INDEPENDENT AUDITORS' REPORT

We have audited the accompanying statements of net assets available for benefits of Vandervert Development Hotel Retirement 401(k) Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the basic financial statements. It is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Retirement 401 (k) Plan

Notes to Financial Statements

December 31, 2010 and 2009

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Vandervert Development Hotel (hereinafter “Company”) Retirement 401 (k) Plan (hereinafter “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General Plan Description:

The Plan is a defined contribution profit sharing plan covering all employees of the Company who have completed at least ninety days of service. Employees may begin to make elective deferrals after completing their ninety days of service and may receive matching and non-elective contributions after having completed 1,000 hours of service in each 12 month Eligibility Computation Period. The Eligibility Computation Period is the 12 month period that begins with the employee’s date of hire. If service requirements are not met during the first year following the date of hire, the Eligibility Computation Period then becomes the Plan Year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (hereinafter “ERISA”).

Forfeited Accounts:

For the years ending December 31, 2010 and 2009 forfeited non-vested accounts totaled \$1,721 and \$4,026, respectively. These accounts will be used to reduce future employer contributions.

Hardship Distributions:

A non-terminated employee may request a distribution of salary deferral amounts for a qualified financial hardship as described by the Plan. The distribution cannot exceed the amount needed to meet the immediate financial hardship and is limited to actual employee contributions excluding investment earnings. Upon receiving a hardship distribution, no 401(k) contributions will be permitted for the 6-month period immediately following the distribution.

Participant Contributions:

Each year, participants may contribute up to one-hundred percent of their annual compensation or the maximum amount allowed by the federal government which, at December 31, 2010, totaled \$16,500 for those participants aged 49 or younger. Participants who are aged fifty or over, are eligible to make catch-up contributions up to the maximum amount allowed by the Federal Government which, at December 31, 2010, totaled \$5,500. Maximum contributions that may be made by those participants aged 55 or over is \$22,000. Employees who had retirement accounts with a previous employer may directly transfer or rollover the previous account balance to the Plan as long as they are participants in the Plan.

Participants direct the investment of their contribution into various investments options offered by the Plan. The Plan currently offers a variety of investments options for Plan participants (see Supplemental Schedule H for Plan participants). It is intended that the Plan meet the requirements of ERISA Section 404(c) by providing sufficient information in order for the participants to make informed investment choices. This information will be provided by the financial institutions managing the investment options.

Notes to Financial Statements

December 31, 2010 and 2009

NOTE 1 – DESCRIPTION OF THE PLAN, *Continued* . . .

Participant Contributions (continued):

The Company is required to make matching contributions equal to fifty percent of the first six percent of compensation that a participant contributes to the Plan. Total annual contributions to any one participant's account may not exceed \$49,000. Additional profit sharing amounts may be contributed at the option of the Plan's committee. The Company made matching contributions of \$36,277 and \$35,743 during the years ended December 31, 2010 and 2009, respectively.

Administrative Expenses:

All administrative expenses are paid by the Company.

Participant Accounts:

Each participant's account is credited with the participant's contributions along with the Company's contributions, and any earnings their investments made during the year. The benefit to which a participant is entitled is the participant's vested account balance. If a participant receives a benefit at any date other than the valuation date, the value of the individual's account will be the value as of the prior valuation date.

Participant Loans:

Participant loans are not permitted under the Plan.

Participant Vesting:

Participants are immediately vested in the Plan as it relates to the account holder's account contributions plus actual earnings thereon. Vesting in the Company's contributions portion is based on the years of credited service. Plan participants earn a year of eligibility if they are credited with 1,000 hours of service during the eligibility computation period. An eligibility computation period is that 12-month period beginning with the date a participant was hired. A participant becomes one-hundred percent vested after three years (a cliff vesting schedule).

Breaks in Service:

When a participant fails to complete at least 501 hours during the plan year, they will incur a break in service. However, the Plan will credit a participant 501 hours even when the participant did not actually work 501 hours if the failure to work 501 hours was a result of the participant's taking time off to have, adopt or care for a child for a period immediately following the birth or adoption. This credit is made only for the purpose of determining whether a break in service has occurred and not for giving credit for a contribution or for vesting purposes.

Payment of Benefits:

On termination of service due to death, disability, or retirement, a participant may receive a lump-sum amount equal to their total account balances. For termination of service, voluntary or otherwise, a participant may receive the value of the vested account balance as a lump-sum distribution or roll it over to another qualified plan.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

This summary of the significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are the representations of the Plan's management who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Nature of Organization:

The Vandervert Development Hotel Retirement 401 (k) Plan was established on October 1, 2005. The Plan provides retirement benefits for employees of Vandervert Developments Hotel Division, Inc.; Douglass-Vandervert Developments, LLC (Hampton Inn Spokane and Quality Inn Oakwood); Oakwood Inns, LLC (Hampton Inn Richland); Spring Creek Developments, LLC (Hampton Inn Kalispell); Granite Investments, LLC (Hilton Garden Inn); and Mitchell Park, LLC (Holiday Inn Express Cheney).

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents:

The Plan considers cash and cash equivalents to include currency on hand and investments with original maturities of three months or less. At December 31, 2010 and 2009, there were no unallocated amounts included in cash and cash equivalents.

Payment of Benefits:

Benefits are recorded when paid.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value in accordance with the provisions of ERISA. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one-hundred percent vested in their employer contributions.

Carlson & Sevigny TPA Services, Inc., received an updated Determination Letter from the IRS sometime during the year ended December 31, 2008. This letter, dated, March 31, 2008, stated that the submitter plan, as originally designed, was in compliance with the applicable requirements of the Internal Revenue Code and that no changes had been made to the original design of the plan. The Company relies on the March 31, 2008 Determination Letter for its Plan approval.
