To the Plan Administrator
Crescent Credit Union Money Purchase Pension Plan
Brockton, MA 02303

We were engaged to audit the accompanying statements of net assets available for benefits of the Crescent Credit Union Money Purchase Pension Plan as of December 31, 2010 and 2009 and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held for investment purposes as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Reliance Trust Company, the trustee, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Reliance Trust Company holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Reliance Trust Company as of December 31, 2010 and 2009 that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we were unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by Reliance Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CRESCENT CREDIT UNION MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE A - DESCRIPTION OF PLAN

The following description of the Crescent Credit Union Money Purchase Pension Plan ("plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

1. General: The plan is a non-contributory, defined contribution plan which covers substantially all employees of Crescent Credit Union ("Credit Union") who have completed one year of service and are at least age 21. The plan is subject to the provisions of ERISA.

2. Contributions: The Credit Union makes quarterly contributions to the plan based on 7.5% of each eligible participant's compensation plus 4.3% of compensation in excess of the Social Security Integration Level. Participants direct the investment of their account into various investment options offered by the plan. Participants may also contribute amounts representing direct rollover distributions from other qualified defined benefit or contribution plans.

3. Participant Accounts: Each participant's account is credited with a) the Credit Union's contributions, b) plan earnings, and c) the participant's contributions from rollovers, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are immediately vested in their direct rollover contributions plus actual earnings thereon. Vesting in the Credit Union contributions of their accounts plus earnings, if any, thereon is based on years of continuous service. A participant is 100% vested in their Credit Union contributions after six years of credited service. In addition, a participant's vesting percentage increases to 100% if, while employed with the Credit Union, the participant dies or terminates employment due to becoming disabled.

5. Payment of Benefits: Upon termination of service, a participant may elect to receive the vested interest of their account in the form of a single lump sum distribution or as an annuity.

6. Forfeited Accounts: At December 31, 2010 and 2009, forfeited non-vested accounts totaled approximately $33,000 and $23,000, respectively. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The plan invests in investment contracts through a common collective trust, the Gartmore Stable Value Fund ("CCT"). The CCT's contract value is a relevant measurement attribute since the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. See note C for discussion of fair value measurements. The plan's CCT contract value is estimated to reasonably approximate its fair value as of December 31, 2010 and 2009. As such, no adjustment from contract value to fair value has been recorded.

Use of Estimates: The preparation of financial statements in conformity with accounting principles accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of Benefits: Benefits are recorded when paid.

Administrative Expenses: The plan sponsor has absorbed many of the administrative costs of the plan.

Subsequent Events: The Plan has evaluated subsequent events through the date of this report, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.
Common/ Collective Trust: Value is determined by each fund's trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of shares held by the Plan at year end. The investment in the trust is a public investment security valued using the NAV provided by State Street. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments that are traded on an active market. The investment in the trust is carried at fair value based on the closing price in a publicly traded active market. Unit values are determined by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The unit values of the fund were $22.70 and $22.22 on December 31, 2010 and 2009, respectively.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, a summary of the plan's investments measured at fair value on a recurring basis at December 31, 2010 and 2009.

NOTE D – INVESTMENTS (CONTINUED)

During the years ended 2010 and 2009, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year then ended) appreciated in value by $288,057 and $402,775, respectively, as follows:

	2010	2009
Registered Investment Companies	$ 280,577	$ 396,720
Common Collective Trusts	7,480	6,055
	$ 288,057	$ 402,775

NOTE E - INFORMATION CERTIFIED BY TRUSTEE

The following information was provided to the plan administrator, and certified as complete and accurate as of December 31, 2010 and 2009 and for the years then ended, by Reliance Trust Company, the trustee of the plan. The information was used in the preparation of the financial statements and related supplemental schedule by the plan administrator as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

a. Investments
The cost and fair value of investments, in the aggregate and by fund, at December 31, 2010 and 2009.

b. Interest Income
The amount of interest and dividend income received by the plan as of December 31, 2010 and 2009, and for the years then ended.

c. Net Appreciation (Depreciation)
The amount of net appreciation (depreciation) in the fair value of investments by fund for the plan for the years ended December 31, 2010 and 2009.

d. Investment Transactions
All purchases and sales of investments during 2010 and 2009 including the gain or loss on sales.

e. Supplemental Schedule
The information provided on the Supplemental Schedule of Assets Held for Investment Purposes as of December 31, 2010.

NOTE F - TAX STATUS

The plan was restated effective January 1, 2010 and is an adoption of a volume submitter profit-sharing plan with CODA sponsored by Benefit Management Inc. That plan obtained its latest determination letter dated November 19, 2001, in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving that determination letter. The plan administrator, plan management and plan's tax counsel believe the plan is currently designed and being operated in compliance with applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

Benefit Management, Inc. provides certain record-keeping services to the plan. Fidelity Investments provides investment transaction services to the plan. Therefore, transactions between the plan and Benefit Management, Inc. and Fidelity Investments qualify as party-in-interest transactions. Fees paid by the plan for record-keeping and investment transaction services amounted to approximately $4,500 and $3,400 for the years ended December 31, 2010 and 2009, respectively, plus additional amounts included as a reduction of the returns earned on the investments.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the plan to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE I - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
