We were engaged to audit the financial statements of **WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN** (the Plan) as of December 31, 2010 and 2009 and for the year ended December 31, 2010 and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by American United Life Insurance Company, the trustee of the plan, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2010 and 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the **WEAVERTOWN TRANSPORT LEASING, INC. 401(K) PLAN** (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Weavertown Transport Leasing, Inc. and D. Fuchs Holdings, L.P. (collectively, the Company). Eligible employees may participate in the Plan after completing the minimum service requirement of six months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants may make pre-tax contributions to their accounts from a minimum of 1% up to a maximum of 50% of their annual compensation. Participants may also contribute amounts from other qualified plans as rollover contributions to the Plan. Contributions to the Plan consist of employees' deferrals, including catch-up deferrals, a discretionary Company matching contribution and a discretionary Company contribution in an amount not to exceed the maximum allowed as a deduction for federal income tax purposes. The maximum annual salary deferral contribution, as imposed by the Internal Revenue Code, by an employee is $16,500 at December 31, 2010 and 2009. There are no Company contributions for the years ended December 31, 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump sum distribution in an amount equal to the value of the participant's vested interest in his or her account or allow his or her investments to remain in the Plan subject to certain restrictions.

NOTE 1 - CONTINUED

Forfeited Accounts

Forfeited accounts may be used to pay administrative expenses or to reduce future employer contributions. At December 31, 2010 and 2009, forfeited nonvested accounts totaled $38 and $55, respectively.

Notes Receivable From Participants

The Plan does not permit participant loans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual method of accounting from information supplied by the Company, the plan administrator and the trustee.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the contract value of the investment contracts, which is an appropriate determination of fair value for the contracts. Therefore, no adjustment from fair value to contract value is considered necessary. The statement of changes in net assets available for benefits is prepared on a contract value basis. At December 31, 2010 and 2009, the Plan was invested in an investment contract through participation in the AUL Fixed Account, which is an insurance company general account.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Impact of Recently Issued Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued new accounting guidance providing clarification on existing requirements and requiring additional disclosures on transfers in and out of Levels 1 and 2 fair value measurement classifications. The guidance became effective for plan reporting periods beginning after December 15, 2009.

In May 2011, the FASB issued new accounting guidance to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between accounting principles generally accepted in the United States of America and International Financial Reporting Standards. The new guidance changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. The guidance is effective for the Plan, prospectively, for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of the new guidance on its financial statements and notes thereto.

NOTE 2 - CONTINUED

Investment Valuation

The Plan's assets are invested with American United Life Insurance Company (AUL) under a group annuity contract.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

To the extent not paid by the Plan, expenses of maintaining the Plan are paid by the Company.

Payment of Benefits

Benefits are recorded when paid.

Statement Reclassifications

Certain reclassifications have been made in prior year's amounts to conform with current year statement presentation.

Subsequent Events

In preparing these financial statements, management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2010 through the auditor's report date, the date the financial statements were available to be issued. No such significant events or transactions were identified.

NOTE 3 - INVESTMENTS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by American United Life Insurance Company, and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments at fair value as shown in the accompanying statements of net assets available for benefits of $1,512,229 as of December 31, 2010 and $1,278,480 as of December 31, 2009.

b. Net increase as shown in the accompanying statement of changes in net assets available for benefits of $236,420 for the year ended December 31, 2010.

c. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2010.

NOTE 3 - CONTINUED

The fair value of investments that represent five percent or more of the Plan's net assets of December 31, 2010 and 2009 are as follows as:

	2010	2009
AUL Fixed Account	$ 322,492	$ 189,956
Amcent Heritage	82,401	83,263
Amcent Small Cap Value	84,058	85,878
Amer Fds Capital World Gro & Inc.	95,758	76,692
Fidelity VIP Contrafund	159,140	154,660
MFS Value	90,512	62,680
SSgA S & P 500 Index	43,077*	57,139
Thornburg International Value	144,546	119,054
Vanguard Short-Term Federal	160,065	163,563
Oppenheimer International Small Co.	70,059	54,346*

* Amounts do not represent five percent or more of the Plan's net assets however, they are included for comparative purposes only.

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $143,843.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Certification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than the quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology that are unobservable and significant to the fair value measurement.

NOTE 4 - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following sections describe the valuation methodologies used by the Plan to measure investments at fair value, including an indication of the level in the fair value hierarchy in which each major category of investments is generally classified. Where appropriate, the description includes the details of the valuation models and any significant assumptions. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled Separate Accounts (PSA) - The fair values of investment contracts held in pooled separate accounts are measured based on significant observable inputs other than quoted prices in active markets.

Guaranteed Investment Contracts (GIC) - The fair values of investment contracts held in guaranteed investment contracts are measured based on significant observable inputs other than quoted prices in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
GIC	$ 0	$ 0	$ 322,492	$ 322,492
PSA	0	1,189,737	0	1,189,737
	$ 0	$ 1,189,737	$ 322,492	$ 1,512,229

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
GIC	$ 0	$ 0	$ 189,956	$ 189,956
PSA	0	1,088,524	0	1,088,524
	$ 0	$ 1,088,524	$ 189,956	$ 1,278,480

NOTE 4 - CONTINUED

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	GIC
Balance, beginning of year	$ 189,956
Realized gains (losses)	9,550
Unrealized gains (losses) relating to instruments still held at reporting date	0
Purchases, sales, issuances and settlements - net	122,986
Balance, end of year	$ 322,492
The amount of total gains or (losses) for the period included in changes in net assets attributable to the change in unrealized gains or (losses) relating to assets still held at the reporting date	$ 0

Gains and losses, realized and unrealized, relating to instruments still held at the reporting date are reported in investment income in the statement of changes in net assets available for benefits.

Pooled Separate Accounts - A PSA is made up of a wide variety of underlying investments such as equities, preferred stock, bonds, real estate and mutual funds. The Net Asset Value (NAV) of a PSA is based on the market value of its underlying investments. While the underlying assets values are quoted prices, the NAV of a pooled separate account is not publicly quoted.

Guaranteed Investment Contracts - Investment contracts issued by American United Life Insurance Company are backed by their General Account. Due to the nature of these contracts, they do not have specific underlying assets assigned. Fair value represents the amount the plan participants or sponsors would receive currently if they terminated the contract at the reporting date, which is book value less an early withdrawal charge.

NOTE 5 - GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive investment contract with AUL. The contract is maintained in a general account and is included in the financial statements at fair value as reported to the Plan by AUL. The plan administrator believes contract value is an appropriate determination of fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against fair value for credit risk of the contract issuer or otherwise. The average yield for the years ended December 31, 2010 and 2009 was 3% and 4%, respectively. The crediting interest rate was approximately 4% for 2010 and 2009. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 4%. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 6 - INVESTMENT OPTIONS

Participants direct the investment of their account balances into various investment options of the Plan. The Plan offers pooled separate accounts and guaranteed investment contracts as investment options for participants.

NOTE 7 - RELATED PARTY TRANSACTIONS

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

Certain plan investments are managed by an affiliate of AUL, the trustee and, therefore, qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions are specifically exempt as prohibited transactions under ERISA.

NOTE 8 - AMENDMENT AND TERMINATION

The plan agreement may be amended or terminated by the Company at any time. No such termination is contemplated, but if it should occur, the assets of the Plan shall be used to pay or provide for the payment of any and all obligations hereunder, in accordance with the provisions of the Plan and the directions of management. No portion of the assets of the Plan, directly or indirectly, shall revert to or accrue to the benefit of the Company. In addition, in the event of the termination or partial termination of the Plan, all participants shall have a fully vested interest in all accrued benefits.

NOTE 9 - TAX STATUS

The Company adopted a prototype standardized profit sharing plan with a cash or deferral arrangement. The prototype plan sponsor has obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The plan administrator timely adopted the restated prototype plan. The plan administrator believes that the Plan currently is designed and being operated in accordance with IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability or asset if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEUDLE H OF FORM 5500

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
