401(k) Profit Sharing Plan
Notes to Financial Statements

Note 1 – Summary of Plan Provisions:

The following brief description of the J. Fletcher Creamer & Son, Inc. 401(k) Profit Sharing Plan (the Plan), sponsored by J. Fletcher Creamer & Son, Inc. (the Company), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. Description of Plan – The Plan is a defined contribution plan covering all employees of J. Fletcher Creamer & Son, Inc. and Creamer Management Corporation who have reached the age of twenty-one, are not covered by a collective bargaining agreement which provides for retirement benefits, and have completed three months of consecutive service. Employees who have reached the age of twenty-one are eligible to receive a profit sharing contribution upon completion of 1,000 hours of service. Employees who have reached the age of twenty-one are eligible to receive a safe harbor contribution upon completion of 1 year of consecutive employment and 1,000 hours of service. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA) and all the requirements of Sections 401(a) and 401(k) of the Internal Revenue Code.
- B. Contributions – Pre-tax employee contributions are made pursuant to salary deferral agreements. The minimum percentage of compensation a participant may elect to defer is 1% and the maximum is 80%. The Company provides for a safe harbor contribution based on 3% of eligible compensation. The Plan provides for discretionary contributions as determined by the Company.

The Plan sponsor has elected to make discretionary contributions in the amount of \$614,041 and \$-0- for the years ended December 31, 2010 and 2009, respectively.
- C. Rollovers – The Plan allows participant employees to make rollover contributions of amounts received from other qualified approved retirement plans, provided they are made within 60 days of receipt of such amounts by an employee.
- D. Notes Receivable From Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balance whichever is less. Loan terms can range from 1-5 years or some reasonable period in excess of 5 years if the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. The Plan allows only one outstanding loan.

Note 1 – Summary of Plan Provisions (Continued):

- E. Vesting – Participants are immediately vested in their voluntary contributions and employer safe harbor contributions plus actual earnings thereon. For the discretionary contribution, the Plan provides for participants to vest in their account balance as follows:

2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

- F. Participant Accounts – Each participant's account is credited with an allocation of (a) the participant's contributions, (b) the Company's contributions, (c) Plan earnings, (d) forfeitures of terminated participants' non-vested account and charged with an allocation of administrative expenses, if any, that are incurred by the Plan. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.
- G. Forfeited Accounts – At December 31, 2010 and 2009 forfeited non-vested accounts which are invested in the Guaranteed Portfolio Fund, totaled \$252,115 and \$44,033 respectively. In 2010, the Plan's trustees elected to use \$126,000 of forfeitures to offset the profit sharing contribution. The remaining balance has been reallocated to the participant's in the same manner as employer contributions.
- H. Benefits Upon Termination of Employment – At the time a participant is entitled to receive a distribution under the Plan, the administrator will direct the trustee to pay available benefits in a lump-sum distribution.
- I. Reclassifications – Certain reclassifications have been made to the prior year amounts in order to conform to the current year presentation.
- J. Investment – Upon enrollment in the Plan, a participant may direct employee contributions in varying percentage increments in any of the following investment options:

Vanguard International Value Portfolio Fund – The Fund seeks to provide long-term capital appreciation. The Fund invests mainly in common stocks of companies located outside the United States that are considered by an advisor to be undervalued.

T. Rowe Price Real Estate Fund – The Fund seeks long-term growth through a combination of capital appreciation and current income. The fund normally invests at least 80% of its assets in the equity securities of real estate companies.

Goldman Sachs Mid Cap Value Fund – The Fund seeks long-term capital appreciation. The Fund normally invests at least 80% of its assets in equity securities, typically with market capitalizations within the range of the market capitalization of companies in the Russell Midcap Value Index.

Note 1 – Summary of Plan Provisions (Continued):

American Funds Growth R4 Fund – The Fund seeks capital growth by investing in common stocks. The Fund primarily invests in high potential growth companies. It may also invest up to 15% of its assets in securities of issuers domiciled outside the United States and Canada and not included in Standard & Poor's 500 Composite Index.

BlackRock Large Cap Value A Fund – The Fund seeks long term capital growth. The Fund invests at least 80% of its assets in equity securities of large cap companies the adviser selects from among those that are, at the time of the purchase, included in the Russell 1000 Value Index.

T. Rowe Price International Discovery Fund – The Fund seeks long-term growth of capital. The Fund expects to invest substantially all of its assets outside the U.S. and to diversify broadly among developed and emerging countries throughout the world.

Fidelity Advisor Leverages Co STK Fund – The Fund investment seeks capital appreciation. The Fund invests at least 80% of its assets in stock issued by both domestic and foreign issuers. It normally invests in common stocks of leveraged companies (companies that issue lower-quality debt and other companies with leveraged capital structures).

Neuberger Berman Partners Fund – The Fund seeks growth of capital. The Fund invests mainly in common stocks of mid- to large-capitalization companies. It seeks to reduce risk by diversifying among many companies and industries.

Loomis Sayles Bond Fund – The Fund seeks high total investment return through a combination of current income and capital appreciation. The Fund normally invests at least 80% of its assets in fixed-income securities.

Goldman Sachs High Yield Fund – The Fund seeks current income; capital appreciation is a secondary consideration. The Fund normally invests at least 80% of its assets in fixed-income securities that are non-investment grade securities.

Columbia Small Cap Value I Fund A – The Fund seeks long-term capital growth. The fund invests mainly in assets such as common stocks issued by domestic companies with market capitalization equal or less than the largest stock in the Russell 2000 Value Index.

AIM Energy Inv – The investments seeks capital growth. The Fund invests mainly in equity securities of energy-related industries.

Alger Small Cap Growth Institutional Fund I – The Fund seeks long-term capital growth. The Fund invests at least 80% of its total assets in securities of small capitalization companies.

Note 2 – Summary of Significant Accounting Policies:

A. Investment Valuation and Income Recognition:

Investments are reported at fair value except for its investments in life insurance policies which are valued based on the policies' cash surrender value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

B. Notes Receivable from Participants:

Loans to participants are reported at their unpaid balances plus any accrued but unpaid interest.

C. Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2 – Summary of Significant Accounting Policies (Continued):

D. Plan Expenses:

The Plan is sponsored by the employer. Personnel within the Company organization perform some administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. Certain administrative expenses of the Plan, including trustee fees, are paid by the Company and investment fees are deducted from the participant's accounts.

E. Payment of Benefits:

Benefits are recorded when paid.

F. Accounting For Uncertainty In Income Taxes:

In accordance with guidance issued by the Financial Accounting Standards Board (FASB) on accounting for uncertainty in income taxes, management has evaluated the Plan's tax position and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.

G. Subsequent Events:

The Company has evaluated subsequent events through September 26, 2011, the date on which the financial statements were available to be issued.

Note 3 – Fair Value Measurement:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of inputs other than quoted prices that are observable for similar assets or liabilities in active markets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Level 1 – Fair Value Measurements:

The fair value of mutual funds is recorded at the net asset value ("NAV") of the shares held.

Note 3 – Fair Value Measurement (Continued):

Level 2 – Fair Value Measurements:

The fair value of fixed annuities are recorded using the reported values for fixed annuity options based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Level 3 – Fair Value Measurements:

The fair value of life insurance policies are recorded at the cash surrender value ("CSV") of the policy investment.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2010 and 2009, respectively:

Note 5 – Cash Surrender Value of Participants' Life Insurance:

The following represents the cash surrender value of the investments in life insurance policies at December 31, 2010 and 2009. Investments that represent 5% or more of the Plan's assets are separately identified.

A. Investments Held in Life Insurance Policies:

	<u>2010</u>	<u>2009</u>
Investments at Cash Surrender Value :		
The Prudential life insurance policy	\$ 1,157,245	\$ 1,121,623

B. Net Appreciation in Cash Surrender Value:

	<u>2010</u>	<u>2009</u>
Appreciation In Cash Surrender Value of participants' life insurance	<u>\$ 137,952</u>	<u>\$ 116,971</u>

The Plan, up through December 31, 2006, allowed for a participant to elect having part of his or her account invested in life insurance. The life insurance insures the participant's life and/or the lives of others in whom the participant has an insurable interest and on whose life the participant elects to purchase such insurance. Any dividends or credits earned on insurance contracts are allocated to the participant's account. The premiums on the insurance contracts are charged to each participant's account. As of January 1, 2007 the Plan no longer provides for the purchase of life insurance.

Note 6 – Tax Exempt Status:

The Plan adopted a Volume Submitter Profit Sharing Plan sponsored by Preferred Pension Planning. The Volume Submitter Profit Sharing Plan has received an opinion letter dated March 31, 2008 from the Internal Revenue Service (IRS) as to the Volume Submitter Profit Sharing Plan's qualified status. The Volume Submitter Profit Sharing Plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7 – Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will become 100 percent vested in their accounts.

Note 8 – Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Party-in-Interest Transactions:

Certain Plan investments are held by the custodian, Great West Life & Annuity Insurance Company. Any transactions involving Great West Retirement Services are therefore considered party-in-interest transactions. There were no fees paid by the Plan for investment management services for the year ended December 31, 2010 or 2009. These fees are paid directly by the Plan sponsor.
