To the Plan Administrator of
AMEC Paragon, Inc. Retirement Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the AMEC Paragon, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING National Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

AMEC PARAGON, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the AMEC Paragon, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of AMEC Paragon, Inc. (the "Company") except union employees, non-resident aliens, and lease employees. Employees are eligible to participate on the first day of the month coinciding with or next following the later of their hire date or attainment of age 21. The Plan is administered by the Retirement Committee, which is appointed by the President of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan up to the maximum allowed under the appropriate sections of the Internal Revenue Code (IRC). The Plan also allows for Roth 401(k) after-tax elective deferral contributions.

The Company will make a safe harbor matching contribution equal to 100% of each eligible participant's deferral contribution up to a maximum of 4% of eligible compensation. The Company may also make a discretionary matching or profit sharing contribution. For the year ended December 31, 2010, the Company made a discretionary profit sharing contribution of 6% of eligible compensation for all eligible plan participants. Participants must be actively employed on the last day of the plan year and complete 1,000 hours of service during the plan year to receive an allocation of the Company profit sharing contribution.

The Plan allows rollover contributions from eligible retirement plans qualified under the appropriate sections of the IRC. The Plan is participant directed. Participants may change their contribution rates monthly and investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, and Plan earnings. In addition, participants are charged with any applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are at all times fully vested in their contributions, Company matching contributions, and the appreciation or depreciation thereon. Vesting in the other Company contributions portion of their accounts plus earnings thereon is based on years of service. Participants vest in other Company contributions 33% per year after two years of service and are 100% vested after four years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Normal retirement age under the Plan is 65. Upon retirement, disability, death, or termination of service with the Company, participants may receive their distributions in a lump-sum payment or other method as defined in the Plan.

Notes Receivable from Participants

Plan participants may borrow Plan assets up to a maximum of the lesser of \$50,000 or 50% of their vested account balances in the Plan. Interest rates on loans are stated at a reasonable rate. Loans are repaid in level installments through payroll deductions for periods ranging up to five years and in certain situations may exceed five years. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Forfeitures

Forfeitures of nonvested employer contributions shall be used to reduce future employer contributions. The forfeitures balance at December 31, 2010 and 2009 was \$240,664 and \$586,278, respectively. Forfeitures were utilized to reduce employer contributions by \$557,039 during the year ended December 31, 2010.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

AMEC PARAGON, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2010

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a contract account. As required, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Most administrative expenses of the Plan are paid by the Company. Certain administrative expenses, such as loan fees and overnight fees, are paid by participants through the Plan.

Federal Income Taxes

The Plan has adopted a non-standardized prototype plan through ING Life Insurance and Annuity Company, which obtained its latest opinion letter dated March 31, 2008 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement

In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* ("ASU 2010-25"). ASU 2010-25 provides guidance on how loans to participants should be classified and measured by defined contribution plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment is effective for periods ending after December 15, 2010, and requires retrospective application to all periods presented. The Plan adopted this guidance for the year ended December 31, 2010 and has reclassified participant loans from investments to notes receivable from participants as of December 31, 2009 in the statement of net assets available for benefits.

NOTE 3 - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009 are separately identified below:

<u>Identity of Party Involved</u>	<u>Description</u>	<u>2010</u>	<u>2009</u>

*Includes adjustment from fair value to contract value of \$(118,729) and \$(982) as of December 31, 2010 and 2009, respectively.

During the year ended December 31, 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$7,187,116.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

AMEC PARAGON, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2010

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Various inputs are used in determining the value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Pooled Separate Accounts ("Variable Annuity Account D"): The pooled separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual fund or collective trust shares, which are valued daily at their net asset value ("NAV"). Plans and participants hold "units of participation" in the separate account. The accumulation unit value ("AUV") is the value of each unit in the separate account, and the separate account is valued daily at the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically, the beginning AUV is \$10.00) and is then determined daily based on the NAV of the shares of the underlying fund, the fund's dividends, and the contract's separate account charges. There are no imposed redemption restrictions, nor does the Plan have any contractual obligation to further invest in the account.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Contract Account: The credited rate is communicated to the Plan and credited daily. Any market value adjustment or surrender charge is based on the formulas and schedules in the Plan's contract. The fair value of the contract account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009:

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	<u>Contract Account</u>
Balance, beginning of year	\$ 9,623,390
Interest credited during the year	417,575
Unrealized gains relating to instruments held at the reporting date	117,747
Purchases, issuances, and settlements, net	<u>2,443,343</u>
Balance, end of year	<u>\$12,602,055</u>

Gains included in the change in net assets for the period above are reported in the adjustment from fair value to contract value for interest in fully benefit-responsive investment contracts in the statement of net assets available for benefits.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING National Trust ("ING"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2010 and 2009 and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2010, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

NOTE 6 - CONTRACT ACCOUNT

At December 31, 2010 and 2009, the Plan maintained one guaranteed investment account option, the ING Fixed Account. The contract underlying this investment option is considered to be fully benefit-responsive.

The average yield for the contract for the year ended December 31, 2010 was approximately 3.65%. The crediting interest rate for the contract as of December 31, 2010 and 2009 was 3.65% and 3.00%, respectively. The minimum crediting interest rate for the contract for the year ended December 31, 2010 was 3.30%. The trustee guarantees the credited rate will never fall below the lifetime guaranteed minimum of 2.00%.

ING's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

AMEC PARAGON, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2010

NOTE 6 - CONTRACT ACCOUNT (CONTINUED)

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The ING Fixed Account does not permit ING to terminate the agreement prior to the scheduled maturity date.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in an ING Life Insurance and Annuity Company pooled separate account and contract account, which are affiliated with ING. ING is the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

Employer contributions receivable at December 31, 2009	<u>2,736,345</u>
 Change in net assets available for benefits per the Form 5500	 <u>\$11,255,355</u>

NOTE 10 - PARTIAL PLAN TERMINATION

During 2010, the plan administrator determined that a partial plan termination had occurred as a result of certain employer-initiated terminations during 2010 and 2009. As a result, all affected plan participants become fully vested. Vesting will be adjusted for affected participants who took a distribution during 2010 and 2009 before the determination was made. Approximately \$320,000 previously forfeited by affected participants will be funded from the Plan's forfeitures account, to the extent available, and the remainder will be funded by the Company and distributed during 2011.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 1, 2011, the date the financial statements were available to be issued.

To the Plan Administrator of
AMEC Paragon, Inc. Retirement Savings Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the AMEC Paragon, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by ING National Trust, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the AMEC Paragon, Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of AMEC Paragon, Inc. (the “Company”) except union employees, non-resident aliens, and lease employees. Employees are eligible to participate on the first day of the month coinciding with or next following the later of their hire date or attainment of age 21. The Plan is administered by the Retirement Committee, which is appointed by the President of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make salary deferral contributions to the Plan up to the maximum allowed under the appropriate sections of the Internal Revenue Code (IRC). The Plan also allows for Roth 401(k) after-tax elective deferral contributions.

The Company will make a safe harbor matching contribution equal to 100% of each eligible participant’s deferral contribution up to a maximum of 4% of eligible compensation. The Company may also make a discretionary matching or profit sharing contribution. For the year ended December 31, 2010, the Company made a discretionary profit sharing contribution of 6% of eligible compensation for all eligible plan participants. Participants must be actively employed on the last day of the plan year and complete 1,000 hours of service during the plan year to receive an allocation of the Company profit sharing contribution.

The Plan allows rollover contributions from eligible retirement plans qualified under the appropriate sections of the IRC. The Plan is participant directed. Participants may change their contribution rates monthly and investment options at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Company’s contributions, and Plan earnings. In addition, participants are charged with any applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are at all times fully vested in their contributions, Company matching contributions, and the appreciation or depreciation thereon. Vesting in the other Company contributions portion of their accounts plus earnings thereon is based on years of service. Participants vest in other Company contributions 33% per year after two years of service and are 100% vested after four years of service.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

A participant shall be immediately vested upon death, retirement, or termination of employment due to total and permanent disability. Normal retirement age under the Plan is 65. Upon retirement, disability, death, or termination of service with the Company, participants may receive their distributions in a lump-sum payment or other method as defined in the Plan.

Notes Receivable from Participants

Plan participants may borrow Plan assets up to a maximum of the lesser of \$50,000 or 50% of their vested account balances in the Plan. Interest rates on loans are stated at a reasonable rate. Loans are repaid in level installments through payroll deductions for periods ranging up to five years and in certain situations may exceed five years. Loans are secured by the participant's vested account balance to the extent of the principal amount of the loan plus accrued interest.

Forfeitures

Forfeitures of nonvested employer contributions shall be used to reduce future employer contributions. The forfeitures balance at December 31, 2010 and 2009 was \$240,664 and \$586,278, respectively. Forfeitures were utilized to reduce employer contributions by \$557,039 during the year ended December 31, 2010.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained on the cash basis of accounting; however, the financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

AMEC PARAGON, INC. RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
December 31, 2010

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a contract account. As required, the statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Most administrative expenses of the Plan are paid by the Company. Certain administrative expenses, such as loan fees and overnight fees, are paid by participants through the Plan.

Federal Income Taxes

The Plan has adopted a non-standardized prototype plan through ING Life Insurance and Annuity Company, which obtained its latest opinion letter dated March 31, 2008 in which the Internal Revenue Service (IRS) stated that the prototype document satisfies the applicable provisions of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, contributions to the Plan and earnings from its assets are not currently taxable to the Plan or its participants.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncement

In September 2010, the Financial Accounting Standards Board issued Accounting Standards Update No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* ("ASU 2010-25"). ASU 2010-25 provides guidance on how loans to participants should be classified and measured by defined contribution plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment is effective for periods ending after December 15, 2010, and requires retrospective application to all periods presented. The Plan adopted this guidance for the year ended December 31, 2010 and has reclassified participant loans from investments to notes receivable from participants as of December 31, 2009 in the statement of net assets available for benefits.

NOTE 3 - INVESTMENTS

Investments that represent 5% or more of the Plan's net assets at December 31, 2010 and 2009 are separately identified below:

<u>Identity of Party Involved</u>	<u>Description</u>	<u>2010</u>	<u>2009</u>

*Includes adjustment from fair value to contract value of \$(118,729) and \$(982) as of December 31, 2010 and 2009, respectively.

During the year ended December 31, 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$7,187,116.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

Various inputs are used in determining the value of the Plan's investments. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of Plan investments that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Pooled Separate Accounts ("Variable Annuity Account D"): The pooled separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual fund or collective trust shares, which are valued daily at their net asset value ("NAV"). Plans and participants hold "units of participation" in the separate account. The accumulation unit value ("AUV") is the value of each unit in the separate account, and the separate account is valued daily at the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically, the beginning AUV is \$10.00) and is then determined daily based on the NAV of the shares of the underlying fund, the fund's dividends, and the contract's separate account charges. There are no imposed redemption restrictions, nor does the Plan have any contractual obligation to further invest in the account.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Contract Account: The credited rate is communicated to the Plan and credited daily. Any market value adjustment or surrender charge is based on the formulas and schedules in the Plan's contract. The fair value of the contract account is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2010 and 2009.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009:

NOTE 4 - FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	<u>Contract Account</u>
Balance, beginning of year	\$ 9,623,390
Interest credited during the year	417,575
Unrealized gains relating to instruments held at the reporting date	117,747
Purchases, issuances, and settlements, net	<u>2,443,343</u>
Balance, end of year	<u>\$12,602,055</u>

Gains included in the change in net assets for the period above are reported in the adjustment from fair value to contract value for interest in fully benefit-responsive investment contracts in the statement of net assets available for benefits.

NOTE 5 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ING National Trust ("ING"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying statement of net assets available for benefits as of December 31, 2010 and 2009 and the schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2010, and the related investment activity and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

NOTE 6 - CONTRACT ACCOUNT

At December 31, 2010 and 2009, the Plan maintained one guaranteed investment account option, the ING Fixed Account. The contract underlying this investment option is considered to be fully benefit-responsive.

The average yield for the contract for the year ended December 31, 2010 was approximately 3.65%. The crediting interest rate for the contract as of December 31, 2010 and 2009 was 3.65% and 3.00%, respectively. The minimum crediting interest rate for the contract for the year ended December 31, 2010 was 3.30%. The trustee guarantees the credited rate will never fall below the lifetime guaranteed minimum of 2.00%.

ING's determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets, and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

NOTE 6 - CONTRACT ACCOUNT (CONTINUED)

The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The ING Fixed Account does not permit ING to terminate the agreement prior to the scheduled maturity date.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in an ING Life Insurance and Annuity Company pooled separate account and contract account, which are affiliated with ING. ING is the trustee as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan provides for various investments. In general, such investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>

Employer contributions receivable at December 31, 2009	<u>2,736,345</u>
 Change in net assets available for benefits per the Form 5500	 <u>\$11,255,355</u>

NOTE 10 - PARTIAL PLAN TERMINATION

During 2010, the plan administrator determined that a partial plan termination had occurred as a result of certain employer-initiated terminations during 2010 and 2009. As a result, all affected plan participants become fully vested. Vesting will be adjusted for affected participants who took a distribution during 2010 and 2009 before the determination was made. Approximately \$320,000 previously forfeited by affected participants will be funded from the Plan's forfeitures account, to the extent available, and the remainder will be funded by the Company and distributed during 2011.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through August 1, 2011, the date the financial statements were available to be issued.
