NOTE 1 DESCRIPTION OF PLAN

The following description of The Brigantine 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Brigantine 401(k) Plan is a single-employer, defined contribution plan covering all employees of the Company who have completed at least one year of service with a minimum of 1,000 hours of service and are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan began on August 1, 1993 and was amended on November 7, 2005.

CONTRIBUTIONS

Contributions to the Plan are as follows:

1) Participants may contribute between 1-15% of their gross wages to the Plan or may rollover or transfer from other plans. The maximum deductible participant contribution allowable by the IRS is $16,500 ($22,000 for participants age 50 or older) for 2010 and 2009.

2) The employer may match a discretionary percent, set prior to the end of the Plan year, of employee deferrals up to $250 per year, per participant. The employer will match employee deferrals to the extent that they do not exceed 15% of the employee's annual gross wages.

3) The employer may also make additional contributions and allocations at its discretion.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution, and an allocation of the Company's contributions and the Plan earnings. Allocations are based on participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

NOTE 1 DESCRIPTION OF PLAN (Continued)

VESTING

Participants are immediately vested in their voluntary contributions and do not vest in the employer contributions until three or more years of service, at which time they are fully vested.

INVESTMENT OPTIONS

Upon enrollment into the Plan, participants may direct their account balances in any investment alternatives approved by the trustee, including but not limited to savings and/or money market funds and mutual funds. All earnings and losses on the directed investments are credited directly to the participants' accounts.

PAYMENT OF BENEFITS

Vested benefits are payable in one lump-sum distribution of the entire account balance or in a single sum payment of a portion of the account balance.

For purposes of determining whether or not a withdrawal is being used to provide benefits in accordance with the Plan document, the term "benefits" is limited to amounts becoming payable to the participant due to:

(A) Termination of Employment
(B) Retirement
(C) Disability
(D) Death

as defined in the plan document.

Withdrawals for reasons other than those listed above are allowed but may be subject to certain charges and adjustments.

NOTE 1 DESCRIPTION OF PLAN (Continued)

PAYMENT OF BENEFITS (Continued)

In the event of a mandatory distribution greater than $1,000, but no more than $5,000, in accordance with the payment provisions of the Plan, if the Participant does not elect to have such distributions paid directly to an eligible retirement plan specified by the Participant in a direct rollover or to receive the distribution directly under any form of payment allowed under the Plan, then the distribution will be paid in a direct rollover to an individual retirement plan designated by the plan administrator. Mandatory distributions of $1,000 or less will be paid in cash as directed by the plan administrator, unless the Participant elects a direct rollover or elects to receive the distribution under another form permitted by the Plan.

ADMINISTRATIVE EXPENSES

Substantially all of the administrative expenses of the Plan were paid by the employer for the years ended December 31, 2010 and 2009. Amounts totaling $768 and $1,762 were paid directly by the plan for loan services in 2010 and 2009, respectively.

PARTICIPANT LOANS

The participants may borrow money from the Plan provided it is adequately secured. They may use up to one-half of their vested account balance as security for the loan. All loans must bear a reasonable rate of interest. Participants can borrow no more than the lesser of $50,000 or one-half of the present value of their nonforfeitable accrued benefit. In addition, no loan in an amount less than $1,000 will be made.

FORFEITED ACCOUNTS

At December 31, 2010 and 2009, forfeited nonvested accounts totaled $755 and $0, respectively. In the event that nonvested accounts are forfeited, such accounts are used to reduce current year employer contributions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared using the accrual method in conformity with generally accepted accounting principles.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investments Valuation and Income Recognition - Investments are stated at either contract value or fair value as certified by the institution that holds the Plan's assets as an investment manager and are under the custody of the Plan's trustee. Quoted market prices are used to value investments at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Participant loans are valued at cost, which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on accrual basis. Dividends are recorded on the ex-dividend date.

Fair Value Measurement - The Plan adopted accounting standards consistent with the FASB Codification which defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements for all financial assets and liabilities.

Participant Loans - Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Benefits - Benefits are recorded when paid.

Income Taxes - The pension plan is tax exempt under the Internal Revenue Code Section 401(A) and consequently pays no income tax.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The plan obtained its latest determination letter on May 16, 1999, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

The Plan follows accounting standards for uncertainty in income taxes recognized in the Plan's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. It also provides guidance on derecognition and measurement of a tax position taken or to be taken in a tax return. As of December 31, 2010 and 2009, the Plan has not accrued interest or penalties related to uncertain tax positions. The Plan files tax returns in the U.S. Federal jurisdiction and is not subject to examination by U.S. tax authorities for the tax years prior to 2007.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the rights of all employees to account balances accrued to the date of the termination are fully vested and non-forfeitable.

Highmark Dividend Money Market	227,834	193,377
	$ 2,483,399	$ 2,194,852

NOTE 6 FAIR VALUE MEASUREMENT

The Plan adopted the methods of fair value measurement to value its financial assets and liabilities. Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value into three broad levels has been established, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Mutual Funds: Mutual fund shares are valued at quoted market prices in an exchange and active market, which represent the net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the investments mutual fund accounts, money market fund and participant loans on the statement of net assets measured at fair value on a recurring basis by level within the valuation hierarchy as of December 31, 2010.

	Level 1	Level 2	Level 3	Total
Assets				
Mutual Funds	$ 2,655,923	$ -	$ -	$ 2,655,923

NOTE 6 FAIR VALUE MEASUREMENT (Continued)

The following table presents the investments mutual fund accounts, money market fund and participant loans on the statement of net assets measured at fair value on a recurring basis by level within the valuation hierarchy as of December 31, 2009.

	Level 1	Level 2	Level 3	Total
Assets				
Mutual Funds	$ 2,358,548	$ -	$ -	$ 2,358,548

NOTE 7 EXCESS CONTRIBUTIONS PAYABLE

Benefits paid to participants of $206,377 for the year ended December 31, 2010 include payments of $3,647 made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan for the year ended December 31, 2009.

Contributions received from participants for 2009 are net of payments of $3,647 made in February 2010, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian which qualifies these transactions as party-in-interest transactions. Administrative fees incurred by the Plan to the Custodian totaled $768 and $1,762 for the years ended December 31, 2010 and 2009, respectively.
