NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE A – DESCRIPTION OF PLAN

The following description of the ImpactRx, Inc. ("Company") 401 (k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have eligible service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan has a favorable determination letter from the Internal Revenue Service dated March 31, 2008.

Basis of Accounting. The financial statements are prepared on the accrual basis of accounting. See Note E regarding fair value measurements.

Contributions. Each year, participants may contribute a portion of their compensation to the plan, to a maximum of \$16,500 for 2010 and 2009. If the participant is over the age of 50, a catch-up contribution of \$5,000 may be made for the calendar year. The Company will allocate the amount the participant elects to defer to an account maintained on the participant's behalf. The Company may make a profit sharing contribution at its discretion.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and charged with an allocation of administrative expenses on the last day of each plan year. Allocations are based on participant compensation, including overtime, bonuses and commissions, for the portion of the plan year in which the employee is actually a participant in the plan. These accounts are self-directed accounts.

Vesting. Participants are immediately vested in their contributions. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's profit sharing contributions at the end of 6 years of service.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual or annual installments over a period of not more than your assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Should the plan terminate all amounts not previously 100% vested will become 100% vested and benefits will be paid in accordance with normal distribution policies for the plan.

See the accompanying independent auditors' report.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE A – DESCRIPTION OF PLAN

The following description of the ImpactRx, Inc. ("Company") 401 (k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have eligible service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan has a favorable determination letter from the Internal Revenue Service dated March 31, 2008.

Basis of Accounting. The financial statements are prepared on the accrual basis of accounting. See Note E regarding fair value measurements.

Contributions. Each year, participants may contribute a portion of their compensation to the plan, to a maximum of \$16,500 for 2010 and 2009. If the participant is over the age of 50, a catch-up contribution of \$5,000 may be made for the calendar year. The Company will allocate the amount the participant elects to defer to an account maintained on the participant's behalf. The Company may make a profit sharing contribution at its discretion.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and charged with an allocation of administrative expenses on the last day of each plan year. Allocations are based on participant compensation, including overtime, bonuses and commissions, for the portion of the plan year in which the employee is actually a participant in the plan. These accounts are self-directed accounts.

Vesting. Participants are immediately vested in their contributions. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's profit sharing contributions at the end of 6 years of service.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual or annual installments over a period of not more than your assumed life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Should the plan terminate all amounts not previously 100% vested will become 100% vested and benefits will be paid in accordance with normal distribution policies for the plan.

See the accompanying independent auditors' report.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.
