INDEPENDENT AUDITOR'S REPORT

September 15, 2011

To the Bray Retirement Plan Committee
Bray International, Inc. 401(k)
Profit Sharing Plan and Trust:

We were engaged to audit the statements of net assets available for benefits of Bray International, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule, as listed in the accompanying index to financial statements. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Institutional Plan Services, LLC, the recordkeeper of the Plan as an agent for Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee that, as of and for the years ended December 31, 2010 and 2009, the information provided to the Plan administrator by the recordkeeper, acting as an agent for the trustee, is complete and accurate to the best of their knowledge.

As described in Note 1, the Plan adopted Financial Accounting Standards Board Accounting Standards update 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, as of December 31, 2010, which clarified how loans to participants should be classified and measured by defined contribution pension plans. This update was retrospectively applied to December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 and 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 and 2009 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN AND ACCOUNTING POLICIES

General – The Bray International, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") established on January 1, 1990 and amended in 2003, is a defined contribution plan covering all full-time employees of Bray International, Inc., Bray Sales, Inc., Flow-Tek, Inc., Ultraflo, Inc. and Unit Process Company, Inc. (the "Company"), subject to certain restrictions for participant eligibility as defined in the *Plan Document*.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is described more fully in the *Plan Document*.

Eligibility, Contributions and Vesting – All full-time employees who have completed six months of service and are 18 years of age or older are eligible to participate in the Plan. The Plan provides for voluntary employee contributions expressed as a percentage of compensation up to 92% of the participant's eligible compensation. The Internal Revenue Code ("IRC") limits the annual amount of salary deferrals that may be made by a participant. The employee contribution limits for 2010 is $16,500, the same as 2009. Employees that reach the age of 50 by the end of the calendar year are permitted to make additional catch up contributions of $5,500 in both 2010 and 2009.

The Company, at its discretion, may make qualified matching contributions to the Plan. The Company matches 50% of employee contributions of up to 1% of the employees' monthly base compensation contributed to the Plan and 15% of employee contributions above 1% and up to and including 5% of employees' monthly base compensation contributed to the Plan. During the year ended December 31, 2010, the Company made matching contributions of $140,216.

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, if any, an allocation of Plan earnings or losses and administrative expenses.

The Plan passed all the discrimination tests for the years ended December 31, 2010 and 2009.

Participants direct the investment of their account balances, in any of several investment funds. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage of future contributions allocated among the investment funds.

1. DESCRIPTION OF THE PLAN AND ACCOUNTING POLICIES (continued)

Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. A participant is vested in the Company's matching contributions and related earnings or losses thereon as follows:

YEARS OF SERVICE	VESTED PERCENTAGE
1 Year	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years	100%

Benefit Payments – A participant is eligible to receive benefit payments in the amount equal to the value of the participant's vested interest in their account upon termination of service due to retirement, reaching the age of 59 1/2 or prior to retirement, or death, disability, resignation, discharge, or proven hardship as defined by the Plan. A participant may elect to receive either a lump-sum amount equal to their account, an annuity payment or as a rollover to another qualified plan that shall not exceed the life expectancy of the employee or designated beneficiary. All payments made under the Plan are paid by the Trustee.

Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan, but not been paid have not been accrued in the Plan. At December 31, 2010 and 2009, there were no amounts payable to participants.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100% vested and receive their account balance.

Forfeitures – If a participant terminates employment before having a fully vested interest in their account, the nonvested balance of the account will be forfeited. Forfeitures may be used to supplement future employer contributions. At December 31, 2010 and 2009, respectively, there were $21,657 and $39,417 of forfeitures that had not yet been applied. Forfeitures applied to supplement employer contributions for 2010 and 2009 totaled $2,536 and $0, respectively.

1. DESCRIPTION OF THE PLAN AND ACCOUNTING POLICIES (continued)

Notes Receivable from Participants − Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the balance of any outstanding loans. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. Such loans are secured by a pledge of the participant's vested account balance in the trust fund and bear interest at the prevailing interest rate charged by banks for similar loans. Notes receivable from participants are valued at their outstanding balances with accrued interest. Delinquent loans are treated as distribution based on terms of the Plan document. The notes receivable bears interest at a rate commensurate with local prevailing rates as determined by the Plan administrator and ranged from 5.25% to 10.25%.

In September 2010, the Financial Accounting Standards Board ("FASB") issued an amendment, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling $310,291 and $287,109 from investments to notes receivable as of December 31, 2010 and 2009, respectively.

Accounting Method – The accompanying financial statements are presented on the accrual basis of accounting.

Investment Valuation – The Plan's investments are stated at fair value. Mutual funds and common stocks are valued at their quoted market price. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded as earned. Net investment gain (loss) from mutual funds include interest, dividends, realized gains (losses) on sale of investments and unrealized appreciation (depreciation) in fair value of investments.

1. DESCRIPTION OF THE PLAN (continued)

Use of Estimates – The preparation of financial statements in conformity with United States generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Trustee and Administration – Reliance Trust Company ("Reliance") serves as trustee of the Plan and ING Institutional Plan Services, LLC ("ING") serves as agent for the trustee and recordkeeper of the Plan. Most expenses for the administration of the Plan, including trustee and accounting fees, are paid by the Company. Fees paid by the Company on behalf of the Plan during the years ended December 31, 2010 and 2009 were $24,819 and $16,208, respectively.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds. Investments are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any Plan investment losses.

2. INCOME TAX STATUS

The Company adopted ING's prototype standardized profit sharing plan with a cash or deferral arrangement which received a favorable determination letter from the Internal Revenue Service ("IRS") on July 27, 2005. The Retirement Plan Committee of the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt as of December 31, 2010. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no

2. INCOME TAX STATUS (continued)

uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income taxes has been included in the Plan's financial statements.

3. INFORMATION CERTIFIED BY ING

The following is a summary of the plan asset information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that information provided to the Plan administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	DECEMBER 31,	
	2010	2009
Investments at fair value:		
Mutual funds	$10,551,678	$ 8,208,726
Self-directed retirement account	434,070	336,463
Notes receivable from participants	310,291	287,109

ING certified the completeness and accuracy of $1,129,947 of net appreciation in fair value of investments, $20,311 of interest from notes receivable from participants and $186,788 of interest and dividends related to the investment information certified by ING for the year ended December 31, 2010.

4. INVESTMENTS

The following table presents the fair values of investments that represent 5% or more of the Plan's net assets at December 31, 2010 or 2009:

	2010	2009
Fidelity Advisor Mid Cap	$ 627,170	$ 401,116
Legg Mason ClearBridge Small Cap Growth Class A	$ 714,762	$ 534,064
Massachusetts Financial Total Return Class A	$ 837,278	$ 739,128
Oppenheimer Global Fund Class A	$ 992,513	$ 730,446
Legg Mason ClearBridge Aggressive Growth Class A	$ 624,912	$ 520,838
Western Asset Money Market Class A	$ 1,132,165	$ 974,616
Legg Mason ClearBridge Large Cap Value	$ 930,155	$ 838,692
Invesco Van Kampen Comstock Class A	$ 930,927	$ 729,634

5. FAIR VALUE MEASUREMENTS

The FASB established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). An asset of liability's classification within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities inactive markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

5. FAIR VALUE MEASUREMENTS (continued)

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the NAV of shares held by the Plan at year end.

Self-directed retirement account: Comprised primarily of common stocks, valued at the market value of shares held by the Plan at year end.

Notes from participants: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.
