As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated July 29, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Frontier Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the 2010 financial statements and supplemental schedule. We have been informed by the Plan administrator the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

## Note 1 - Description of Plan

The following brief description of the Ireland Bank 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document, as amended, for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan covering substantially all employees of Ireland Bank (the Bank) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is sponsored by the Bank and is administered by Ascensus.

### Eligibility

All employees of the Bank are eligible to participate in the Plan upon attaining age 18 and completing 3 months of service. Participants are eligible to receive discretionary matching contributions and discretionary profit sharing contributions after completing at least 1,000 hours of service and if they are employed on the last day of the Plan year. The eligibility requirements for the discretionary contributions are waived upon attainment of normal retirement age, death, or disability.

### Entry Date

Employees may enter the Plan immediately upon meeting the age and service requirements.

### Contributions

Participation in the Plan is voluntary. Each year, participants may contribute up to the maximum allowable of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Bank provides for a discretionary matching contribution determined by the Bank each year. Profit sharing contributions may be contributed at the discretion of the Bank's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2010. Participants may also contribute amounts representing distributions from other qualified plans.

### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's contribution, (b) Plan earnings, and (c) expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Investment Options

Participants may direct the investment of their account balances into various investment options offered by the Plan.

**Vesting**

Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Bank contributions is based on years of continuous service. A participant is 100% vested after six years of credited service or upon attainment of normal retirement age, death, or disability. In the event of termination of employment or early retirement, vesting is based on years of covered service in accordance with the Plan agreement.

**Forfeitures**

Forfeitures of terminated participants' nonvested accounts will be used to offset future employer contributions. During the year ended December 31, 2010, forfeitures allocated to participants totaled $43,146. As of December 31, 2010 and 2009, there were no forfeited nonvested account balances.

**Payment of Benefits**

On retirement or termination of service, a participant has the option to receive the distribution of his account balance pursuant to the Plan agreement and vesting schedule. Benefit payments are in the form of either lump-sum or partial payments.

**Death Benefits**

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

**Other**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

## Note 2 - Significant Accounting Policies

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

**Investment Valuation**

The Plan's investments are reported at fair value as certified by the Plan's trustee, Frontier Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an

orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as those held during the year.

**Payment of Benefits**

Benefit payments to participants are recorded upon distribution.

**Administrative Expenses**

Expenses with regard to the operation and administration of the Plan are paid by the Bank.

**Subsequent Events**

The Plan has evaluated subsequent events through August 25, 2011, which is the date the financial statements are available to be issued.

## Note 3 - Investments

The Plan's investments representing 5% or more of the Plan's net assets available for benefits at December 31 consist of the following:

| | 2010 | 2009 |
|---|---|---|
| Mutual Funds: | | |
| GM Black Rock Equity Dividend Fund | $ 387,339 | $ 334,622 |
| PIMCO Total Return Port Inst | ** | 200,959 |
| Delaware Diversified Income Fund Class R | 214,576 | 190,659 |
| Thomburg International Value Fund CI R3 | 185,161 | 178,406 |
| GM American Funds Growth Fnd of Amer R2 | 288,046 | 250,010 |
| GM Delaware Diversified Income Fund Class | 196,839 | 186,248 |

| Common Collective Trust: | | |
| Retirement Preservate Trust | 232,994 | 223,678 |

** Investment balance less than 5% of the Plan's net assets for the applicable year

During the year ended December 31, 2010, the appreciation in fair value of the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), was attributed to mutual funds.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

## Note 4 - Fair Value Measurements

Topic ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value (see Note 4). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009. The methodology of the Retirement Preservation Trust has changed at December 31, 2010.

Mutual Funds: Valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

Retirement Preservation Trust: This is a common collective trust investment fund that is in liquidation as of year-end. The liquidation is at contract value of the fully benefit responsive contracts, due to exercising the wrap contracts held by the fund and additional liquidity guarantees made by Bank of America. The Retirement Preservation Trust maintains a NAV of $1.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value:

| | December 31, 2010 | | | |
|---|---|---|---|---|

Financial Accounting Standards Board Update 2009-12, Fair Value Measurement and Disclosure (Topic 820): Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent) requires disclosures of certain attributes in entities that calculate a net asset value per share (or its equivalent) and do not have a readily determinable fair value. As previously disclosed, the Retirement Preservation Trust, a collective investment fund, was valued using NAV. The Retirement Preservation Trust's objective is to protect principal while providing a higher rate of return than shorter maturity investments such as money market funds or certificates of deposit. At December 31, 2010 and 2009 there were no unfunded commitments and the investments were subject to redemption daily with no additional notice period required. The fund was terminated and paid out on March 1, 2011. Fair value is presented above.

**Changes in Fair Value Levels**

The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2010, there were not significant transfers in or out of levels 1, 2, or 3.

## Note 5 - Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Frontier Trust Company.

The Plan trustee has certified its statement of accounts as of December 31, 2010 and for the year then ended. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

## Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Ascensus. Ascensus received an opinion letter from the IRS, dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

## Note 7 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

## Note 8 - Party in Interest Transactions

The Plan invests in a collective investment fund managed by Bank of America, N.A. Bank of America, N.A. owns Merrill Lynch Bank & Trust, Co., which is a service provider of the Plan and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
