INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Gamma Construction Company 401(k) Plan
Houston, Texas

We were engaged to audit the accompanying statement of net assets available for benefits of Gamma Construction Company 401(k) Plan as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedule, Schedule H, line 4i - Schedule of Assets (Held At End of Year) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

GAMMA CONSTRUCTION COMPANY 401(k) PLAN

December 31, 2010

NOTE A - DESCRIPTION OF PLAN

The following description of the Gamma Construction Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined-contribution plan that is available to substantially all employees of Gamma Construction Company (the "Company") subject to certain eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

John Hancock Life Insurance Company (U.S.A.) ("JH") is the custodian of the Plan.

Contributions
Each year, participants may contribute amounts of pretax annual compensation, as defined in the Plan, up to annual IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective November 1, 2009, the Company elected to match participant contributions up to 5% of the participant's deferral each pay period. The employer match for the years ended December 31, 2010 and 2009 was $12,784 and $12,800, respectively.

Discretionary employer matching contributions may be made at the option of the Board of Directors. For the years ended December 31, 2010 and 2009, the Board of Directors of the Company opted to contribute a discretionary employer matching contribution of $41,773 and $39,531,respectively, to the Plan. For the year ended December 31, 2010, the contribution amount was net of forfeitures.

Contributions are subject to certain limitations.

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of the Company's contribution(s), Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Eligibility
Prior to October 31, 2009, an employee became eligible to participate in the Plan after one year of service and the attainment of age 21. Effective October 31, 2009, an employee becomes eligible to participate in the Plan after six months of service and the attainment of age 21. After one year of service, the participant becomes eligible for the employer match and discretionary match.

NOTE A - DESCRIPTION OF PLAN (continued)

Notes Receivable From Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance during the preceding twelve months, or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from one to five years or up to twenty years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.25 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and additional contribution portion of their accounts plus actual earnings thereon is based on number of years of active service, as follows:

Years of Service	Percentage Vested
Less than one year	0%
Two years, but less than three years	20%
Three years, but less than four years	40%
Four years, but less than five years	60%
Five years, but less than six years	80%
Six years, or more	100%

Additionally, upon attainment of early retirement age, death, or disability while still employed by the Company, participants become 100 percent vested in the Company's matching and additional contribution portion of their accounts.

Payment of benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a single sum distribution of a portion of the participant's vested account balance, or annuity payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
At December 31, 2010 and 2009, forfeited nonvested accounts totaled $3,058 and $5,463, respectively. In accordance with the terms of the contract with JH, the forfeitures will first be used to reduce plan expenses with any remainder used to reduce employer contributions. During the year ended December 31, 2010 and 2009, employer contributions were reduced by $3,058 and $5,463, respectively.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to make estimates and assumptions that may affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Adoption of New Accounting Guidance

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("SFAS") 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement No. 162. The Accounting Standards Codification ("ASC") combines all authoritative standards into a comprehensive, topically organized online database. Following this Statement, which is now included in ASC Topic 105, Generally Accepted Accounting Principles ("GAAP"), the FASB will not issue new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates ("ASU") to update the ASC. Since the launch of the ASC on July 1, 2009, only one level of authoritative U.S. GAAP for non-governmental entities exists. This Statement became effective for the Company's annual reporting periods ending after September 15, 2009, but did not have a material impact on the Company's financial statements.

In May 2009, the FASB issued FAS 165, "Subsequent Events," now included in ASC Topic 855, "Subsequent Events." This Statement introduces the concept of financial statements being available to be issued. It requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether the date represents the date the financial statements were issued or were available to be issued. This disclosure should alert all users of financial statements that an entity has not evaluated subsequent events after that date in the set of financial statements being presented. The Company adopted this standard for the interim reporting period ended June 30, 2009. An amendment was issued in February 2010 which clarified which entities are required to evaluate subsequent events. The adoption of this statement, and the subsequent amendment, did not have a material impact on the Company's financial statements.

The financial statements reflect the retroactive adoption of Financial Accounting Standards Board Staff Position, *Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP")*. As required by the FSP, the statements of net assets available for benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit-responsive contracts from fair value to contract value. The statement of changes in net assets available for benefits is presented on a contract value basis and was not affected by the adoption of the FSP. The adoption of the FSP did not impact the amount of net assets available for benefits at December 31, 2009.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

Adoption of New Accounting Guidance (continued)

In April 2009, the FASB issued guidance for determining fair value when the volume and level of activity for the asset or liability have significantly decreased and guidance on identifying circumstances that indicate a transaction is not orderly. The provisions of this guidance are effective for periods after June 15, 2009. The adoption of this guidance did not materially impact the Plan's financial statements.

In September 2009, the ASU issued guidance for "Fair Value Measurements and Disclosures: Investments in Certain Entities that Calculate Net Asset Value ("NAV") per Share (or Its Equivalent)". This ASU provides guidance on using the NAV per share provided by investees to estimate the fair value of an alternative investment. This ASU is effective for periods ending after December 15, 2009. The adoption of the provisions of this update did not impact the Plan's financial statements.

In January 2010, the FASB issued a pronouncement to improve disclosures about fair value measurements. Certain provisions of this pronouncement are effective for reporting periods beginning after December 15, 2009, while other provisions are effective for periods beginning after December 15, 2010.

In September 2010, the FASB issued guidance on clarifying the classification and measurement of participant loans by defined contribution plans. The clarification requires participant loans of a defined contribution plan to be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retroactively, with early adoption permitted. Plan management does not expect that the adoption of this new guidance will have a material impact on the Plan's net assets, as the fair value of the participant loans currently reported approximates the carrying value of the participant loans.

Investment Valuation and Income Recognition

Investments in the sub accounts are stated at fair value, as determined by the unit value reported by JH. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

The statement of changes in net assets available for benefits present the net appreciation or depreciation in the fair value of investments which consists of realized gains or losses and the net unrealized appreciation or depreciation on those investments.

The Plan participates in funds with guaranteed income features (the "GIF's"). The GIF's provide a guaranteed interest rate for a specific period of time as determined, or allowed, by the Plan. The rate credited is a rate in effect on the date when each deposit was directed to the account. All rates credited during the twelve month deposit year are averaged into a single composite rate.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

To comply with the American Institute of Certified Public Accountants' Statement of Position, the FSP, the GIF is reported at fair market value. The GPF promises a contract value for a benefit event (termination, death, disability and retirement) however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Thus the GIF is not considered benefit responsive.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

Subsequent Events

The Company has evaluated subsequent events through September 27, 2011, the date on which the financial statements presented herein were available to be issued for the period ended December 31, 2010.

NOTE C - INVESTMENTS

The following represents investments that represent 5 percent or more of the Plan's net assets:

	December 31, 2010	December 31, 2009
Retirement Living at 2010 Fund	$ 526,760	$ 441,307
Retirement Living at 2015 Fund	346,601	267,330
Retirement Living at 2030 Fund	292,180	214,048
Lifestyle Balanced Fund	458,908	377,629
Lifestyle Growth Fund	453,947	383,083
Lifestyle Aggressive Fund	262,516	196,628
Money Market Fund	290,250	465,033
Other investments less than 5%	1,951,250	1,412,415
Total investments	$ 4,582,412	$ 3,757,473

During 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $485,767 and $766,815, respectively.

NOTE D - FAIR VALUE MEASUREMENTS

ASC Topic 820, Fair Value Measurements and Disclosures, (FASB ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial statement.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for asset measured fair value. There have been no significant changes in the methodologies used at December 31, 2010 and 2009.

Sub-accounts: Valued by dividing the proportion of the entire Sub-account's market value attributable to all units of that kind by the number of units of that kind at end of that kind by the number of units of that kind at the end of that valuation date.

Investment contracts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Participant Loans: Valued at amortized cost plus accrued interest, which approximates fair value.

NOTE D - FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	December 31, 2010	2009
Level 1:		
Sub Accounts:		
Asset Allocation - Retirement Living Funds	$ 1,627,675	$ 1,362,549
Asset Allocation - Lifestyle Funds	1,295,938	1,046,345
Guaranteed Income Feature	291,725	214.004
Aggressive Growth Funds	108,844	28,605
Growth Funds	420,510	355,356
Growth and Income Funds	265,502	218,476
Income Funds	281,968	67,105
Money market fund	290,250	465,033
Total Sub Accounts Investments	4,582,412	3,757,473
Level 3:		
Participant loans	178,523	153,175
Total Assets at Fair Value	$ 4,760,935	$ 3,910,648

The following table sets forth a summary of changes in fair value of the Plan's level 3 assets for the year ended December 31, 2010:

Participant Loans:	
Balance at beginning of year	$ 153,175
Issuances and settlements, net	25,348
Balance at end of year	$ 178,523

NOTE E - RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by JH. JH is a custodian as defined by the Plan and, therefore, qualifies as a "party-in-interest".

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

NOTE G - INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2010 and 2009, net appreciation or depreciation in fair value of pooled separate funds, and interest and dividend income for the year ended December 31, 2010, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by JH, the custodian of the Plan.

NOTE H - TAX STATUS

Effective October 1, 1994, the Company adopted the Orchard Trust Company Defined Contribution Prototype Plan & Trust (the "Prototype Plan"), sponsored by Orchard Trust Company. Effective October 31, 2008, the Company adopted the Volume Submitter Plan, sponsored by JH. Although the Plan has not requested or received a determination letter, the Prototype Plan and the Volume Submitter Plan have received letters from the Internal Revenue Service (the "IRS") dated November 27, 2001 and March 31, 2009, respectively, which states that the form of the Plans are acceptable under section 401(a) of the Code for use by employers for the benefit of the employees. The Plan has since been amended, however, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS.

NOTE I - RISKS AND UNCERTAINTIES

The Plan provides participants sub account investment options for participants to direct investments in any combination. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risks associated with the investment options offered by the Plan and the level of uncertainty related to changes in the value of the investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in the net assets available for benefits.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
