BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2010 and 2009

Note 1. DESCRIPTION OF THE PLAN

The following description of the Bay Federal Credit Union 401(k) Plan and Trust ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Bay Federal Credit Union (the Employer), who are over the age of 20 and have completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2010 the new safe harbor plan instituting a Qualified Automatic Contribution Arrangement ("QACA") that was put into effect as of January 1, 2009 has been discontinued. The QACA matched up to 4% of participants' eligible compensation and automatically enrolled employees who were not already Plan participants unless they formally elect to not participate in the Plan prior to their Plan eligibility date. Participants become fully vested in matching contributions under the new plan after completing two years of service.

Contributions

The Employer can match and make discretionary payments to the Plan at the option of the Board of Directors. Participants may elect to contribute up to the maximum amount allowable, not to exceed \$16,500 (\$22,000 if over 50 years of age) in 2010 and 2009.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Employer's matching contribution, and Plan earnings, and charged with withdrawals and Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of CUNA Mutual Pension Saver Accounts, including Guaranteed Investment Contracts, Fixed Deposit Administration Account, and the following mutual fund categories: Small Company Growth, Socially Responsible, Technology, Aggressive Allocation, Bonds, Conservative Allocation, Diversified Income, Large Cap, Mid Cap, Moderate Allocation, and Target Retirement Date.

BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2010 and 2009

Note 1. DESCRIPTION OF THE PLAN (Continued)

Plan Administration Costs

The Employer absorbs certain Plan administration costs, including the annual fee paid to the custodian, CUNA Mutual Group ("CUNA"), and the cost of the annual financial statement audit.

Vesting

Participants are immediately vested in the Employer's safe harbor contributions and their own contributions, plus actual earnings thereon. For the portion of their accounts which represent the Employer's matching contributions prior to January 2009, plus actual earnings thereon, vesting is based on years of continuous service whereby participants are 100% vested after five years of credited service, at the rate of 20% per year. For the 2009 QACA safe harbor matching contributions, vesting is based on years of continuous service whereby participants become 100% vested only after completing two years of credited service.

Forfeited Accounts

At December 31, 2010 and 2009, unallocated non-vested accounts totaled \$10,672 and \$5,580, respectively. Amounts forfeited by terminated participants will be used to reduce future employer contributions. During the years ended December 31, 2010 and 2009, forfeitures of \$9,432 and \$75,195 were used to reduce employer contributions.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The current rate of interest on loans is the Internal Revenue Service's Applicable Federal Rate which is appropriate for the term of the loan; that rate changes from month to month. Interest rates ranged from .41% to 5.09% in 2010 and from .69% to 5.09% in 2009. The balance in the participant's account secures the loans. All balances are due and payable in their entirety upon a participant's termination, retirement or death.

BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2010 and 2009

Note 1. DESCRIPTION OF THE PLAN (Continued)

Distributions

The Plan may make distributions to the participants in the event of termination of employment, retirement, attainment of age 59 ½, death, disability, or financial hardship.

On termination of service before retirement a participant will only be entitled to that portion of the vested interest in their account. If the vested interest is over \$1,000, the participant may leave his/her funds in the Plan until he/she elects to have a distribution. If the terminated participant's vested account is not over \$1,000, the Plan may distribute that portion in a lump-sum amount without the participant's consent.

The participant may choose to receive payment in the form of a lump-sum distribution of the participant's vested account balance, installments, or any other form of payment that is permitted under the Plan.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Participant loans are valued at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation

The Plan's investments are stated at fair value. Investments in mutual funds are valued at the closing composite price published for the last business day of the year. The fair value of the guaranteed investment contract ("GIC") is calculated by discounting the expected cash flows to the valuation date using current credited rates for similar GICs issued by CUNA.

BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

**NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2010 and 2009**

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Transactions and Income Recognition

Investment transactions are accounted for on the trade date. Dividend income is accounted for on the ex-dividend date. Interest income is recorded on the accrual basis as earned. Total income of each fund is allocated monthly to participants' accounts within the fund based on the participant's relative beginning balance.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Reclassification

Certain reclassification has been made to the 2009 Statement of Net Assets Available for Benefits to conform to the 2010 presentation. This reclassification had no effect on previously reported Net Change in Net Assets Available for Benefits.

	<u>\$ 6,480,629</u>	<u>\$ 5,576,955</u>

Note 4. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2010 and 2009

Note 4. FAIR VALUE MEASUREMENTS (Continued)

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1: The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 3: The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using an income approach by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

December 31, 2010

	Level 1	Level 3	Total
Investments, at fair value:

	<u>\$ 33,522</u>	<u>\$ 38,807</u>

Note 5. CERTIFIED INFORMATION

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income, and the schedule of assets held for investment purposes at end of year have been derived from information certified as complete and accurate by CUNA Mutual Insurance Society, the trustee of the Plan, in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

Note 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2010 and 2009

Note 7. TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated July 16, 2010, that the form of the Plan is designed in accordance with applicable sections of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Financial Accounting Standards Board (FASB) issued guidance that clarifies the accounting for uncertainty in income taxes recognized in the Plan's financial statements. In addition, the guidance prescribes a comprehensive model for recognizing, measuring, presenting, and disclosing in the financial statements tax positions taken or expected to be taken on a tax return, including positions that the Plan is not subject to income taxes. In addition, it provides guidance on derecognition, classification, interest and penalties, accounting for interim periods, disclosure, and transition. Only tax positions that meet the more likely than not recognition threshold at the effective date may be recognized upon adoption of guidance.

As of December 31, 2010, the Company has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan's tax years 2008 through 2010 remain open and could be subject to examination by tax jurisdictions.

Note 8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are invested with CUNA Mutual Life Insurance Company and CUNA Mutual Insurance Society which are both part of CUNA Mutual Group (CUNA). CUNA is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred for investment management services, if any, were paid by the Plan.

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation and financial reporting of the Plan. The Company pays these individuals salaries and also pays other administrative expense on behalf of the Plan. Certain fees, to the extent not paid by the Company, are paid by the Plan.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory and administrative exemptions from the Code and ERISA's rules on prohibited transactions.

BAY FEDERAL CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Years Ended December 31, 2010 and 2009

Note 9. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan has entered into benefit-responsive investment contracts with CUNA Mutual Insurance Society ("the Issuer") which were composed of a Deposit Administration Account and a Guaranteed Investment Account. The Issuer maintains contributions to these accounts in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits.

Contract value, as reported to the Plan by CUNA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the Deposit Administration Account at December 31, 2010 and 2009 was \$1,014,739, and \$1,156,906, respectively. The average yield and crediting interest rates for this account in 2010 and 2009 were 2.93% and 3.43% respectively. The fair value of the Guaranteed Investment Account at December 31, 2010 and 2009 was \$17,743 and \$7,336, respectively. The average yield and crediting interest rates for this account in 2010 and 2009 were 3.35% and 3.80% respectively.

There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events limit the Plan's ability to transact at contract value with the Issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.
