financial statements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

In 2010, the Plan adopted a new accounting standard that requires participant loans to be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document; thus, no allowance for doubtful accounts has been recorded as of December 31, 2010 and 2009.

In accordance with the transition provisions, prior years' presentation and disclosures have been retrospectively adjusted to conform to the new standard.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Fees and Expenses

Recordkeeping fees incurred in administering the Plan are paid by the Plan.

NOTE 3 – INVESTMENT IN INSURANCE CONTRACTS

As of December 31, 2010, the Plan maintained one Guaranteed Insurance Contract ("GIC"), the Guaranteed Interest Accounts. The contract underlying this investment option is considered to be fully benefit responsive. As of December 31, 2010 and 2009, the contract value of the investment in the Guaranteed Interest Accounts is $1,422,523 and $1,224,063, respectively.

The average yields based on actual earnings for the contract for the years ended December 31, 2010 and 2009, were 2.76% and 3.01%, respectively. The crediting interest rates to participants for the contract as of December 31, 2010 and 2009 were 2.76% and 3.01%, respectively. The guaranteed minimum crediting interest rates for the contract for the years ended December 31, 2010 and 2009 were 3.00% and 3.01%, respectively. MassMutual makes this guarantee, and although Mass Mutual may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 3.00%.

MassMutual's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract-holder.

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan's management does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

MassMutual, the GIC issuer, has the option to payout the current value of the contract only after completion of five contract years.

NOTE 4 – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value and within a hierarchal disclosure framework which prioritizes and ranks the level of observable inputs used in measuring fair value. At each financial statements date, the Plan performs an analysis of all assets and liabilities subject to fair value measurements.

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Pooled separate accounts are valued at the NAV per unit based on either the observable NAV of the underlying investment or the NAV of the underlying pool of securities. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. There are currently no redemption restrictions on these investments. Participant loans are valued at amortized cost, which approximates fair value. The GIC is reported based upon the amount the Plan would receive if the contract was terminated at the reporting date, which is contract value less an early withdrawal charge, discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The pooled separate accounts have been classified based on the general characteristic of the investment focus and strategy with further clarification below:

(1) The strategy is focused on maximizing consistent capital growth utilizing underlying investments with a high composition of equity or equity related securities.
(2) The strategy seeks maximum total return by utilizing underlying investments that are mostly investment-grade debt securities, but may invest a limited percentage of total assets in below investment grade debt securities.
(3) The strategy is designed to maximize current income through debt investments in foreign governments and companies, U.S. government securities and lower-rated high-yield securities of U.S. and foreign companies.

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2010:

	Guaranteed Interest Accounts
Balance, Beginning of Year	$ 1,291,227
Realized Gains	39,059
Unrealized Gains	46,751
Purchases, Sales, Issuances, and Settlements (Net)	159,402
Balance, End of Year	$ 1,536,439

NOTE 5 – FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan sponsored by MassMutual. MassMutual received a determination letter from the Internal Revenue Service (the "IRS"), dated May 11, 2009, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code. The prototype plan has been amended since receiving the determination letter. However, the plan's management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 – ADMINISTRATION OF PLAN ASSETS

The Plan's assets are held by State Street Bank and Trust Company, (the "Custodian"), and certain administrative functions are performed by MassMutual. The Partnership provides certain administrative functions and absorbs substantially all the Plan's administrative costs, except for recordkeeping fees, on behalf of the Plan.

NOTE 7 – PARTY-IN-INTEREST

The Plan has notes receivable from participants at December 31, 2010 and 2009. As a result, these notes and all transactions relating to these notes were with parties-in-interest. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 7 – PARTY-IN-INTEREST – CONTINUED

Certain Plan investments are funds managed by MassMutual, a party-in-interest with respect to the Plan, and therefore, the investment transactions in these funds qualify as party-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

The Plan also incurs expense related to general administration, recordkeeping and investment advisory services. Fees paid by the Plan to MassMutual for these services totaled $36,200 for the year ended December 31, 2010.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to terminate the Plan, the Partnership has the right to do so at any time. In the event of termination of the Plan, including partial termination, all amounts credited to a participant's account become fully vested and the Plan assets are to be distributed according to provisions in the Plan document.

NOTE 9 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

At December 31, 2010, the Plan's investments were held by the Custodian. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that was certified by the Custodian as complete and accurate in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair values of investments representing 5% or more of the Plan's net assets at December 31, 2010 and 2009, as reported by the Custodian, are summarized as follows:

	2010	2009
Guaranteed Interest Accounts at Contract Value	$ 1,422,523	$ 1,224,063
Babson Premier Core Bond Fund	423,564	353,959
Northern Trust Select Index Equity Fund	315,916	259,087
T Rowe Price Select Blue Chip Growth Fund	741,569	621,649
American Century Ultra Fund	456,228	364,748
Other Investments Less than 5% of Net Assets	2,289,926	1,894,795
Total Investments	$ 5,649,726	$ 4,718,301

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $536,880, as follows:

Pooled Separate Accounts	$ 490,129
Guaranteed Interest Accounts	46,751
	$ 536,880

Interest income on participant loans and guaranteed interest accounts totaled $46,892 for the year ended December 31, 2010.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL Reg. 2580.412-11) requires an employer to segregate participant contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the years ended December 31, 2010 and 2009, the Partnership did not remit employee contributions of $155,722 and $174,855, respectively, and loan repayments of $33,572 and $23,022, respectively, in a timely manner. As a result, for the years ended December 31, 2010 and 2009, the Partnership owed the Plan lost interest earnings of $193 and $242, respectively, on the employee contributions and loan repayments not remitted timely. The additional interest has not been included in the accompanying financial statements as it does not have a material effect on the Plan's net assets available for benefits or changes in net assets available for benefits.

As of December 31, 2010, the Plan Sponsor had not remitted the lost earnings related to 2010 or 2009. However, in 2011, the Partnership intends to file Form 5330 with the Internal Revenue Service and pay the lost earnings and required excise tax relating to the delinquent participant contributions.

NOTE 12 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

Less: 2010 Employer Contributions Receivable	(52,113)
Employer Contributions per the Form 5500, Schedule H	$ 200,432

NOTE 13 – FIDELITY BONDING REQUIREMENTS

The Department of Labor (DOL Reg. 2580.412-11) requires Plan Administrators to obtain fidelity bond coverage totaling at least $1,000 or 10% of plan assets at the beginning of the plan year not to exceed $500,000. This coverage provides protection to the Plan against loss by reason of acts of fraud or dishonesty on the part of such administrator, officer, or employee, directly or through connivance with others. The Partnership was not in compliance with this regulation as of December 31, 2010. The Partnership plans to increase the limit of the fidelity bond to $500,000 in 2011 to comply with the regulation for future plan years.

NOTE 14 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through the date the financial statements were available for issuance on August 24, 2011 and determined the following events, not otherwise disclosed in the financial statements, to have an impact on the accompanying financial statements.
