SPRING CREEK COMPANIES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Spring Creek Companies (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Eligibility

The Plan is a defined contribution plan covering all employees of the Company who have one year of service of no less than 1,000 hours and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Each year, participants may contribute up to 60% of pretax annual compensation, as defined in the Plan. During the 2010 plan year, in accordance with the provisions of the Internal Revenue Code ("IRC"), no participant could elect more than $22,000 in pretax contributions, which includes a $5,500 limit for catch-up contributions. The limitation does not include the Company 's matching contributions. The Company matches 100% of the first 3% and 50% of the next 2% of each participant's elected contribution to the plan. The Company may make an additional discretionary matching contribution equal to a percentage declared by the Company by a letter of intent. No such contribution was elected during 2010. Participants may also rollover amounts representing distributions from other qualified defined benefit or contribution plans.

Participants' Accounts

Each participant's account is credited with the participant's elective contribution and allocations of (a) the Company's matching contribution and (b) plan earnings. Allocations are based on participant earnings or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective contributions and the Company's matching contributions, plus actual earnings or loss thereon.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Investment Options

Upon enrollment in the Plan, a participant may direct elective contributions and the Company's matching contributions in any of the following investment options:

Fidelity Money Market Fund: Invested in high-quality short-term United States (U.S.) dollar denominated money market securities of domestic and foreign insurers.

Fidelity Government Income Fund: Primarily invested in U.S. government securities, or in instruments that are backed by or related to U.S. government securities not guaranteed by the U.S. government.

Fidelity Asset Manager Fund: Invested in all basic types of investments including stocks, bonds, and short-term or money market instruments.

Fidelity Blue Chip Growth Fund: Primarily invested in the common stocks of blue chip companies.

Fidelity ContraFund: Invested mainly in undervalued or "out of favor" U.S. and foreign common stocks.

Fidelity Capital and Income Fund: Primarily invested in debt securities and common and preferred stocks, with an emphasis on lower-quality debt securities.

Fidelity GR Strategies: Primarily invests in common stocks of domestic and foreign issuers that offer the potential for accelerated earnings or revenue growth.

Fidelity Equity Income Fund: Primarily invested in a minimum of 65% in income-producing equity securities.

Fidelity Capital Appreciation Fund: Primarily invested in growth and value common stocks of domestic and foreign issuers.

Fidelity Small-Capitalization Fund: Primarily invested in equity securities of companies with small market capitalization.

Fidelity Mid-Capitalization Fund: Primarily invested in equity securities of companies with medium market capitalization.

Fidelity Diversified International Fund: Invested primarily in non-U.S common stocks.

Fidelity Growth Company Fund: Primarily invested in common stocks.

Fidelity Growth and Income Fund: Primarily invested in common stocks which focus on the payment of current dividends and show potential for capital appreciation.

Fidelity Freedom Funds (2005, 2010, 2015, 2020, 2025, 2030, 2035, 2040 and 2045): Invested in Fidelity equity, fixed-income, and short term funds. Allocation mix varies among the investment types depending upon the retirement date.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Administration

The Company has appointed Fidelity Management Trust Company (Fidelity) as the Plan's trustee and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) as the Plan's record keeper. The Plan is administered by a member of the Company's management.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined at the application date of the loan. Interest rates on all loans were 10% at December 31, 2010 and 2009. Principal and interest is paid ratably through monthly payroll deductions.

Benefits Paid to Participants

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or monthly installments until the total amount paid equals the vested amount. If a participant's vested account has never been more than $5,000, it will be paid in a lump sum distribution.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Risk and Uncertainties

The Plan provides for various investment options which invest in registered investment companies. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Plan's statement of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as measured by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents the net change in fair value of registered investment companies which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distribution from such investments in the accompanying statement of changes in net assets available for benefits.

Expenses of the Plan

The trustee is responsible for both the management and recordkeeping of the Plan's assets. Trustee administrative expenses are generally paid directly to the trustee by the Company and thus are not a component of the changes in net assets available for benefits. Administrative expenses are also charged for the administration of certain investment options. These expenses are allocated to participants' accounts and thus are included as a component of the changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued by unpaid interest. Delinquent participant loans are reclassified as distributions upon the terms of the plan document.

NOTE 3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the investments reflected on the statement of net assets available for benefits as of December 31, 2010 and 2009 and for the year ended December 31, 2010, the investments included on the schedule of assets (held at end of year) as of December 31, 2010, the net appreciation in fair value of investments and interest and dividends reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2010, except for comparing such information certified as complete and accurate by the trustee to information included in the Plan's financial statements and supplemental schedule.

The following investments represent 5% or more of the Plan's net assets as of December 31:

	2010	2009
Money Market Fund 113,173 and 255,912 shares, respectively	$ -	$ 255,912
Asset Manager Fund 15,378 and 14,414 shares, respectively	237,122	199,629
Blue Chip Growth Fund 9,646 and 8,662 shares, respectively	437,435	328,742
ContraFund 9,053 and 9,036 shares, respectively	613,173	526,622
Small Capitalization Fund 12,217 and 10,807 shares, respectively	226,132	150,434
Mid-Capitalization Fund 8,447 and 10,468 shares, respectively	243,683	245,157
Diversified International 8,713 and 12,283 shares, respectively	262,699	343,931
Government Income Fund 15,283 and 15,721 shares, respectively	-	163,342
Growth Company Fund 2,089 and 763 shares, respectively	173,742	-
Capital Appreciation Fund 10,453 and 6,343 shares, respectively	264,891	-

NOTE 4. FAIR VALUE MEASUREMENTS

A fair value hierarchy that prioritizes the inputs to valuation techniques is used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end. The value based on quoted market prices of the underlying assets provided by the trustee and are classified within Level 1 of the valuation hierarchy.

Money market fund: Valued at the net asset value (NAV) of $1 per share held by the plan at year end. The value is based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010.

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the plan agreement, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 6. INCOME TAX STATUS

The Company has adopted one of Fidelity's prototype plan documents. The prototype plan adopted by the Partnership has received a favorable opinion letter from the IRS dated December 5, 2001, stating that the prototype is designed in accordance with the applicable sections of the IRC. The plan has been amended since receiving the determination letter; however, the plan administrator and management believe that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the plan's financial statements.

NOTE 7. RELATED PARTIES

Certain plan investments are shares of mutual funds managed by affiliates of Fidelity. Fidelity is the trustee of the Plan and, therefore, these investment transactions qualify as party-in-interest. Additionally, the Company pays certain administrative expenses on behalf of the Plan.

NOTE 8. SUBSEQUENT EVENTS

The Plan evaluated all events and transactions that occurred after December 31, 2010 through September 8, 2011, the date these financial statements were available to be issued noting the following subsequent events.

Effective July 1, 2011, JP Morgan Asset Management is the trustee of the Plan.
