INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Crockett Graphics, Inc. 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Crockett Graphics, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and 2009 and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules of: (1) Schedule H, line 4i-Schedule of Assets (Held At End of Year) and (2) Schedule H, line 4a-Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Massachusetts Mutual Life Insurance Company ("Mass Mutual"), a custodian of the Plan, and State Street Bank and Trust ("State Street"), the trustee and a custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodians and the trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from Mass Mutual and State Street as of December 31, 2010 and 2009 and for the year ended December 31 2010, that the information provided to the plan administrator by Mass Mutual and State Street is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodians and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crockett Graphics, Inc. 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1996, the Plan was established for the benefit of substantially all employees of Crockett Graphics, Inc. and its affiliates (collectively the "Employer"). The Plan is a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2010, the Plan was amended and restated to reflect various changes in laws and regulations. In addition, the Plan was amended to add Pelican Paper Co. LLC as a participating employer, effective May 1, 2010.

2. Eligibility

All employees are eligible for participation in the Plan upon attainment of age 21 and completion of six months of service, prior to the entry dates of January 1, April 1, July 1, or October 1. The plan includes an automatic enrollment provision by which eligible employees who do not affirmatively elect a deferral rate are automatically enrolled into the Plan at a default elective deferral rate of 4%.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of compensation, up to the maximum annual deferral limit per Section 402(g) of the Internal Revenue Code of $16,500 for the year ended December 31, 2010. Additional “catch-up” contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum “catch-up” contribution is $5,500 in 2010.

The Employer may make discretionary matching contributions in an amount equal to a percentage of the participant’s deferred compensation, not to exceed $1,500. During the Plan year, the Employer made matching contributions equal to 50% of deferred compensation up to a maximum of 4% of compensation, not to exceed $1,500. Employer matching contributions for the year ended December 31, 2010 were $113,357, net of applied forfeitures of $3,267.

The Employer may also elect to contribute a qualified non-elective contribution in an amount to be determined by the Employer, as amended. No qualified non-elective contributions were made during the year ended December 31, 2010.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Separate accounts are maintained for each participant's employee contribution, rollover, and Employer contribution balances. Employer qualified non-elective contributions, if any, are allocated to each participant in the ratio that their total compensation bears to all participants' total compensation. Earnings of the Plan are allocated to the participants' fund account balances on an individually directed basis in accordance with the Plan.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options offered by Massachusetts Mutual Life Insurance Company ("Mass Mutual") and State Street Bank and Trust ("State Street"). Participants may change their investment options daily.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to 50% of their vested balance not to exceed $50,000 less any outstanding loan balance. A participant may not exceed three loans at any time. Loans must be repaid within five years and bear interest at a rate of prime plus 2% per annum.

7. Vesting

Participant contributions, Employer qualified non-elective contributions, and rollover contributions plus actual earnings thereon are fully vested at all times. However, vesting of the discretionary Employer matching contribution portions of participant's accounts, plus actual earnings thereon is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Forfeitures

Forfeitures of terminated participants' non-vested accounts are applied against future Employer contributions. During the year ended December 31, 2010, forfeitures in the amount of $3,267 were applied against Employer matching contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $952 and $1,130, respectively.

9. Benefit Payments

Upon termination of service due to death, disability or retirement, a participant is entitled to 100% of their account balance. Upon termination of service for other reasons, a participant is entitled to their vested account balance. Benefit payments may be made as a lump-sum, partial lump-sum, installment payments or annuity distributions.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination of the Plan, all Employer contribution portions of the participants' accounts become fully vested, and the net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-25 (ASU 2010-25) *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires defined contribution plans to report loans to participants as notes receivable rather than plan investments subject to fair value reporting. ASU 2010-25 is effective for plan years ending after December 15, 2010. The Plan adopted ASU 2010-25 in 2010 and accordingly reclassified prior year participant loan balances from investments to receivables consistent with current presentation. However, ASU 2010-25 did not change the reporting requirements for the Form 5500, which requires plans to report participant loans as plan investments; accordingly these loans are reported as investments on the 2010 Form 5500.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Substantially all out-of-pocket administrative expenses of the Plan are paid by the Employer.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

8. Reclassifications

Certain amounts in prior year financial statements have been reclassified for comparative purposes to conform to presentation in the current year financial statements.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIANS AND TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Mass Mutual, a custodian, and State Street, the trustee and a custodian of the Plan, as complete and accurate, except for comparing such information certified by Mass Mutual and State Street to information included in the Plan's financial statements and supplemental schedules.

Total investments and notes receivable from participants held and certified by Mass Mutual and State Street in the accompanying statements of net assets available for plan benefits were $3,082,155 and $2,505,866 as of December 31, 2010 and 2009, respectively. The net investment income and interest income on notes receivable from participants certified by Mass Mutual and State Street for the year ended December 31, 2010 was $247,029.

Investments held by Mass Mutual and State Street that, in the aggregate, represent 5% or more of total net assets as of December 31, 2010 and 2009 are as follows:

	2010	2009
Thornburg International Value	$ 182,715	$ 148,946
Growth Fund of America	$ 192,469	$ 174,601
Premier Diversified Bond Fund	$ 264,283	$ 173,247
Small Cap Value II	$ 172,668	$ 104,562
Pioneer Cullen Value Fund	$ 198,741	$ 164,502
Janus Mid Cap Value Fund	$ 224,456	$ 163,910
Premier Money Market	$ 931,991	$ 883,184

During the year ended December 31, 2010, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $231,630. These investments consist of pooled separate accounts offered by Mass Mutual and State Street.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: The net asset value (NAV) of these accounts is based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Mass Mutual provides record keeping and custodial services to the Plan and State Street provides accounting, trustee and custodial services to the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - TAX STATUS

The Employer adopted a non-standardized plan which received its most recent favorable opinion letter from the Internal Revenue Service (IRS) on May 11, 2009, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving its most recent opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2007.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 15, 2011, the date the financial statements were available to be issued.

Effective July 15, 2011, the trustee of the Plan was changed from State Street Bank and Trust Company to Reliance Trust Company.

Effective January 1, 1996, the Plan was established for the benefit of substantially all employees of Crockett Graphics, Inc. and its affiliates (collectively the "Employer"). The Plan is a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2010, the Plan was amended and restated to reflect various changes in laws and regulations. In addition, the Plan was amended to add Pelican Paper Co. LLC as a participating employer, effective May 1, 2010.

2. Eligibility

All employees are eligible for participation in the Plan upon attainment of age 21 and completion of six months of service, prior to the entry dates of January 1, April 1, July 1, or October 1. The plan includes an automatic enrollment provision by which eligible employees who do not affirmatively elect a deferral rate are automatically enrolled into the Plan at a default elective deferral rate of 4%.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of compensation, up to the maximum annual deferral limit per Section 402(g) of the Internal Revenue Code of $16,500 for the year ended December 31, 2010. Additional “catch-up” contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum “catch-up” contribution is $5,500 in 2010.

The Employer may make discretionary matching contributions in an amount equal to a percentage of the participant’s deferred compensation, not to exceed $1,500. During the Plan year, the Employer made matching contributions equal to 50% of deferred compensation up to a maximum of 4% of compensation, not to exceed $1,500. Employer matching contributions for the year ended December 31, 2010 were $113,357, net of applied forfeitures of $3,267.

The Employer may also elect to contribute a qualified non-elective contribution in an amount to be determined by the Employer, as amended. No qualified non-elective contributions were made during the year ended December 31, 2010.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Separate accounts are maintained for each participant's employee contribution, rollover, and Employer contribution balances. Employer qualified non-elective contributions, if any, are allocated to each participant in the ratio that their total compensation bears to all participants' total compensation. Earnings of the Plan are allocated to the participants' fund account balances on an individually directed basis in accordance with the Plan.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options offered by Massachusetts Mutual Life Insurance Company ("Mass Mutual") and State Street Bank and Trust ("State Street"). Participants may change their investment options daily.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to 50% of their vested balance not to exceed $50,000 less any outstanding loan balance. A participant may not exceed three loans at any time. Loans must be repaid within five years and bear interest at a rate of prime plus 2% per annum.

7. Vesting

Participant contributions, Employer qualified non-elective contributions, and rollover contributions plus actual earnings thereon are fully vested at all times. However, vesting of the discretionary Employer matching contribution portions of participant's accounts, plus actual earnings thereon is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Forfeitures

Forfeitures of terminated participants' non-vested accounts are applied against future Employer contributions. During the year ended December 31, 2010, forfeitures in the amount of $3,267 were applied against Employer matching contributions. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $952 and $1,130, respectively.

9. Benefit Payments

Upon termination of service due to death, disability or retirement, a participant is entitled to 100% of their account balance. Upon termination of service for other reasons, a participant is entitled to their vested account balance. Benefit payments may be made as a lump-sum, partial lump-sum, installment payments or annuity distributions.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination of the Plan, all Employer contribution portions of the participants' accounts become fully vested, and the net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update 2010-25 (ASU 2010-25) *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 requires defined contribution plans to report loans to participants as notes receivable rather than plan investments subject to fair value reporting. ASU 2010-25 is effective for plan years ending after December 15, 2010. The Plan adopted ASU 2010-25 in 2010 and accordingly reclassified prior year participant loan balances from investments to receivables consistent with current presentation. However, ASU 2010-25 did not change the reporting requirements for the Form 5500, which requires plans to report participant loans as plan investments; accordingly these loans are reported as investments on the 2010 Form 5500.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

3. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Substantially all out-of-pocket administrative expenses of the Plan are paid by the Employer.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

8. Reclassifications

Certain amounts in prior year financial statements have been reclassified for comparative purposes to conform to presentation in the current year financial statements.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIANS AND TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Mass Mutual, a custodian, and State Street, the trustee and a custodian of the Plan, as complete and accurate, except for comparing such information certified by Mass Mutual and State Street to information included in the Plan's financial statements and supplemental schedules.

Total investments and notes receivable from participants held and certified by Mass Mutual and State Street in the accompanying statements of net assets available for plan benefits were $3,082,155 and $2,505,866 as of December 31, 2010 and 2009, respectively. The net investment income and interest income on notes receivable from participants certified by Mass Mutual and State Street for the year ended December 31, 2010 was $247,029.

Investments held by Mass Mutual and State Street that, in the aggregate, represent 5% or more of total net assets as of December 31, 2010 and 2009 are as follows:

	2010	2009
Thornburg International Value	$ 182,715	$ 148,946
Growth Fund of America	$ 192,469	$ 174,601
Premier Diversified Bond Fund	$ 264,283	$ 173,247
Small Cap Value II	$ 172,668	$ 104,562
Pioneer Cullen Value Fund	$ 198,741	$ 164,502
Janus Mid Cap Value Fund	$ 224,456	$ 163,910
Premier Money Market	$ 931,991	$ 883,184

During the year ended December 31, 2010, the Plan’s investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $231,630. These investments consist of pooled separate accounts offered by Mass Mutual and State Street.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: The net asset value (NAV) of these accounts is based on the market value of the underlying investments. The NAV is not a publicly quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

Mass Mutual provides record keeping and custodial services to the Plan and State Street provides accounting, trustee and custodial services to the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE G - TAX STATUS

The Employer adopted a non-standardized plan which received its most recent favorable opinion letter from the Internal Revenue Service (IRS) on May 11, 2009, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving its most recent opinion letter. However, the plan administrator and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Internal Revenue Code. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2007.

NOTE H - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through September 15, 2011, the date the financial statements were available to be issued.

Effective July 15, 2011, the trustee of the Plan was changed from State Street Bank and Trust Company to Reliance Trust Company.
