Plan Administrator
DHX-Dependable Hawaiian Express, Inc./
Our Best Assets, Inc. 401(k) Plan
19201 South Susana Road
Rancho Dominguez, California 90221-5710

Dear Plan Administrator:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the DHX-Dependable Hawaiian Express, Inc./Our Best Assets, Inc. 401(k) Plan (the "Plan") as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 5 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Documenting Oversight of Plan Operations (Repeating)

We noted that there were no minutes of meetings of a plan administrative committee (or equivalent) in 2010. If such meetings are held, it is a good idea to document those discussions to provide evidence of oversight by the Plan's fiduciaries. If there are no meetings, management may want to consider implementing a regular meeting schedule. Although such meetings need not be frequent, it is prudent to maintain evidence of periodic review of the Plan's operations, performance and investment options. Such documentation protects the plan sponsor and fiduciaries by providing a record of Plan oversight.

Fidelity Bond

ERISA requires that plan fiduciaries and persons handling funds or property must be covered by a bond equal to ten percent of funds handled, up to a maximum of $500,000. Furthermore, the Plan itself (as opposed to the Company) should be a named insured under the bond. In order to comply with the law, management should obtain a fidelity bond in the name of the Plan as soon as possible.

Employee Deferrals

During our testing we attempted to verify participants' deferral percentages with the record keeper and/or the Plan's management. Neither one of these two parties appears to be maintaining documentation of participants' deferral percentage or changes made thereto. We understand that participants are able to go online to change their deferral percentage at any time and the record keeper automatically updates the percentage in the payroll system. However, we recommend that Plan management ensure that proper documentation is maintained on file for all participant deferral percentages, including any change made, to ensure compliance with Department of Labor regulations.

This communication is intended solely for the information and use of the Plan's management and other authorized individuals within the plan, and is not intended to be and should not be used by anyone other than these specified parties.

If you have any questions, please contact Gregory Klein at (818) 769-2010.

Sincerely,

Miller, Kaplan, Arase & Co., LLP

Independent Auditors' Report

DHX-Dependable Hawaiian Express, Inc./
Our Best Assets, Inc. 401(k) Plan
19201 South Susana Road
Rancho Dominguez, California 90221-5710

We were engaged to audit the financial statements and supplemental schedule of the DHX-Dependable Hawaiian Express, Inc./Our Best Assets, Inc. 401(k) Plan as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by JP Morgan Chase Bank N.A. and State Street Bank and Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from State Street Bank and Trust Company as of December 31, 2009 and for the period from January 1, 2010 to June 24, 2010 and JP Morgan Chase Bank N.A. as of December 31, 2010 and for the period from June 25, 2010 to December 31, 2010 that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The DHX-Dependable Hawaiian Express, Inc./Our Best Assets, Inc. 401(k) Plan (the "Plan") is a defined contribution plan established to provide voluntary retirement benefits and tax-deferred savings opportunities to eligible employees of the Plan's sponsor, DHX-Dependable Hawaiian Express, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Officers and employees of the Company serve as the Plan's administrator. The specific provisions of the Plan are contained in the Plan document, which governs the legal operations of the Plan.

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive when initiating transactions under the terms of the Plan. The statements of net assets available for benefits are required to present the fair value of investment contracts as well as the adjustment of the fully benefit responsive investment contracts from fair to contract value. The Plan's investment in the State Street Corporation Stable Value Fund meets the definition of a fully benefit-responsive contract. The statements of net assets available for benefits present the fair value of the common/collective trust. The difference in the fair value and contract value is immaterial.

B. Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) recently issued ASU 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans – a consensus of the FASB Emerging Issues Task Force, clarifying the classification and measurement guidance on participant loans of a defined contribution pension plan. The ASU requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balance plus accrued unpaid interest. This guidance is a change to the requirement to classify participant loans as investments recognized in accordance with ASC 820, Fair Value Measurements Disclosures. The new guidance is effective for fiscal years ending after December 15, 2010 and must be applied retroactively. The Plan adopted this new guidance for the Plan year ended December 31, 2010.

D. Investment Valuation and Income Recognition

GAAP establishes a fair value hierarchy that prioritizes valuation inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition (Continued)

Level 1 – Inputs are quoted prices in active markets.

Level 2 – Inputs are based on quoted prices for similar instruments and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data.

Level 3 – Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability.

The following tables summarize the Plan's investments based on the inputs used to value them:

	December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Bond/Fixed Income	$ 246,034	$ -	$ -	$ 246,034

	$ 1,205,031	$ 538,210	$ -	$ 1,743,241

Level 1 investments consist of mutual funds valued at their quoted market prices. Level 2 investments comprise a common/collective trust valued at net asset value. The common/collective trust provides its participants with a medium for collective investment and reinvestment in one or more bank, insurance company or synthetic investment contracts, and

in short term investments or other collective investment funds. Shares of the common/collective trust may be redeemed any time at contract value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares for the common/collective trust.

Valuations are furnished by the trustees. Purchases and sales of securities are recorded on the trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

E. Eligibility

Employees are eligible to participate in the Plan after six months of service. Participants may enter the Plan on the first day of the next calendar quarter after meeting the eligibility requirements.

F. Contributions and Vesting

Participants may contribute to the Plan through tax-deferred salary deductions of 1% to 90% of eligible compensation, as defined in the Plan, up to the statutory maximum as determined by the Internal Revenue Code ("Code"). Catch up contributions are allowed. Participants' rights to voluntary contributions, rollover contributions and earnings thereon are 100% vested immediately upon contribution. The Company may make matching contributions at its discretion; no matching contributions were made for 2010. Participants are always 100% vested in employer matching contributions.

G. Notes Receivable from Participants

At the discretion of the Plan administrator, a participant may borrow up to the lesser of 50% of his or her vested account balance or $50,000. The minimum loan is $1,000. The term of the loan may not exceed five years, except when loan proceeds are used to purchase the participant's principal residence. Loans bear interest at prevailing market rates. Notes receivable from participants at December 31, 2010 carry interest rates ranging from 4.25% to 8.5%.

H. Distributions and Withdrawals

Each participant's share of the net assets of the Plan is allocated to an individual account. Vested benefits are payable upon termination, death or retirement. Additionally, a participant may withdraw vested amounts from his or her account prior to termination of employment with the Company after age 59½, or prior to that age for financial hardship (as defined in the Plan).

I. Retirement Age

Normal retirement age is 65. Early retirement is allowed at age 55 with five years of service.

NOTE 1 - DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Administrative Expenses

Most administrative expenses are paid by the Company.

K. Risks and Uncertainties

The Plan provides for various investment options in any combination of investments offered by the Plan. Investments are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with investments, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 2 - INCOME TAX STATUS

The Plan was designed under a Prototype Non-Standardized Profit Sharing Plan, which has received a favorable opinion letter issued by the Internal Revenue Service on March 31, 2008, stating that it is acceptable under Section 401(a) of the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted guidance on accounting for uncertainty in income taxes issued by the FASB. Management believes that the Plan has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. The Plan files information returns annually. As of December 31, 2010, information returns for years subsequent to 2006 were subject to examination by authorities.

NOTE 3 - INVESTMENT FUNDS

All amounts in each participant's account are invested and reinvested as elected by participants from among the investment funds made available by the Plan's administrator. Participants may change how their accounts are allocated daily.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and net assets would be distributed based upon the participants' account balances at that time.

NOTE 5 - FINANCIAL INFORMATION CERTIFIED BY JP MORGAN CHASE BANK N.A. AND STATE STREET BANK AND TRUST COMPANY

In accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, all of the investment information, including investment income, shown in the accompanying financial statements and supplemental schedule has been certified as complete and accurate by the trustees of the Plan.
