MEDSPEED, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE 1 - Description of the Plan

The following description of the MedSpeed, LLC 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan's summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by MedSpeed, LLC (the "company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, covering all employees who have completed at least six months of service with the company, as defined by the plan. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The company matches 20% of employee contributions for contributions up to 5% of the participant's compensation. Additional company contributions may be contributed at the company's discretion. No discretionary contributions were made for the years ended December 31, 2010 and 2009. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions, and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. Participants who leave the plan because of death, early or normal retirement, or disability retirement, as defined in the plan, are considered 100% vested. Company contributions and earnings thereon vest in accordance with provisions of the plan as follows:

Vesting Years of Service	Percentage Vested
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2010 and 2009, forfeited nonvested accounts totaled $57 and $26, respectively. These accounts will be used to reduce future company contributions. In 2010, company contributions were reduced by $400 from forfeited nonvested accounts.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 65 or the fifth anniversary of joining the plan, if later. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or an annuity. Participants experiencing financial hardship may withdraw a portion of this account balance as defined in the plan.

Termination of Plan

Although it has not expressed any intent to do so, the company has the right under the plan to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates that range from 3.25% - 9.00%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Administrative Expenses

The company pays a portion of the plan's administrative expenses.

Reclassification

For comparability, certain 2009 amounts have been reclassified to conform with classifications adopted in 2010.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The plan's investments are valued at fair value.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Registered investment companies	$ 58,725
Interest and dividends	968
Net Investment Return Certified by Trustee	$ 59,693

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

The plan follows accounting principles generally accepted in the United States of America for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

NOTE 4 - Fair Value of Financial Instruments (cont.)

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported, and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Quoted market prices in active markets for identical assets or liabilities.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3 - Unobservable inputs that are not corroborated by market data.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The following methods and assumptions were used to estimate fair value:

Registered investment companies - classified as level 2 as the unit value of the investment options is provided by the trustee based upon the net asset value of the underlying registered investment company

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

Amounts owed to participants who have withdrawn from the plan total approximately $0 and $14,559 as of December 31, 2010 and 2009, respectively, and are included in net assets available for benefits.

NOTE 6 - Parties In Interest

Certain plan investments are shares of registered investment companies managed by the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for the investment management services are with the trustee and are party in interest transactions. These fees are netted against investment income for the year ended December 31, 2010.

NOTE 7 - Tax Status

The plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date.

NOTE 8 - Subsequent Events

The plan has evaluated subsequent events through September 1, 2011, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the plan's financial statements.
