NOTE A - DESCRIPTION OF THE PLAN

The following description of the Kroeschell, Inc. (the "Controlled Group") Contributory Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees and leased employees of the companies participating in the Controlled Group who have completed one month of service, are not residents of Puerto Rico and are not covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, subject to limitations set by law. Participants may change their deferral percentage upon thirty days notice. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

The Controlled Group may make a matching contribution to each participant based on their voluntary contributions in a percentage set by the Controlled Group. For 2010 and 2009, the Company matched 50% of employee contributions up to the first 6% of eligible compensation during each pay period.

Additional profit sharing amounts may be contributed at the option of the Controlled Group to participants who have completed at least 501 hours of service during the plan year or were employed on the last day of the plan year. Participants who die, become disabled or retire during the plan year do not need to satisfy this requirement.

All contributions are subject to certain limitations.

Participants self direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Controlled Group's contribution, (b) Plan earnings (losses), and is charged with service fees when applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in rollover contributions, nonelective employer contributions, employer matching contributions, employee pretax contributions, qualified nonelective contributions and any earnings thereon.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance. A participant may not have more than one outstanding loan at any time. The loan is secured by the participant's vested account balance not to exceed 50%. The interest rate charged on the loan is determined by the plan administrator (currently at 6.5%). Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum or installment payments of an amount equal to the value of the participant's vested interest in their account. A participant who has attained the age of 65, and who has not separated from service, may obtain a distribution of their vested employer contributions if they are 100% vested.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 24, 2011, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets [Level 1]	Significant Unobservable Inputs [Level 3]
December 31, 2010			
Mutual funds	$ 5,784,128	$ 5,784,128	$ -0-
Participant loans	190,452	-0-	190,452
Total	$ 5,974,580	$ 5,784,128	$ 190,452
December 31, 2009			
Mutual funds	$ 4,769,179	$ 4,769,179	$ -0-
Participant loans	189,729	-0-	189,729
Total	$ 4,958,908	$ 4,769,179	$ 189,729

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). When available, the Plan measures fair value using Level 1 inputs. Level 3 inputs were only used when Level 1 and Level 2 inputs were not available.

Level 1 *Fair Value Measurements*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 3 *Fair Value Measurements*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at net asset value (NAV) of shares held by the plan at year end.
Participant loans: Valued at amortized cost, which approximates fair value.

The following sets forth a summary of changes in the fair value of the plan's level 3 assets for the years ended.

	Participant Loans
December 31, 2010	
Beginning balance	$ 189,729
Purchases, sales, issuances, and settlements (net)	723
Ending balance	$ 190,452
December 31, 2009	
Beginning balance	$ 225,443
Purchases, sales, issuances, and settlements (net)	(35,714)
Ending balance	$ 189,729

Gains and losses (realized and unrealized) included in changes in net assets for the years ended December 31, 2010 and 2009 are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE D - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2010	2009
Fidelity Advisor New Insights Fund Class A	$ 396,640	$ 319,883
Dreyfus S&P 500 Index Fund	704,832	604,927
Fidelity Advisor Value Strategies Fund Class A	529,407	379,890
Alliance Beacon Large Cap Value Fund Advisor Class	479,117	376,245
Fidelity Prime Fund	-0-	253,342

Fidelity Advisor Mid Cap Fund Class A	830,991	645,579
Fidelity Advisor Diversified International Fund Class A	336,868	317,491
Fidelity Advisor Inflation Protected Bond Fund Class A	409,790	316,524
	$ 4,005,422	$ 3,499,292

NOTE D - INVESTMENTS (CONTINUED)

All investments are participant directed.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes may materially affect the amounts reported in the statements of net assets available for benefits.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by subsidiaries of Fidelity Management & Research Co., the parent company of Fidelity Management Trust Company, the Trustee as defined by the plan. These transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Controlled Group has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 9, 2003 that the Fidelity Management & Research Co. Prototype Non-Standardized Profit Sharing Plan, which was adopted by the Plan Sponsor, was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Since receiving the determination letter, the Plan has been amended to comply with changes in Internal Revenue Service regulations and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Kroeschell, Inc. (the "Controlled Group") Contributory Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees and leased employees of the companies participating in the Controlled Group who have completed one month of service, are not residents of Puerto Rico and are not covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, subject to limitations set by law. Participants may change their deferral percentage upon thirty days notice. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

The Controlled Group may make a matching contribution to each participant based on their voluntary contributions in a percentage set by the Controlled Group. For 2010 and 2009, the Company matched 50% of employee contributions up to the first 6% of eligible compensation during each pay period.

Additional profit sharing amounts may be contributed at the option of the Controlled Group to participants who have completed at least 501 hours of service during the plan year or were employed on the last day of the plan year. Participants who die, become disabled or retire during the plan year do not need to satisfy this requirement.

All contributions are subject to certain limitations.

Participants self direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Controlled Group's contribution, (b) Plan earnings (losses), and is charged with service fees when applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in rollover contributions, nonelective employer contributions, employer matching contributions, employee pretax contributions, qualified nonelective contributions and any earnings thereon.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance. A participant may not have more than one outstanding loan at any time. The loan is secured by the participant's vested account balance not to exceed 50%. The interest rate charged on the loan is determined by the plan administrator (currently at 6.5%). Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum or installment payments of an amount equal to the value of the participant's vested interest in their account. A participant who has attained the age of 65, and who has not separated from service, may obtain a distribution of their vested employer contributions if they are 100% vested.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 24, 2011, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets [Level 1]	Significant Unobservable Inputs [Level 3]
December 31, 2010			
Mutual funds	$ 5,784,128	$ 5,784,128	$ -0-
Participant loans	190,452	-0-	190,452
Total	$ 5,974,580	$ 5,784,128	$ 190,452
December 31, 2009			
Mutual funds	$ 4,769,179	$ 4,769,179	$ -0-
Participant loans	189,729	-0-	189,729
Total	$ 4,958,908	$ 4,769,179	$ 189,729

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). When available, the Plan measures fair value using Level 1 inputs. Level 3 inputs were only used when Level 1 and Level 2 inputs were not available.

Level 1 *Fair Value Measurements*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 3 *Fair Value Measurements*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at net asset value (NAV) of shares held by the plan at year end.
Participant loans: Valued at amortized cost, which approximates fair value.

The following sets forth a summary of changes in the fair value of the plan's level 3 assets for the years ended.

	Participant Loans
December 31, 2010	
Beginning balance	$ 189,729
Purchases, sales, issuances, and settlements (net)	723
Ending balance	$ 190,452
December 31, 2009	
Beginning balance	$ 225,443
Purchases, sales, issuances, and settlements (net)	(35,714)
Ending balance	$ 189,729

Gains and losses (realized and unrealized) included in changes in net assets for the years ended December 31, 2010 and 2009 are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE D - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2010	2009
Fidelity Advisor New Insights Fund Class A	$ 396,640	$ 319,883
Dreyfus S&P 500 Index Fund	704,832	604,927
Fidelity Advisor Value Strategies Fund Class A	529,407	379,890
Alliance Beacon Large Cap Value Fund Advisor Class	479,117	376,245

Fidelity Advisor Diversified International Fund Class A	336,868	317,491
Fidelity Advisor Inflation Protected Bond Fund Class A	409,790	316,524
	$ 4,005,422	$ 3,499,292

NOTE D - INVESTMENTS (CONTINUED)

All investments are participant directed.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes may materially affect the amounts reported in the statements of net assets available for benefits.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by subsidiaries of Fidelity Management & Research Co., the parent company of Fidelity Management Trust Company, the Trustee as defined by the plan. These transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Controlled Group has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 9, 2003 that the Fidelity Management & Research Co. Prototype Non-Standardized Profit Sharing Plan, which was adopted by the Plan Sponsor, was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Since receiving the determination letter, the Plan has been amended to comply with changes in Internal Revenue Service regulations and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Kroeschell, Inc. (the "Controlled Group") Contributory Profit Sharing/401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees and leased employees of the companies participating in the Controlled Group who have completed one month of service, are not residents of Puerto Rico and are not covered by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan, subject to limitations set by law. Participants may change their deferral percentage upon thirty days notice. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans.

The Controlled Group may make a matching contribution to each participant based on their voluntary contributions in a percentage set by the Controlled Group. For 2010 and 2009, the Company matched 50% of employee contributions up to the first 6% of eligible compensation during each pay period.

Additional profit sharing amounts may be contributed at the option of the Controlled Group to participants who have completed at least 501 hours of service during the plan year or were employed on the last day of the plan year. Participants who die, become disabled or retire during the plan year do not need to satisfy this requirement.

All contributions are subject to certain limitations.

Participants self direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Controlled Group's contribution, (b) Plan earnings (losses), and is charged with service fees when applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in rollover contributions, nonelective employer contributions, employer matching contributions, employee pretax contributions, qualified nonelective contributions and any earnings thereon.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance. A participant may not have more than one outstanding loan at any time. The loan is secured by the participant's vested account balance not to exceed 50%. The interest rate charged on the loan is determined by the plan administrator (currently at 6.5%). Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive either a lump sum or installment payments of an amount equal to the value of the participant's vested interest in their account. A participant who has attained the age of 65, and who has not separated from service, may obtain a distribution of their vested employer contributions if they are 100% vested.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through August 24, 2011, the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value.

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets [Level 1]	Significant Unobservable Inputs [Level 3]
December 31, 2010			
Mutual funds	$ 5,784,128	$ 5,784,128	$ -0-
Participant loans	190,452	-0-	190,452
Total	$ 5,974,580	$ 5,784,128	$ 190,452
December 31, 2009			
Mutual funds	$ 4,769,179	$ 4,769,179	$ -0-
Participant loans	189,729	-0-	189,729
Total	$ 4,958,908	$ 4,769,179	$ 189,729

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). When available, the Plan measures fair value using Level 1 inputs. Level 3 inputs were only used when Level 1 and Level 2 inputs were not available.

Level 1 *Fair Value Measurements*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 3 *Fair Value Measurements*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at net asset value (NAV) of shares held by the plan at year end.
Participant loans: Valued at amortized cost, which approximates fair value.

The following sets forth a summary of changes in the fair value of the plan's level 3 assets for the years ended.

	Participant Loans
December 31, 2010	
Beginning balance	$ 189,729
Purchases, sales, issuances, and settlements (net)	723
Ending balance	$ 190,452
December 31, 2009	
Beginning balance	$ 225,443
Purchases, sales, issuances, and settlements (net)	(35,714)
Ending balance	$ 189,729

Gains and losses (realized and unrealized) included in changes in net assets for the years ended December 31, 2010 and 2009 are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE D - INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets as of December 31:

	2010	2009
Fidelity Advisor New Insights Fund Class A	$ 396,640	$ 319,883
Dreyfus S&P 500 Index Fund	704,832	604,927
Fidelity Advisor Value Strategies Fund Class A	529,407	379,890
Alliance Beacon Large Cap Value Fund Advisor Class	479,117	376,245

Fidelity Advisor Diversified International Fund Class A	336,868	317,491
Fidelity Advisor Inflation Protected Bond Fund Class A	409,790	316,524
	$ 4,005,422	$ 3,499,292

NOTE D - INVESTMENTS (CONTINUED)

All investments are participant directed.

The Plan provides for investments that, in general, are exposed to various risks, such as interest rate, credit, and overall volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes may materially affect the amounts reported in the statements of net assets available for benefits.

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by subsidiaries of Fidelity Management & Research Co., the parent company of Fidelity Management Trust Company, the Trustee as defined by the plan. These transactions qualify as party-in-interest transactions.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Controlled Group has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated October 9, 2003 that the Fidelity Management & Research Co. Prototype Non-Standardized Profit Sharing Plan, which was adopted by the Plan Sponsor, was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Since receiving the determination letter, the Plan has been amended to comply with changes in Internal Revenue Service regulations and the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.
