INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Cello-Pack Corporation 401(k) Plan
Buffalo, New York

We were engaged to audit the accompanying statements of net assets available for the Cello-Pack Corporation 401(k) Plan as of December 31, 2010 and 2009, and the statement of changes in net assets available for benefits for the years then ended and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Reliance Trust Company ("Reliance") and Hartford Life Insurance Company ("Hartford"), the current and former custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Plan's custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from Reliance as of December 31, 2010 and for the period from August 26, 2010 through December 31, 2010, and from Hartford for the period of January 1, 2010 through August 25, 2010 and as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

2010 Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in understanding the fees and compensation associated with your plan. If your plan is required to complete a *Form 5500 Schedule C* , this report identifies the different types of reportable compensation paid with respect to the Hartford product utilized by the retirement plan.

As permitted under the Schedule C reporting rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate, or a formula or rate.

- Where it is an actual dollar amount, no further notation is provided.
- Where it is an estimate, we have used a reasonable method to arrive at the estimate and described the method used to arrive at the estimated amount.
- Where a formula or rate is provided, the formula may be disclosed under the Schedule C reporting rules. Alternatively, for purposes of Schedule C or for your fiduciary review of the compensation paid with respect to the plan's product, you may calculate an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies. Thus, much of the compensation information being provided can be expressed in the form of a formula.

Please note that all compensation is being reported for the 2010 calendar year. This report includes compensation actually paid to or by The Hartford within the 2010 calendar year as part of your Hartford product. This report does not include amounts deducted from plan assets and paid to third parties (other than The Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here directly from other service providers.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. These service codes are listed in the 2010 Instructions for Schedule C (Form 5500). Please review with your experienced benefits counsel and other professionals to determine the most appropriate service codes for your plan.

Please contact your Hartford Client Service Team should you require additional information regarding the compensation paid to or by The Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice or accounting or other professional services. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

1. Direct Compensation **$6,770.94**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the 2010 calendar year. Of this amount, our records indicate that Hartford Retirement Services, LLC received **$1,695.94**. Please review your records to determine what other service providers (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, plan auditor) received all or any portion of the remaining amount.

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Retirement Services, LLC are the net result of aggregating direct compensation after the effects of adjustments processed in 2010, some of which may have pertained to prior years.

2. Indirect Compensation

Float compensation Payor: Reliance Trust Company EIN: 58-1428634 **$8.36**

This is an estimate based on the average annual rate of float compensation (0.01% for 2010) earned on certain processing bank accounts for the 2010 calendar year multiplied by an estimate of the assets related to uncashed checks. This estimate does not include float earned for any other reason (e.g., if amounts remitted to Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

The list includes any investment option held by the plan during the 2010 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

[2] Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.

[3] This amount is the sum of the fund's distribution, management and other fees, which are also identified in the fund's prospectus. The plan administrator has obtained certifications from Reliance as of December 31, 2010 and for the period from August 26, 2010 through December 31, 2010, and from Hartford for the period of January 1, 2010 through August 25, 2010 and as of and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

CELLO-PACK CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

1. PLAN DESCRIPTION

General Information – The Cello-Pack Corporation 401(k) Plan (the "Plan") was established on January 1, 1990. The Plan is a defined contribution plan covering all employees of Cello-Pack Corporation (the "Company") who are not members of a collective bargaining unit. Any employee who has reached the age of 18 is able to enter the Plan and receive matching contributions immediately upon the first day of the first month after the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute at least 1% but not more than 65% of eligible compensation subject to statutory limits. The Company contributes 25% of the first 4% of eligible compensation that a participant contributes to the Plan. Additional amounts may be contributed at the discretion of the Company's Board of Directors. The Company did not make discretionary contributions for the years ended December 31, 2010 and 2009. The Plan also accepts participant rollover contributions from other qualified plans.

Hardship Withdrawals – A participant can, under certain defined conditions, withdraw any part of his or her vested account balance attributable to his or her elective deferral contributions, but none of the investment gain or earnings on them.

Notes Receivable from Participants – Participant loans are permitted by the Plan. Upon approval by the loan administrator, a participant may withdraw no less than $1,000 and up to 50% of his or her vested account balance, not to exceed $50,000. Repayment terms shall be fixed by the Plan Administrator. The loans are secured by the balances in the participants' accounts and bear interest at the prime rate plus 1%. As of December 31, 2010, interest rates ranged from 4.25% to 9.25%. Principal and interest are paid ratably through regular payroll deductions.

Participant Accounts – Each participant's account is credited with contributions made by the participant and on the participant's behalf by the employer, and an allocation of investment earnings. A participant's account is charged with an allocation of any investment losses and any additional expenses that may be incurred as defined in the Plan. A participant's benefits under the Plan are limited to the participant's account balance.

Vesting – Under the Plan, participants are fully vested in their elective deferrals at all times (including any rollover/transfer contributions made to the Plan) and become 100% vested in employer matching and discretionary contributions after three years of eligible service.

Forfeitures – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances. Forfeitures may be used to pay plan expenses or to meet employer contribution obligations to the plan. There were $5,240 and $9,493 of forfeitures available to offset future administrative expenses and employer contribution obligations at December 31, 2010 and 2009, respectively. For each of the years ended December 31, 2010 and 2009, $5,000 of forfeitures were used to offset administrative expenses.

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities, which are subject to be reported at fair value based on a U.S. generally, accepted accounting standard. The standard establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded, on an exchange. Level 2 inputs generally consist of market prices for identical assets, which are not actively traded, or market prices of similar assets or liabilities, which are actively traded, on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2, and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at market value, as determined by current quoted market prices.

Collective trust fund: The Fixed Account primarily holds guaranteed and other similar investment contracts, and is fully benefit-responsive. The fair value of the fund is based on the net asset values of the shares held by the Plan at year-end, with an adjustment to contract value, which represents contributions made under the contract, adjusted for interest earnings, transfers, loan activity and distributions. The Plan's investment in the collective trust fund yielded an investment gain of 2.33% and 3.0% for the years ended December 31, 2010 and 2009, respectively.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions in determining the fair value of certain financial instruments may result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation of its investments, which consists of changes in contract value of unallocated insurance contracts as well as realized gains or losses and unrealized appreciation on investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date and are included in net appreciation of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Notes Receivable from Participants – In September 2010, new guidance was issued clarifying the classification and measurement of participant loans by defined contribution plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of $215,002 and $179,283 as of December 31, 2010 and 2009, respectively, from investments to notes receivable from participants. Additionally, the Plan has reclassified and separately presented interest earned on participant loans of $8,683 and $11,293 for the years ended December 31, 2010 and 2009, respectively, from interest earned on investments. Net assets of the plan were not affected by the adoption of the new guidance.

Payment of Benefits – Benefits are recorded when paid.

Forfeitures and Administrative Expenses – Participants not fully vested in employer contributions upon termination of employment forfeit their non-vested balances, which are used to reduce administrative expenses and employer contributions, with any excess to be paid by the Plan.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Reclassifications - Certain reclassifications were made to the 2009 financial statements to conform to the 2010 presentation.

Subsequent Events – Management has evaluated the effects of all subsequent events through September 9, 2011, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustments or disclosure in the financial statements.

3. INVESTMENTS

The following presents the current value of the Plan investments that represent 5% or more of the net assets available for plan benefits at December 31, 2010 and 2009:

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31, 2010:

5. TRANSACTIONS WITH PARTIES IN INTEREST

Certain Plan investments are shares of mutual funds and a collective trust fund managed by The Hartford Financial Services Group, Inc., an affiliate of Hartford Retirement Services and Hartford Life Insurance Company. As Hartford Retirement Services is the Plan's recordkeeper and was custodian for the period January 1, 2010 through August 25, 2010, and for 2009, these transactions qualify as party in interest transactions.

6. TERMINATION

In the event of the termination of the Plan, the account of each participant shall become 100% vested and nonforfeitable, and shall continue to participate in the earnings credited, expenses charged, and any appreciation or depreciation of the investment funds until the vested account is distributed.

7. TAX STATUS

The Plan is utilizing a prototype plan developed by Hartford Life Insurance Company, which received a favorable determination letter from the IRS stating that the Plan is qualified under applicable sections of the Internal Revenue Code ("IRC"), and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualifications. The Plan has been amended since receipt of the determination letter. However, the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code, and, therefore, believes that the Plan and the related trust are tax exempt.
