Independent Auditors' Report

To the Plan Administrator
The 401(k) Retirement and Savings Plan for Employees of
Fairfield Manufacturing Company, Inc.

We were engaged to audit the accompanying financial statements of The 401(k) Retirement and Savings Plan for Employees of Fairfield Manufacturing Company, Inc. as of December 31, 2010 and 2009, and for the years then ended, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and the schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing the investment information certified by the Trustee with the related investment information included in the financial statements and the supplemental schedule. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of and for the years ended December 31, 2010 and 2009, that the investment information provided to the Plan Administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 9 to the financial statements, the Plan changed its method of reporting loans to participants in 2010, as required by the provisions of FASB ASC 962.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES

The following description of The 401(k) Retirement and Savings Plan for Employees of Fairfield Manufacturing Company, Inc. (the Plan) provides only general information. Plan participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan was organized effective June 29, 1970, as a defined contribution plan covering the employees of Fairfield Manufacturing Company, Inc. (the Employer) who have completed one hour of service, except for specifically excluded employees as outlined in the Plan Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions: Each year, Plan participants may elect to contribute to the Plan an amount up to 50% of their pre-tax and 6% of their post-tax annual compensation, subject to the maximum annual amount permitted by the Internal Revenue Service (IRS). Participants may also make rollover contributions to the Plan from amounts representing distributions from other qualified plans.

The Employer may elect to make discretionary matching and profit-sharing contributions to the Plan. Both contributions are determined by the Employer's Board of Directors on an annual basis. In 2010 and 2009, the Employer made matching contributions equal to 100% of the first 5% of base compensation that each participant contributed to the Plan. No Employer profit-sharing contributions were made to the Plan in 2010 or 2009.

Participants direct the investment of their contributions, as well as those made by the Employer, into various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions, the Employer's matching contributions, the allocable share of the Employer's discretionary contribution, and Plan earnings, when applicable. Participant accounts may also be charged with an allocation of certain administrative expenses of the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Vesting and Forfeitures: Participants are immediately vested in their contributions plus actual earnings thereon, as well as their portion of matching or discretionary contributions made by the Employer. As a result, there are no forfeitures of noninvested account balances.

Notes Receivable from Participants: Participants may borrow from their account a minimum of \$500 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The terms of the notes range up to 5 years except notes issued to purchase a principal residence, for which the terms cannot exceed 30 years. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through regular payroll deductions.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan Agreement.

Payment of Benefits: Upon termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account, or annual installments over a period not to exceed the expected future lifetime of the participant or participant and spouse. Hardship withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account. Benefits are recorded by the Plan when paid.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is that price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As discussed in Note 4, the Plan invests in a collective trust fund which is a fully benefit-responsive fund. The Plan's statement of net assets available for benefits presents the fair value of this investment, as well as the adjustment of this investment from fair value to contract value. The Plan's statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses: Administrative expenses for maintaining the Plan may be paid by the Employer or the Plan, at the Employer's discretion. Loan administration fees are charged directly to the participant's account and are included in administrative expenses.

Plan Termination: Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all assets will be distributed out of the Plan in accordance with the Plan Agreement. During 2009, certain reductions in workforce resulted in a partial plan termination. All affected participants remained fully-vested in their entire account balances.

NOTE 1 - PLAN DESCRIPTION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax Status: The Plan has adopted a prototype plan document whose sponsor has received an opinion letter from the IRS dated March 31, 2008, stating that the prototype plan document was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan and the prototype plan document have been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. The Plan Administrator intends to correct insignificant operational errors in accordance with the Employee Plans Compliance Resolution System (EPCRS) in order to maintain the qualified status of the Plan. Therefore, the Plan Administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in process. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

Reclassifications: Certain 2009 balances have been reclassified to conform to the 2010 financial statement presentation.

Subsequent Events: The Plan Administrator has evaluated the financial statements for subsequent events occurring through September 27, 2011, the date the financial statements were available to be issued.

NOTE 2 - FAIR VALUE MEASUREMENTS

The Plan has categorized its assets that are measured at fair value into a three-level fair value hierarchy. The hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability

NOTE 2 - FAIR VALUE MEASUREMENTS (CONTINUED)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. In situations where there is little or no market activity for the assets or liability, the Plan makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Following is a description of the valuation methodologies used by the Plan for investment assets that are measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Collective Trust Funds: Valued at the unit value of the units of a bank collective trust held by the Plan at the reporting date. The unit value is based on the quoted prices of the underlying investments of the funds.

Mutual Fund Shares: Valued at the published net asset value (NAV) of the shares held by the Plan at the reporting date.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

Following is a summary, by major nature and risks class within each level of the fair value hierarchy, of the Plan's investment assets that are measured at fair value on a recurring basis as of December 31, 2010 and 2009:

2010	Level 1	Level 2	Total

There were no significant transfers between Level 1 and Level 2 investments during 2010.

At December 31, 2010 and 2009, the Plan had no other assets and no liabilities that are measured at fair value on a recurring basis.

NOTE 3 - UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the Plan's unaudited investment information which has been certified as complete and accurate as of and for the years ended December 31, 2010 and 2009, by Bank of America, N.A., the trustee of the Plan, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA:

NOTE 4 - INVESTMENT CONTRACT WITH TRUST COMPANY

The Plan invests in a benefit-responsive investment with Invesco National Trust Company, which maintains the investment in a collective trust fund. The trust is credited with earnings based on a fixed rate of interest and charged for participant withdrawals and administrative expenses. Invesco National Trust Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 1, because this investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment. Contract value, as reported to the Plan by Invesco National Trust Company, represents contributions made, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield rate based on actual earnings of the fund was approximately 2.39% for 2010 and 3.10% for 2009, and the average interest rate credited to participants was approximately 3.26% for 2010 and 3.89% for 2009.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) communications from the Plan's sponsor designed to induce participants to transfer from the fund, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 - PLAN AMENDMENTS

Effective January 1, 2009, the Plan Agreement was restated to comply with changes in the tax laws as required by the IRC, including provisions to comply with the Economic Growth Tax Relief Act of 2001, the Pension Protection Act of 2006, the Heroes Earnings Assistance and Relief Tax Act of 2008 and the Worker, Retiree, and Employer Recovery Act of 2008.

There were no amendments to the Plan Agreement in 2010.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by affiliates of Bank of America, N.A., the trustee of the Plan, and therefore, transactions in these investments qualify as exempt party-in-interest transactions under ERISA. Administrative expenses paid by the Plan to the Trustee and/or its affiliates totaled \$134,905 in 2010 and \$136,363 in 2009.

The Employer provides certain accounting, administrative, and investment management services to the Plan for which it receives no compensation.

Notes receivable from participants are permitted party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTITIES

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements to Form 5500 at December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	\$63,953,278	\$60,561,932
Adjustment from contract value to fair value for fully benefit-responsive investment contract	<u>932,807</u>	<u>633,360</u>
Net assets per Form 5500	<u>\$64,886,085</u>	<u>\$61,195,292</u>

The following is a reconciliation of net increase per the accompanying financial statements to Form 5500 for the year ended December 31, 2010:

Total net increase per the financial statements	\$ 3,391,346
Change in adjustment from contract value to fair value for fully benefit-responsive investment contract	<u>299,447</u>
Total net income per Form 5500	<u>\$ 3,690,793</u>

NOTE 9 - ACCOUNTING CHANGE

In September 2010, the Financial Accounting Standards Board issued an amendment to the Accounting Standards Codification (ASC) 962, *Reporting Loans to Participants by Defined Contribution Pension Plans*, which requires that loans made to participants from their plan account balances be reported as notes receivable from participants, rather than as investments. Accordingly, the Plan adopted ASC 962 and has reclassified participant loans as notes receivable from participants as of December 31, 2010. This change had no effect on the net change in the Plan's net assets available for benefits for the year ended December 31, 2010. The statement of net assets available for benefits as of December 31, 2009, has been retroactively adjusted to reflect such loans as notes receivable from participants. The statement of changes in net assets available for benefits for the year ended December 31, 2009, has been retroactively adjusted to reflect interest income on such loans as interest income on notes receivable from participants.
